IN AN INSTANT.....

Sometimes we get so busy with work and our lives that we forget the really important things. The really big things that we take for granted.

My moment happened on the first day of May this year, when my son in law called and said they are life fighting Rachel to Research Hospital (one of the two trauma hospitals in Kansas City). I said ha ha and he said you need to get there now, I am on my way. He told me she had flipped her RZR and they had to cut her out.

For a minute I couldn't breathe. Then I started making deals with God. I got there just as the paramedics in the helicopter were carrying their equipment back out. Bud and my other daughter arrived shortly after me. Sitting in that room together waiting for them to come out and give us any news seemed like a lifetime.

When they finally said one of us could go back, Bud was kind enough to say you go first, you're her mom. Walking in and seeing my daughter with blood on her face and machines hooked up to her took my breath away again. Her first words to me were, "Mom, I thought I was going to die."

She will mend in the next 12 weeks, but the scars will forever remind me of how close I came to losing my baby.

So no stories about trucks or life, just a reminder to never take those you love for granted, always tell the ones you love how much you love them even if you are mad, to hug your children tight no matter how old they get, and to remember that in an instant everything you love can be taken away.

Becky

PART	ILL#	DESCRIPTION	APPLICATION	REQD	PRICE
38-9857	(1)	CHROME BUMPER PREMIUM	"A" CHEVY GMC 73-80	(1)	\$199.95*

Part Number You Order

-T After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$150.00 charge for delivery in the 48 contiguous United States. Orders outside of 48 states will be quoted. Due to packing and/or transportation requirements, please allow additional time for delivery.

-Z Remanufactured Part - Core charge will be applied then refunded after receipt of a rebuildable core.

-R Remanufactured Part - No core charge.

Color Suffixes

-BL Black
-LL Blue
-GR Gray
-LG Light Gray
-RD Red
-TN Tan

Illustration Reference Number

Product illustrations are for representation purposes only. Products supplied may vary from illustrations.

Description Of Part

Special Note About Part

On the description line of part you see "A", this means there is a special note about this particular part. At the bottom of the section the part appears on you will find a shadow box that will describe to you what the special note for this part is.

Application

Model and year this part fits, i.e. Chevy GMC 1973-80.

Throughout this catalog, the application line of the part number describes which model of GM Truck that particular part will fit. The models this catalog covers are 1973-87 2WD, 4WD, 1/2 ton and 3/4 ton trucks and 1973-89 2WD 3/4 ton Crew Cab and 1973-91 1 ton Crew Cab truck models. Because not everyone can identify their truck by these model descriptions, here is an example of what each letter and number that appears on the description line stands for:

CHEVY GMC	= Chevrolet Truck,	1/2T	= 1/2 Ton Trucks
	GMC Truck	3/4T	= 3/4 Ton Trucks
2WD	= Two Wheel Drive Trucks	1T	= 1 Ton Trucks
4WD	= Four Wheel Drive Trucks	CREW CAB	= Crew Cab Models

The easiest way to tell if your truck is a 1/2 ton or 3/4 ton truck is to look at the bolt patterns on your wheels. Trucks with five or six bolt patterns are 1/2 ton, trucks with eight bolt patterns are 3/4 and 1 tons.

Chassis ID numbers are found in the body and dashboard sections. Chassis numbers will also be found in the heating, brake, electrical and other areas where change points were needed. For Chassis ID Numbers See Page 9.

Engine ID numbers are normally found in the engine section; however, they may also be used in other areas of the catalog. For Engine ID Numbers See Page 10-11.

Required Quantity

Quantity required to purchase for one (1) truck, i.e. one (1) Chrome Bumper Premium is required for one truck.

Sell Price

Sell price you pay for one part. All items in this catalog are priced each. "Kit" and "set" normally do one (1) truck; read "REQD" column to be sure.

Oversize Part Charge Applies

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

If You Can't Find the Part You Need in this Catalog, Here's What You Should Do:

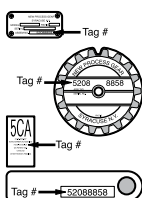

- Check the CLASSIFIED LISTINGS of your local NEWSPAPER (usually the Sunday issue is best) for cars being "parted out" (sold in pieces).
- Check local SALVAGE YARDS. Even if they do not have a truck like yours on hand, most salvage yards have access to a communication network which connects them to other salvage yards in your region of the country. Don't hesitate to ask them if you may use it.
- Check local BODY SHOPS and GARAGES for parts accumulations they may have built up over the years. You might get lucky!
- Check local WELDING and MACHINE SHOPS to see if they might be able to MAKE the part you need.

LMCTRUCK is in no way affiliated with the General Motors Corporation nor do we intend to imply that. The names General Motors and Chevrolet are used for reference only.

Applications listed in this catalog are based on original factory information. However, variances will occur due to non-documented substitutions, and changes made during the vehicle's production.

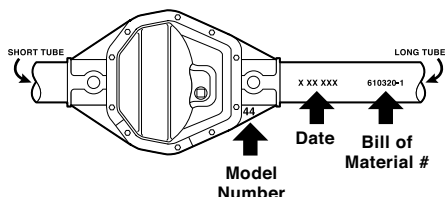

Transfer Case Identification

All Transfer Cases have an assembly tag attached to their case. The tag may be a bolted, riveted or screwed on metal tag, or a stick-on paper tag. The Transfer Case must be identified by the assembly number listed on the tag. See illustration.

**How to ID a DANA-SPICER Axle**

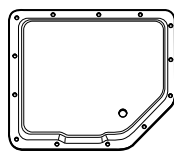

All Spicer axles are identified with a manufacturing date and Bill of Material Number stamped on the right or left hand tube. The axle model number will be cast into one of the webs as shown or it can be on the nose.

The Bill of Material Number will always contain six digits followed by a dash number. Bill of Material Numbers are listed where necessary for axle identification. When a Bill of Material Number is listed, it means the item will only fit axles stamped with that Bill of Material Number, e.g. 610320-1.

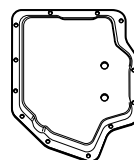

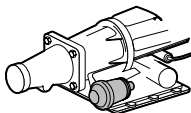

**How to Identify Your Transmission**

TH350, TH400 and TH700R4 Transmissions can be identified by the location or absence of the Modulator, and by the shape of the transmission pan.

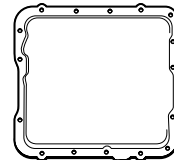

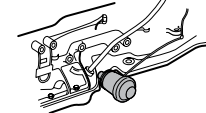

- TH350 - Modulator is located at the back of the transmission case.
- TH400 - Modulator is located on the side of the transmission case.
- TH700R4 - Has no modulator.

TH350
Modulator Location

TH400
Modulator Location

TH700R4

1973-80 Vehicle ID Number (VIN)

All 1973-80 trucks have a portion of the VIN number stamped on the engine and the transmission. This identification number consists of the division number, model year, assembly plant and the vehicle assembly sequence number. The VIN Identification and Rating Plate is located attached to the left hand door pillar.

1973-91 Truck History

- 1973** Introduced 2 speed electric windshield wiper motor. Wiper arms are partially concealed by the hood and metal portion of blades have a matte black finish. Introduced power flow through ventilation, air enters the truck through louvers at rear of hood panel. Pivot type vent in each door. Curved door windows. Bright metal drip molding over side doors.
- 1973-78** Woodgrain panel option which was approximately 10" wide through center of truck.
- 1973-80** Plain aluminum tailgate panel used with Chevrolet embossed in center of panel.
- 1973-89** Offered a crew cab on the 2WD 3/4 ton model 4 door with 8 foot box and rear seats.
- 1975-80** Vinyl adhesive molding. Standard clip on aluminum molding also used. Brushed aluminum or plain aluminum tailgate trim panel. Separate emblem attached to the lower right side of brushed aluminum back panel.
- 1976-80** Chevy Big 10 and GMC Heavy Half were 2WD 1/2 ton trucks with heavy-duty option package (F44). Available as a Fleetside or a Stepside, they featured heavy-duty brakes and suspension.
- 1976-89** Offered a bonus cab on the 2WD 3/4 ton and 1 ton model 4 door model without rear seats.
- 1977** 1 Ton 4WD available.
- 1978** A Rolling Model Change (RMC) Trim label was released by GM Engineering Department which advises a rolling change of 1979 trim installed on the 1978 model year.
- 1978-81** 2WD 1/2 ton series had a 350 Diesel engine available designed for transportation only, load could not be put on the engine by towing.
- 1979** A RMC Trim label was released by GM Engineering Department which advises a rolling change of 1980 trim installed on the 1979 model year.
- 1980** Official introduction of the square headlight with chrome grille. Round headlight used on painted grille. Last year for GM to use custom VIN number.
- 1981** Hood and front fenders were restyled for improved aerodynamics. Trucks lost up to 300 pounds through lighter glass, bumpers and body parts. On 4WD models, front quad shocks and automatic front locking hubs that worked at speeds up to 20 mph were available. Electronic Spark Control was introduced on the 5.0L engine.
- 1982** Cheyenne trim level was dropped. 6.2L 379ci diesel was available.
- 1983** Parking lights moved from front bumper to the grille. The horizontal center bar on the grille was painted body color.
- 1984** Parking brake system was improved. New cruise control allowed 1 mph increase and decrease.
- 1985** Vortec 4.3L 262ci V6 became standard engine, replacing the 4.1L 250ci inline 6. Clutch operation changed to hydraulic.
- 1986** Trucks featured minor styling changes and mechanical improvements, but were virtually unchanged from previous year.
- 1987** All engines were available with throttle body electronic fuel injection, allowing better fuel economy, reduced emissions and more power. Electric fuel pump was mounted in the fuel tank. 4.8L 292ci was dropped.
- 1988** New fixed antenna and trip odometer were added to crew and bonus cab.
- 1989** Last year for 2WD 3/4 ton crew cab and bonus cab; still available as 1 ton model.
- 1991** Last year for 1 ton crew cab in this body style.

Note: "A" For models without front quad shocks.
"B" For models with front quad shocks.

Steel Body Panels and What to Expect

All sheet metal is inspected before it is shipped and careful steps are taken to package parts so there is no damage during shipping. Due to the nature of the product, sheet metal is easily damaged and scratches, dents, dings and other imperfections are normal and not considered damaged. These kinds of imperfections should be expected and can be easily fixed during installation and the paint preparation, sanding and priming stages of your restoration. It is recommended you inspect all sheet metal that is delivered before the delivery driver leaves. Test fitting of all panels before installation is recommended and the use of alignment shims and other adjustments during the install may be required.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a \$150.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required. *After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

1973-80 Hood Brace Kit

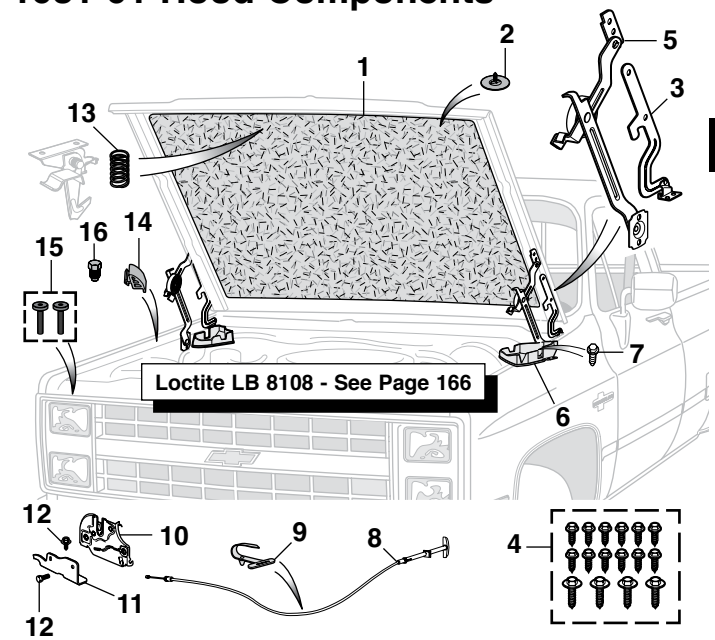

This Hood Brace Kit helps prevent kinks in hoods that were common on the 1973-80 pickups and crewcabs. Kit includes two braces and self-tapping screws for installation. Call or go online and order yours today.

Silicone Sealant is recommended for installing the Hood Brace Kit to keep water out and prevent rust from forming.

1973-91 Cowl Induction Steel Hoods ... Give Your Truck a High Performance Look

Standard Cab & Crew Cab

Cowl Induction Steel Hood helps cool the engine for increased airflow and increased performance. The outside cold fresh air carries a denser air/fuel mixture to an engine's combustion chambers than the warm underhood air. Hoods are made from primed high-quality steel with full inner frame that reuses original factory latch and hinges for an easy bolt-on application and must be painted.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a \$150.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

POR-15 Restoration Products

POR-15 is a high-performance rust preventative black paint designed to extend the life of new and rusted metal surfaces. It dries to a rock-hard, non-porous finish that will not rust, chip, crack or peel.

Dries in 2 to 5 hours; body fillers and paint can be applied over POR-15. For maximum effectiveness, degrease metal surfaces with Cleaner Degreaser, then prime with Metal-Prep.

Approximate product coverage:

1 pint = 48 sq. ft.; 1 quart = 96 sq. ft.

Dry Time Accelerator reduces the cure time of POR-15 by 30-50% without affecting the final physical properties of the paint. One 8 ounce bottle treats 64 pints or 32 quarts of POR-15.

PART	DESCRIPTION	PRICE
37-8411	POR-15 SEMI-GLOSS-1 PINT	\$37.95
37-8412	POR-15 SEMI-GLOSS-1 QUART	\$56.95
37-8408	POR-15 GLOSS-1 PINT	\$37.95
37-8409	POR-15 GLOSS-1 QUART	\$56.95
37-8418	DRY TIME ACCELERATOR	\$30.95

High Temp Paint is an extreme temperature finish that maintains color without burning off or discoloring on manifolds and headers. Withstands high temperatures up to 1200°F and resists cracking, chipping and peeling. It is weather-, salt- and moisture-resistant. Available in gray or aluminum color; can be brushed or sprayed on. Recommend sandblasting for optimal surface preparation.

Approximate coverage: 8 oz. covers a set of big block V8 headers with two coats.

PART	DESCRIPTION	PRICE
37-8484	HIGH TEMP PAINT-GRAY 8 OZ	\$21.95
37-8485	HIGH TEMP PAINT-ALUM 8 OZ	\$21.95

Metal-Prep provides adhesion for POR-15 on any metal surface. Gently etches metal, neutralizes rust and creates an ideal anchor for coatings such as POR-15, while leaving a zinc phosphate finish to ensure chemical bonding of paint and steel. Metal-Prep must be used on galvanized metal, aluminum, stainless steel and smooth, polished or new metal surfaces prior to applying POR-15. Metal-Prep is water-based so it is not caustic, corrosive, toxic or flammable.

PART	DESCRIPTION	PRICE
37-8415	METAL-PREP 1 QUART	\$19.95
37-8416	METAL-PREP 1 GALLON	\$39.95

Cleaner Degreaser cleans and degreases in one application without messy residues, noxious fumes or flammable solvents. Removes grease, oil, mildew, algae, musty odors, soap films and wax from canvas, vinyl, plastics, nylon, wood, fiberglass and all metal surfaces.

Cleaner Degreaser should be used as a surface prep prior to using Metal-Prep and POR-15.

PART	DESCRIPTION	PRICE
37-8413	CLEANER DEGREASER 1 QUART	\$12.95
37-8414	CLEANER DEGREASER 1 GALLON	\$26.95

POR-15 Self Etch Primer is a quick drying and easy-to-apply coating which enables a restorer to quickly topcoat POR-15 Rust Preventive Coating and other basecoats. You can even topcoat POR-15 that's been in place for months or years. This Self Etch Primer is NOT a high-build primer, it can be sprayed on almost any painted surface and can be top coated in 15 - 30 minutes. It bonds incredibly well to POR-15 Rust Preventive Coating, and all topcoats bond incredibly well to POR-15 Self Etch Primer. It can be sanded lightly, and, if desired, multiple coats may be applied.

PART	DESCRIPTION	PRICE
37-8401	SELF ETCH PRIMER-GRAY	\$34.95

37-8402

37-8403

37-8404

PART	DESCRIPTION	PRICE
37-8402	TOP COAT-CLEAR	\$25.95
37-8403	TOP COAT-GLOSS BLACK	\$25.95
37-8404	TOP COAT-CHASSIS BLACK	\$25.95

POR-15 Top Coat can be applied directly to a clean prepped metal surface, but when used as a top coat over POR-15 Rust Preventive Coating it provides the toughest, most permanent protection against rust and corrosion. It has exceptional long-term gloss and color retention when exposed to sunlight and the elements, non-porous, extremely scratch and chip resistant, won't crack, peel or chip. Can be applied directly to metal substrates, with no need for a primer or undercoat, and is formulated to form a robust barrier that sheds moisture.

Chassis Black has a semi-gloss appearance. For maximum durability Chassis Black should be clear coated.

Bed Liner is a water-based, rubberized coating ideal for protecting truck beds, and all other metal, aluminum, fiberglass and wood surfaces exposed to impacts and scuffs. It is UV stable and

offers superior adhesion, impact resistance and flexibility. Features a textured semi-gloss black finish for good looks. Prior to application, surfaces should be degreased with Cleaner Degreaser and metal surfaces should be treated with Metal-Prep. Bed Liner can be applied over POR-15.

Shortbed trucks - 1 gallon for two coats on bed floor, sides and tailgate. Longbed trucks need an additional quart.

Approximate product coverage:

1 quart = 25-30 sq. ft.; 1 gallon = 100-120 sq. ft.

PART	DESCRIPTION	PRICE
37-8480	BED LINER 1 QUART	\$33.95
37-8481	BED LINER 1 GALLON	\$126.95

Fuel Tank Sealer coats the inside of your tank to stop rust and seal pinholes and weld seams. It's a non-porous, flexible film that is resistant to all fuels, alcohols and fuel additives. This environmentally safe sealer does

not contain the harmful chemical Methyl Ethyl Ketone (MEK) and is non-flammable. Cleaner Degreaser and Metal-Prep must be used to prep fuel tank prior to using fuel tank sealer.

Approximate product coverage:

1 pint = to 12.5 gal tank; 1 quart = to 25 gal tank

PART	DESCRIPTION	PRICE
37-8488	FUEL TANK SEALER 1 PINT	\$27.95
37-8489	FUEL TANK SEALER 1 QUART	\$49.95

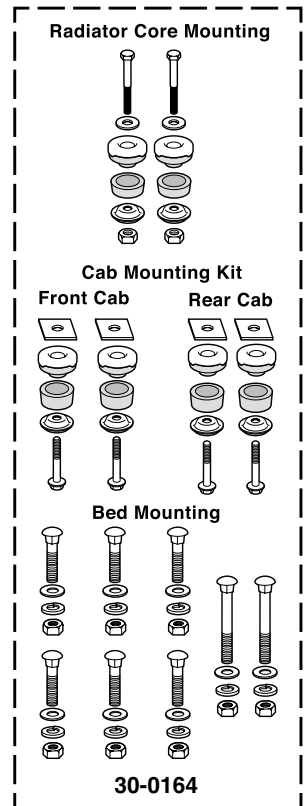

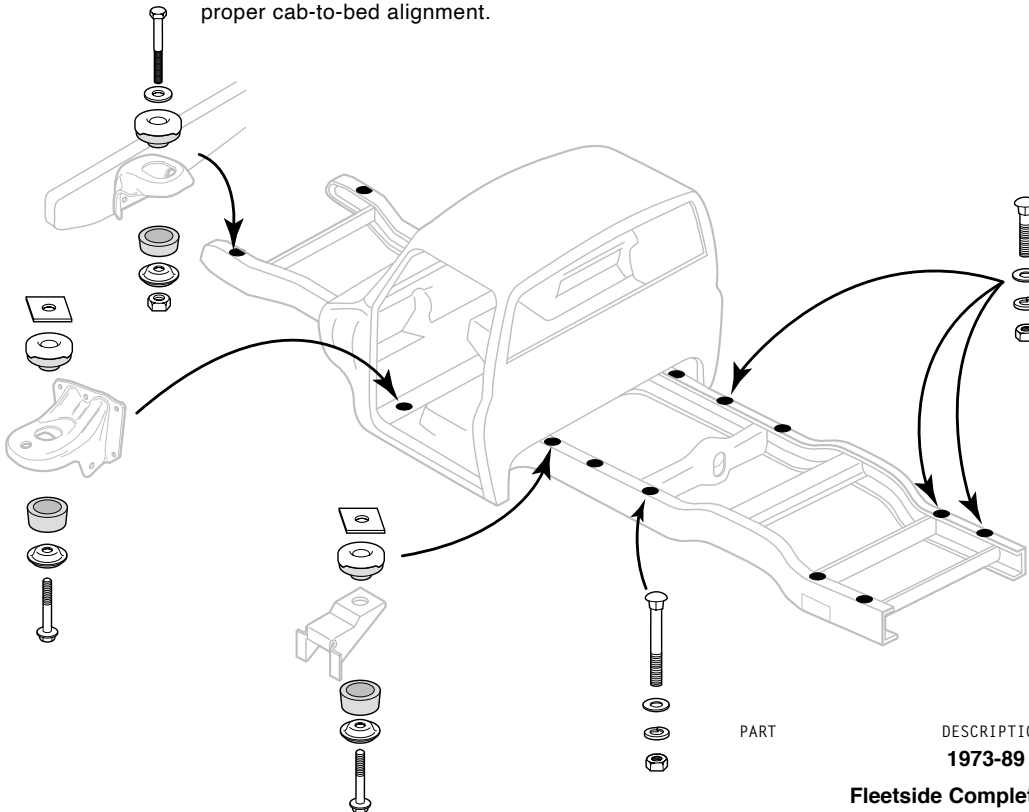

POR-15 Stop Rust Kit is designed to stop and/or prevent rust on metal surfaces and ensures the best results when applying POR-15 Rust Preventive Coating. The kit contains everything you need for the 3-step process, 8 ounce bottle of POR-15 Cleaner Degreaser, 8 ounce bottle of POR-15 Metal-Prep, 4 ounce can of POR-15 Gloss Black, two paint brushes, 1 pair of latex gloves, and detailed instructions and tips. The kit is ideal for small projects such as sub-frames, axle replacements, control arms, brake shields and much more! There is enough material in this kit to cover a 6 sq. ft. area with two coats.

PART	DESCRIPTION	PRICE
37-8405	STOP RUST KIT	\$24.95

1973-89 Complete Body Mounting Kits

The Complete Mounting Kit includes the Radiator Core Support Mounting Kit, Front and Rear Cab to Frame Mounting Kit and the Bed to Frame Mounting Kit. These rubber cushions are made like original and provide a smooth ride while maintaining proper cab-to-bed alignment.

Note: "A" One kit mounts shortbed or longbed bedside and wheel housing.

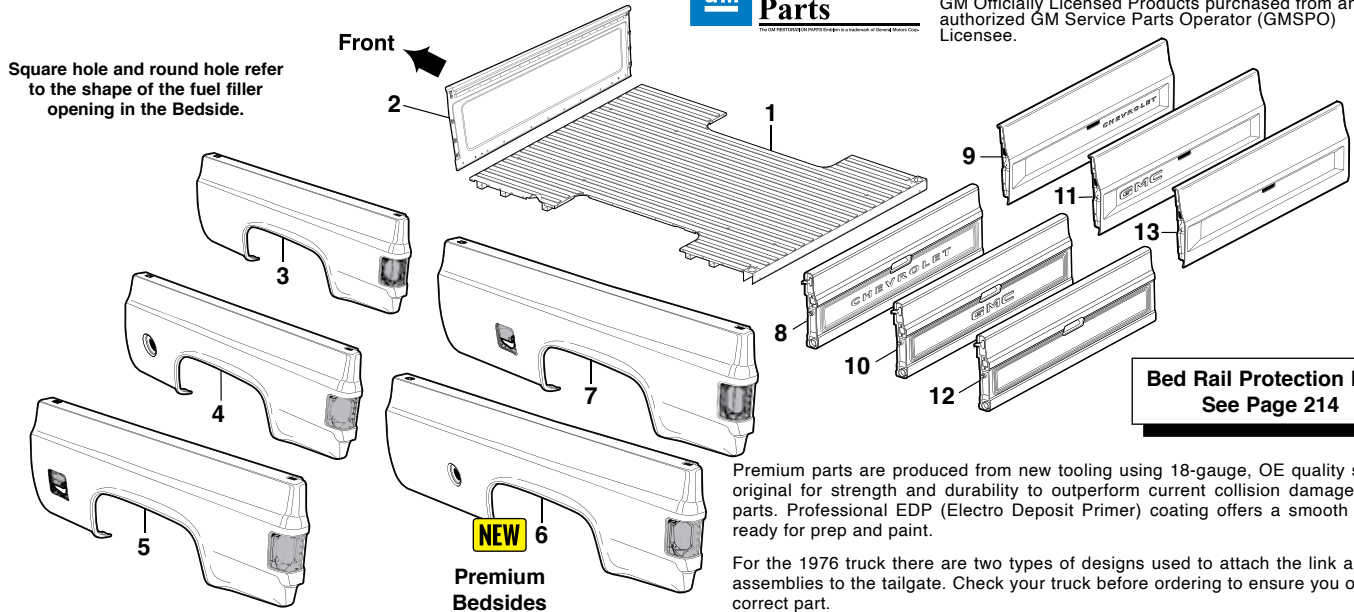

1973-91 Fleetside Steel Bed Panels

OE Quality Tailgate Reproductions

GM Officially Licensed Products purchased from an authorized GM Service Parts Operator (GMSPO) Licensee.

Square hole and round hole refer to the shape of the fuel filler opening in the Bedside.

Bed Rail Protection Film
See Page 214

Premium parts are produced from new tooling using 18-gauge, OE quality steel as original for strength and durability to outperform current collision damage quality parts. Professional EDP (Electro Deposit Primer) coating offers a smooth surface ready for prep and paint.

For the 1976 truck there are two types of designs used to attach the link and latch assemblies to the tailgate. Check your truck before ordering to ensure you order the correct part.

1st Design: Uses a BOLT to attach the link to the tailgate.

2nd Design: Uses a STUD to attach the link to the tailgate.

2nd design tailgate can be used as a replacement on the 1st design models if the 2nd design latch rod, latch assembly and link assembly are also used.

1973-87 Stepside Steel Bed Panels

Bed Rail Protection Film
See Page 214

GM Restoration
Parts

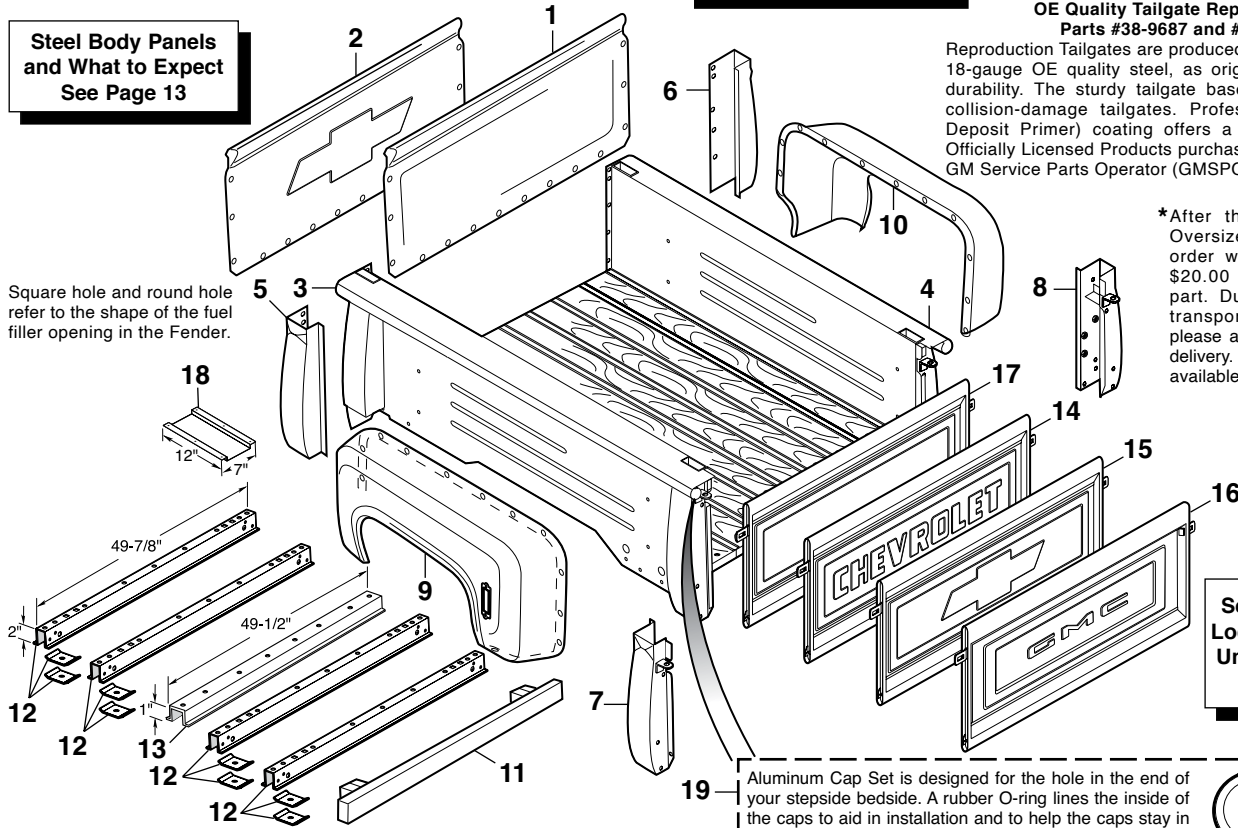

OE Quality Tailgate Reproductions
Parts #38-9687 and #38-9361

Reproduction Tailgates are produced from new tooling with 18-gauge OE quality steel, as original, for strength and durability. The sturdy tailgate base outperforms current collision-damage tailgates. Professional EDP (Electro Deposit Primer) coating offers a smooth surface. GM Officially Licensed Products purchased from an authorized GM Service Parts Operator (GMSPO) Licensee.

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Steel Body Panels
and What to Expect
See Page 13

Square hole and round hole refer to the shape of the fuel filler opening in the Fender.

1973-87 Stepside Bed Wood Kits

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Kits may differ from illustration depending on application.

STL = Steel
SS = Stainless Steel
PSS = Polished Stainless Steel

Bed Wood Kits are unfinished and do not come with pre-drilled holes. Washers should be countersunk when installed. All Bed Strip Kits and Angle Strip Sets are pre-cut to fit and include pre-punched square holes. Hardware is not included and must be purchased separately.

Angle Covers bolt directly over the existing angle strip, allowing you to renew the appearance of your angle strips without removing the old ones. Holes are not pre-punched.

Polished Items in Bed Bolt Kits are Carriage Bolt Heads.

Deluxe Polishing Kit

Kevin Tetz Paintucation DVDs

Color Sanding & Buffing: Explains what to do after the paint is dry and shows the difference between a "show" finish and a daily driver finish. Run repair techniques are shown in detail, as well as reviving old paint. Shows updated techniques using state-of-the-art compounds and pneumatic sanding systems designed to take the labor out of achieving a show-quality paint finish. 65 minutes

PART	DESCRIPTION	PRICE
38-0349	DVD-COLOR SANDING&BUFFING	\$36.95

Body Panel Replacement: Includes five different panel replacement projects covering welding sheet metal, gapping panels, "old school" leading, door skinning, partial panels, full quarter panel replacement, new sheet metal fitment, metal finishing and the latest panel adhesive. Double-sided DVD. 150 minutes

PART	DESCRIPTION	PRICE
38-0346	DVD-BODY PANEL REPLACEMENT	\$36.95

Paintucation DVD Set: Contains all five Paintucation DVDs to help you repair and restore your vehicle's body from start to finish.

PART	DESCRIPTION	PRICE
38-0448	PAINTUCATION DVD SET	\$179.95

Body Shop Basics: Provides fundamental information about basic tool selection, simple dent repair, blending colors, gun technique, proper safety techniques and surface defect repair. 90 minutes

PART	DESCRIPTION	PRICE
38-0347	DVD-BODY SHOP BASICS	\$36.95

Metal Prep & Rust Repair: Demonstrates stripping metal with chemicals and sanders and illustrates fixing a rust patch from start to finish. Metal finishing and body filler techniques are shown, as well as surface rust removal, conversion and primer application. 75 minutes

PART	DESCRIPTION	PRICE
38-0348	DVD-METAL PREP&RUST REPAIR	\$36.95

Paint Your Own Truck: Instruction on proper paint gun techniques, panel alignment secrets, surface rust removal and application tips for fillers, primers and paints. Learn how to apply two-tone paint jobs, demonstrated in simple steps with detailed masking tips and tricks that yield professional results. 240 minutes.

PART	DESCRIPTION	PRICE
38-0449	DVD PAINT YOUR OWN TRUCK	\$36.95

Tie Down Anchors ... Easy to Use In and Out

38-3237

38-3238

Tie Down Anchors install and uninstall in minutes with no tools required. Insert heavy-duty Tie Down Anchor into stake pocket hole and turn the eyebolt to expand the rubber block. Two loop styles to choose from: chromium-plated loop #38-3237 or standard zinc-plated loop #38-3238. Both styles have metal top plates and a rubber liner underneath to protect the truck's finish. Sold individually.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-3237	TIE DOWN ANCHOR-CHROME LOOP	CHEVY GMC 73-89	(AR)	\$6.95
38-3238	TIE DOWN ANCHOR-ZINC LOOP	CHEVY GMC 73-89	(AR)	\$4.95

These heavy-duty, steel anchor points have a unique "C" clamp design allowing installation where needed; just clamp to bed rail and secure the load. Point and plate are vinyl coated and will not rust or scratch the truck's finish. Can be used with "under the rail" style bed liners.

PART	DESCRIPTION	PRICE
38-3239	MOVABLE ANCHOR POINT	\$5.95

1973-87 Tailgate Chain Set

30-3017

SS = Stainless Steel

Chrome Tailgate Chain shown with clear chain covering, sold separately; see page 25.

PART	DESCRIPTION	APPLICATION	REQD	PRICE

Tuff Truck Bag

Tuff Truck Bag is heavy-duty to withstand the elements for all-season cargo protection yet lightweight and collapsible to allow for easy storage when not in use. Tuff Truck Bag can be set up and loaded into any truck bed within minutes, unlike the time required for a camper shell or tonneau cover installation.

- Made from weatherproof, waterproof, non-breathable PVC material with heat fusion epoxy sealed seams along all edges.
- Heavy-duty, commercial-grade zipper and waterproof PVC triple-fold flap that covers the zipper.
- Heavy-duty metal rings in all four bag corners (top and bottom) to retain the bag to the truck.
- Includes storage tote bag and four adjustable bungee cords.
- Provides 26 cubic feet (40"x 50"x 22") of waterproof storage for any truck bed.
- Can be used alone or in addition to existing storage boxes.

3-in-1 Truck Ties

Tested to -20°F and 165°F, these 3-in-1 Truck Ties are made in the USA from durable nylon plastic and are designed to fit into the stake pockets of your truck in three different ways: by installing with the ring side facing the truck bed so multiple cargo straps can be used; with the cleat side facing the truck bed to keep tension in the rope each time it is looped around the tie; or by covering the load with a tarp over the stake pockets and inserting the truck ties into the stake pockets over the tarp (rated for highway speeds).

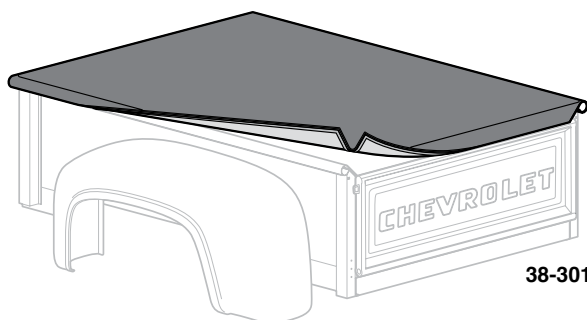

37-7496

Ties can be installed and removed with no drilling or modifications necessary.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-7496	3-IN-1 TRUCK TIES-PAIR	FLEETSIDE	(AR)	\$20.95

1973-87 Stepside Shortbed Tonneau Cover ... Velcro for Easy Installation and Removal

38-3019

Durable and easy to use, Tonneau Cover is installed over the truck's bed using Velcro. The Velcro covers the full truck bed's perimeter. No drilling required. The "loop" is sewn to the Tonneau and the Velcro attaches to the bed with extra strong peel-and-stick adhesive.

Tonneau is designed to fit around and under the rolled sides and comes with a small tab at the back corners to seal the gap between the high outside edge and low rear gate.

1973-91 Tonneau Covers Save Gas and Protect Your Cargo

Tonneau Cover is made from heavy-duty vinyl attached to a black enameled aluminum frame which clamps to the truck's bed. No drilling needed. Frame does not attach to the tailgate so it can be opened as needed. Vinyl cover comes with a 10-year warranty and the frame has a lifetime warranty. Smooth, aerodynamic profile improves gas mileage by as much as 10%.

Tonneau Covers feature special reversible snaps, which allows adjustable tension to compensate for weather conditions. Position the snap stud low for a tight fit in hot weather or reverse the snap stud to high for looser fit in cold weather. Corners and snaps are backed with thick polymer. Strong and durable fiberglass reinforced nylon snaps will not break.

38-3068

The large, adjustable bows help keep rain and snow out and are easily removed and reinstalled when hauling bulky items. Locking corners allow easy removal of the tail rail to haul longer loads.

Hinged Tonneau Cover design enables full access to the bed without unsnapping the entire cover. Simply unlock the polymer covered locking handles and lift the tonneau cover. Aluminum frame features stainless steel and brass snaps and locking corners allowing easy removal. The quick release front hinge makes removal of the entire cover and frame easy; or if the frame cannot be left, roll up the vinyl cover and secure with the convenient straps, then remove the bows and tail rail to haul that bulky load.

1973-89 Rail-Guards Provide Protection for Your Truck's Bed Rails

Rail-Guard is made of impact absorbing heavy-duty vinyl to protect your truck's bed rails. No drilling required. The full width 3M™ adhesive over the entire backside ensures maximum holding and means no condensation and dirt under the Rail-Guard. Can be used on running boards, rocker panels and in other applications where an attractive protection strip is needed.

Rail-Guard Set is a 22 foot roll of 3-3/4" wide vinyl for bedsides and tailgate with a 6 foot roll of 1" extrusion for the front bed panel. Tailgate Guard is a 6 foot roll of 3-3/4" material. Must be sized and cut to fit.

1973-87 Sliding Rear Windows ... Easy Single Hand Access

Sliding Rear Windows are self-latching and the rocker design enables single hand operation to open or close window. Premium pile weatherstripping keeps elements out and provides smooth sliding operation. Contoured frame is designed for a secure fit and won't obstruct rear view. Glass is 1,000°F heat tempered and meets DOT and SAE specifications. Available in dark gray tinted windows.

Sliding rear windows feature a four-panel, black frame design with a 19-3/8" x 12" opening size. Cab to rear window seal is sold separately, see page 65.

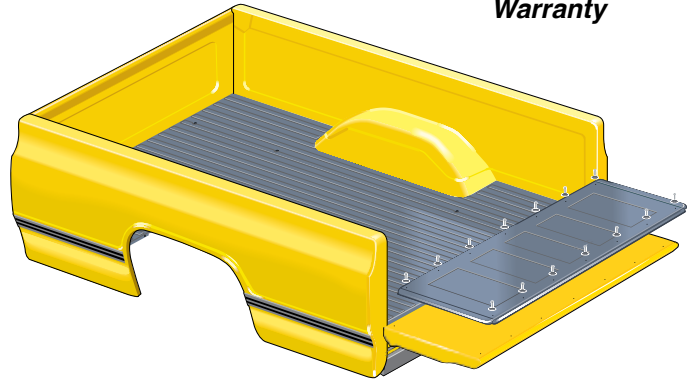

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

1973-91 Bed Mat and Tailgate Mat Protect Your Truck

**Limited Lifetime
Warranty**

This rugged, virtually indestructible Bed Mat is made with 3/8" thick cord-reinforced rubber for optimum tear strength and protects the truck's bed against dents, scratches, chemical spills and shifting loads. Also available is the Tailgate Mat made from the same durable cord-reinforced rubber as the Bed Mat to protect against dents and scratches. Both Mats can be easily installed and removed. Requires minimal maintenance; cleanup is easy with soap and water.

The smooth, raised ribs running lengthwise ease loading and unloading; and the knobby underside promotes aeration and drainage to keep the truck's bed dry. A raised border around the perimeter of the mat improves appearance and definition. This is a custom molded mat with no trimming necessary. Tailgate mat includes mounting hardware.

1973-91 All Chrome Special Edition Grille

Made Exclusively for LMC Truck, this Special Edition Grille is made from precision machined tooling and is a blend of OEM and custom design to achieve a unique and timeless styling for a Neo-Classic Chevy or GMC truck.

This rugged plastic all chrome grille is injection molded so there will be no bent or warped bars, no dull finish and no cumbersome brackets or mounting hardware to worry about.

Go from stock to style in minutes with easy installation. Bolts onto stock locations on most applications; comes with mounting instructions and new mounting hardware.

Chevrolet Bowtie and GMC Emblems are available; sold separately. Finish off the look with a polished Billet Bowtie Emblem.

Premium Chrome Bumpers

- Bumper is stamped from new tooling using OE-quality steel for strength and durability.
- Bumper is buffed and polished to achieve a smooth defect-free plating surface.
- The Triple Nickel Plating process creates a brilliant, high-quality mirror-like finish.
- 5 Year Limited Warranty on rust-through perforations.

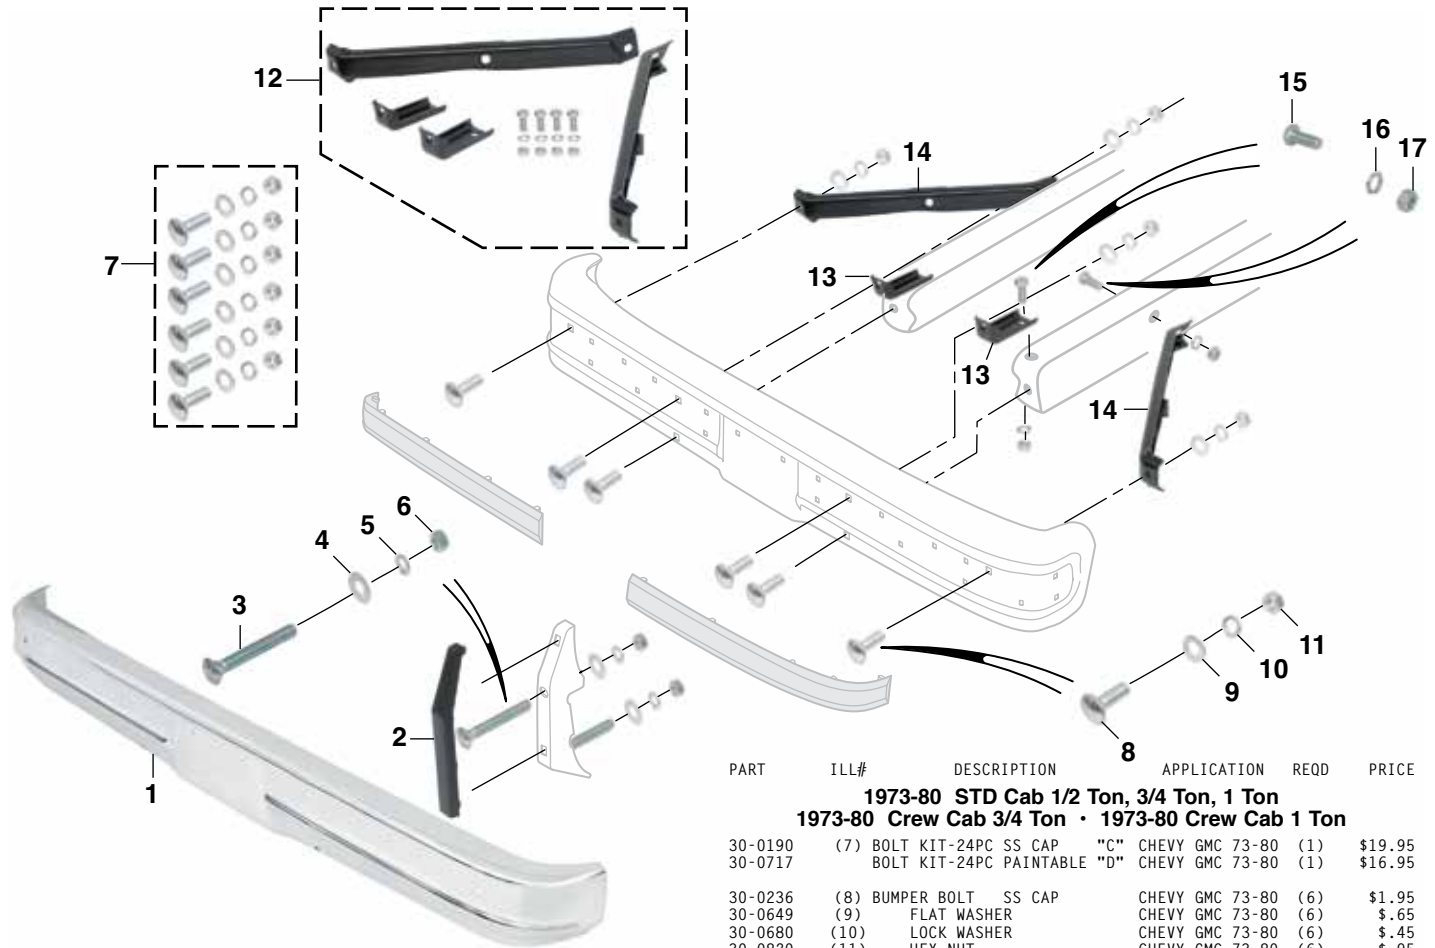

Chrome Bumper and Primer Bumper

- Bumpers used by Collision Damage Repair Shops.
- Chrome Bumper is made with a computer-controlled process assuring consistent thickness of nickel and chrome plating.
- Primer Bumper is finished with an EDP (Electro Deposit Primer) coating that offers a smooth surface for applying your favorite color to match your truck.
- Economically priced replacements for your rusty, dull, scratched and pitted bumper.
- Save money, call or go online and order your bumper today.

1973-91 Chrome Rear Step Bumper ... Style and Utility All in One

Chrome Rear Step Bumper - Diamond Tread

This traditional utility bumper features a classic embossed steel top plate on a stylish and reliable step bumper.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
	1973-87 STD Cab 1/2 Ton, 3/4 Ton, 1 Ton			
	1973-89 Crew Cab 3/4 Ton • 1973-91 Crew Cab 1 Ton			
38-9731	CHROME STEP BUMPER-DIAMOND TREAD	FLEETSIDE 73-87	(1)	\$279.95*
30-2098	REAR BUMPER MOUNTING KIT	FLEETSIDE 73-87	(1)	\$32.95

Chrome Rear Step Bumper - Polymer Pad

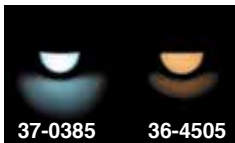

Classic style rear step bumper features a step pad made from molded polymer to protect the bumper from scratches. The grid pattern adds an excellent anti-skid surface for sure footing while loading and unloading.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
	1973-87 STD Cab 1/2 Ton, 3/4 Ton, 1 Ton			
	1973-89 Crew Cab 3/4 Ton • 1973-91 Crew Cab 1 Ton

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Replacement License Plate Lamp Sets

Fits Replacement Bumpers listed on page 53 only.

				
37-0385	37-0385 36-4505	36-4505		
PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-0385	LED LICENSE LAMP SET		(1)	\$29.95
36-4505	REPLACEMENT LICENSE LAMP SET		(1)	\$9.95
36-0222	REPLACEMENT BULB	FITS 36-4505 LAMP	(2)	\$4.95

Replacement Backup Light

 Lights can be easily spliced into the existing backup light wires so they will come on each time you shift into reverse. The additional light is excellent for hooking up trailers or boats in the dark since they are located closer to the hitch area.

However, in some cases factory wiring may not transfer enough power to properly illuminate the lights. For full illumination install a Backup Light Wiring Kit (sold separately #36-0735).

PART	DESCRIPTION	PRICE
36-4416	BACKUP LIGHT-W/LENS	\$9.95
36-4206	REPLACEMENT LENS	\$2.95
36-0227	REPLACEMENT BULB	\$9.95

Backup Light Wiring Kit

Wiring kit includes a separate switch, enabling you to turn lights on and off, eliminating the need and danger of leaving the vehicle in reverse to utilize lights.

Kit Includes:

- Illuminated switch
- 30 amp relay
- 15 amp in-line fuse
- Wires and Connectors

36-0735

PART	DESCRIPTION	PRICE
36-0735	BACKUP LIGHT WIRING KIT	\$19.95

Chrome Rear Step Bumpers give your truck the ability to tow up to 800 pounds tongue weight and 8,000 pounds trailer weight. These bumpers offer the ease of bolt-on installation, the convenience of a step and come complete with rear license plate lamps. Do not exceed truck manufacturer's recommended towing capacity. A Bumper Mounting Kit #30-2098 is required when installing these rear bumpers.

Step up with Star-Lite

Chrome Rear Step Bumper - Star-Lite

Made Exclusively for LMC Truck, this Chrome Rear Star-Lite Step Bumper has a diamond tread on top for sure footing when bumper is used as a step. For more traction, #38-9737 features a step pad made from molded polymer to protect the bumper from scratches while the grid pattern adds more grip for sure footing. The internal mounted Backup Lights look great and make it safer to back up truck by illuminating a larger area, making it easier to see hazards.

1973-91 Custom Chrome Front Bumper Lighted

- 1973-80 Bumper is equipped with two 3-3/4" diameter fog lights.
- 1983-87 Bumper is equipped with two 5-3/4" x 2" multi-surface reflector housing combination fog/driving lights.

For added style, replace the white halogen bulb with a halogen blue-coated bulb. The blue-coated bulb creates an intense white light which is popular in today's new cars and trucks. Get the cool look of HID (high intensity discharge) lighting without the high price.

Custom Front Bumpers are stamped from new tooling using OE-quality steel for strength and durability. Bumper is buffed and polished for a smooth defect-free plating surface. The Triple Nickel Plating process creates a brilliant, high-quality mirror-like finish. Bumper has a 5 Year Limited Warranty on rust-through perforations. Lights are installed in the bumper, complete with all necessary wiring and installation instructions.

Fog lights provide a low, wide beam pattern for improved short-range vision in fog, rain or snow. Driving lights provide a longer, more focused beam pattern for improved long-range vision at highway speeds. Lights have an aluminum die-cast housing and three-tier protective finish coating, which makes the housing corrosion-free. State-of-the-art reflector, in combination with a strong semi-hardened crystal glass lens, gives maximum light output. Lights use a high efficiency halogen 12V 55W replaceable bulb and are OE quality, DOT and SAE approved. Lights come with a 3 Year Limited Warranty on assemblies (excluding bulb). Includes wiring harness, illuminated rocker switch and 12 volt relay.

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

1981-91 Pre-Cut Body Side Molding Set

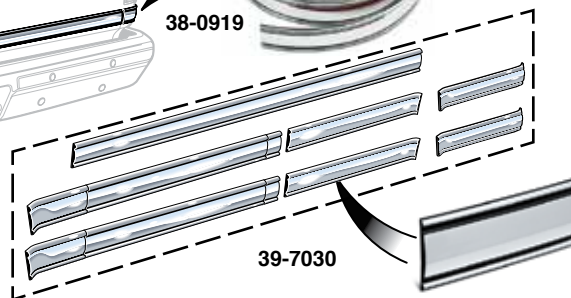

Adhesive Roll Molding Tech Tip: Use Vinyl Edge Sealer Pen #38-0921 on all cut ends to ensure maximum molding life.

38-0921

38-0919

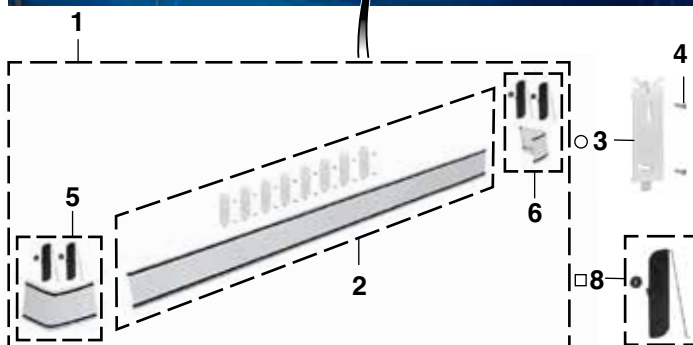

39-7030

Pre-cut, no hassle, ready-to-install truck molding with factory formed or factory die-cut end treatments. Clear top-coated chrome Mylar moldings make your truck look new again. Each self-adhesive pre-cut section attaches with 3M™ acrylic foam tape for an easy install. Due to varying option packages, modification of kit contents may be required for your truck. Bed molding on right-hand side will need to be cut on models with dual fuel tanks.

Custom Flexible Chrome Trim ... Design it – Cut it – Install it

Add design accents and trim on your vehicle in traditional patterns or create a unique custom look with Flexible Universal Chrome Trim. Available in four widths, any combination of the kits can be used to achieve a desired look. Chrome ABS Trim is scratch resistant, UV coated with a bright chrome finish and easily cuts with sharp scissors and features 3M™ adhesive peel-off backing. Pattern material is included for design and fitment of the flexible chrome laminate. Use provided sandpaper to clean up any edges or corners. Always double-check all measurements of materials needed for your design for your vehicle against available sizes of kits.

1973-91 LMC Truck Cover ... Who Knew Protecting Your Vehicle's Finish Could Be So Inexpensive!

LMC universal fit truck covers provide protection from the elements and are not affected by temperature extremes. In summer a cover keeps the interior cooler and helps protect from the sun's damaging rays, which can cause fading and deterioration. In winter it can keep the snow and ice off your glass and finish.

Fabric will not stretch, shrink, rot or mildew. Elastic is sewn in front and rear hems to ensure snug fit. Call or go online and order your truck cover today.

Antenna must be removed or an antenna grommet attached to your cover before use. See below for more information on antenna grommet.

LMC 1000 **GOOD** \$59.95 each

For Moderate Weather Conditions

Durable synthetic fabric has the look and feel of more expensive covers. Water resistant, yet breathable and features double-stitched seams for maximum strength.

Chevy/GMC Pickups

38-8800	Std Cab Shortbed	1973-87
38-8801	Std Cab Longbed	1973-87
38-8805	Crew Cab	1973-91

LMC 3000 **BETTER** \$99.95 each

Superior Protection at a Great Value

Superior breathable 3-layer synthetic fabric is highly water resistant, even during downpours and provides a soft cushioning layer that protects your paint. No-leak construction is achieved through ultrasonic welding, and UV-stable materials ensure a long life, making them ideal for long-term vehicle storage.

Chevy/GMC Pickups

38-1348	AMERICAN FLAG LOGO CAP SET	RED/WHITE/BLUE	(1)	\$16.95

Windshield and Rear Window Installation Tips:

1. Fit your new window rubber to your cab first, then install the window glass.
2. Use a rubber friendly lubricant such as WD40 and the Windshield Stick (#38-0796) to ease installation and avoid damaging your window rubber.
3. Window rubber shrinks; your new window rubber may appear slightly larger than the original prior to installation.

GREEN TINT Window has a full light green tint to glass.

SHADED Window has a full light green tint with a dark band at the top of glass.

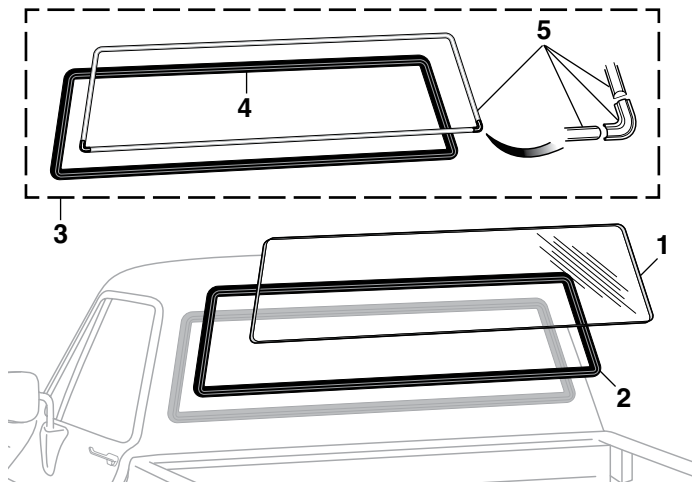

Windshield and Glass Sealant is silicone and seals windshields, windows, sunroofs and more. Flows into leaks like water but dries to form a flexible, tough, clear seal resistant to extreme temperatures, vibration, shock and most chemicals.

38-0783

STANDARD = Standard Rubber Seals do not have a groove for trim.
CUSTOM = Custom Rubber Seals do have a groove for trim.

1973-91 Rear Window and Rubber

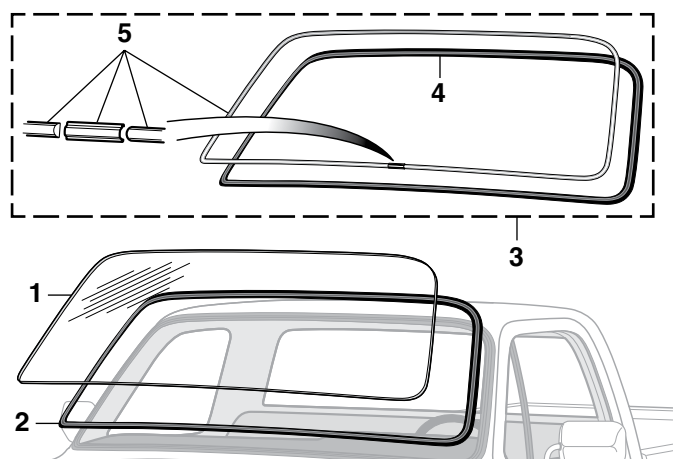

Rear Window Rubber does not fit trucks with factory sliding window.

Glass Tools

Windshield Stick A glass installer's most useful tool! Can be used to install or remove windows or window rubber. This plastic tool measures 8" in length for an easy grip.

38-0796
\$.95

Hook Tool helps remove and install rubber mounted glass. The tool has an angled end for easier fitting of the glass inside the rubber seal. Features a round steel ball on the tip to protect against damage to the rubber seal, glass and painted surfaces.

38-0763
\$8.95

Rope-In Tool inserts 1/4" diameter nylon rope through its stem and seats it in the groove of the seal as it is pulled around the perimeter of the seal. With the glass properly positioned on the vehicle, simply pull the rope and the seal then pops over the pinchweld to hold the glass firmly in place. Includes enough rope to fit around even the largest truck windows.

38-0762
\$11.95

Locking Strip Tool is used to install the locking strip around windshields, side windows and rear windows. Features plastic screwdriver handle for a comfortable grip and steel shaft with double-ended tip for use on multiple applications.

38-0731
\$7.95

Door Edge Peep Mirror

A Chrome Door Edge 4" Peep Mirror adds style and extra rear visibility to your truck. Attaches to the left or right side of the outer edge on the door window frame. A Chrome Convex 4" Peep Mirror provides a wider field of view than flat mirrors. A Chrome Peep Mirror Extension is available separately and adds 1-1/2" of length to the mirror arm for increased visibility. Reduce glare with a stainless steel 4" Peep Mirror Visor; sold separately.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-5815	PEEP MIRROR-FLAT	CURVED ARM	(AR)	\$11.95
38-5813	PEEP MIRROR-CONVEX	CURVED ARM	(AR)	\$14.95

38-5817	PEEP MIRROR VISOR		(AR)	\$8.95

Tripod and Lo-Mount Mirrors

These are universal mirrors, not direct OE replacements; therefore, mounting locations may differ from OE. The Lo-Mount Mirror has a 5" x 7" mirror head and features a ball base. The mounting bracket is lo-mount style and includes hardware. Mounting hardware is included with all mirrors.

PART	DESCRIPTION		APPLICATION	PRICE
38-5818	MIRROR 4-POINT	STAINLESS	7-1/2" X 10-1/2"	\$29.95
38-5820	MIRROR-TRIPOD	STAINLESS	7-1/2" X 10-1/2"	\$19.95

38-5848	MIRROR HEAD	STAINLESS	5" X 7"	\$9.95

Blind Spot Mirror

Blind spot mirrors increase viewing angle, eliminating blind spots. The 2" Adjustable Blind Spot Mirror rotates 360° for a customized wide angle view. Mirrors attach to door mirror with included self-adhesive tape.

PART	DESCRIPTION	REQD	PRICE
38-5890	BLIND SPOT MIRROR-2"	(AR)	\$1.95
38-5893	BLIND SPOT MIRROR-ADJUSTABLE-2"	(AR)	\$2.45
38-5892	BLIND SPOT MIRROR-3"	(AR)	\$2.95

1973-91 Turn Up the Heat with Heated Door Mirrors from LMC TRUCK !

LMC TRUCK EXCLUSIVE

Heated Door Mirrors eliminate the need to scrape ice and snow from mirrors; just flip a switch and watch the frost, ice or snow melt in minutes. LMC Truck has applied a unique conductive polymer heating element to the ever-popular Stainless Steel exterior flat glass door mirrors. This allows for high wattage heating at sub-zero temperatures.

When switched to "on" position, mirrors heat up for 10 minutes and then shut off automatically. If additional defrosting is needed, repeat the cycle. Set comes complete with left and right hand mirrors, mirror gaskets, mounting hardware, switch,

switch holder, fuse, circuit board, wiring and installation instructions.

1973-91 GM Style Reproduction Door Mirror Manufactured Exclusively for LMC Truck

The GM style flat glass door mirrors are exact reproductions of the originals. The convex door mirrors provide a wider field of view than flat mirrors and are available for the passenger side. Both mirror styles are available in black, chrome or stainless steel and come complete with gasket and mounting hardware.

How-To Video Available
 Featuring TV Personality Kevin Tetz
 Visit lmctruck.com/product-videos

Upgrade your power window harness for better power delivery to the window motors for modern day speed and reliability. The heavy-duty harness draws power directly from the battery compared to the original wiring that draws its power from the window switch. Harness has separate relays for up and down functions on both front doors. Comes complete with everything needed to splice into the truck's wiring and works with factory window switches. Installation instructions included.

Hand Riveter Set ... Makes Rivet Installation Easy

PART	DESCRIPTION	PRICE
38-1239	HAND RIVETER SET	\$8.95
38-1289	HAND RIVETER SET-HD	\$19.95

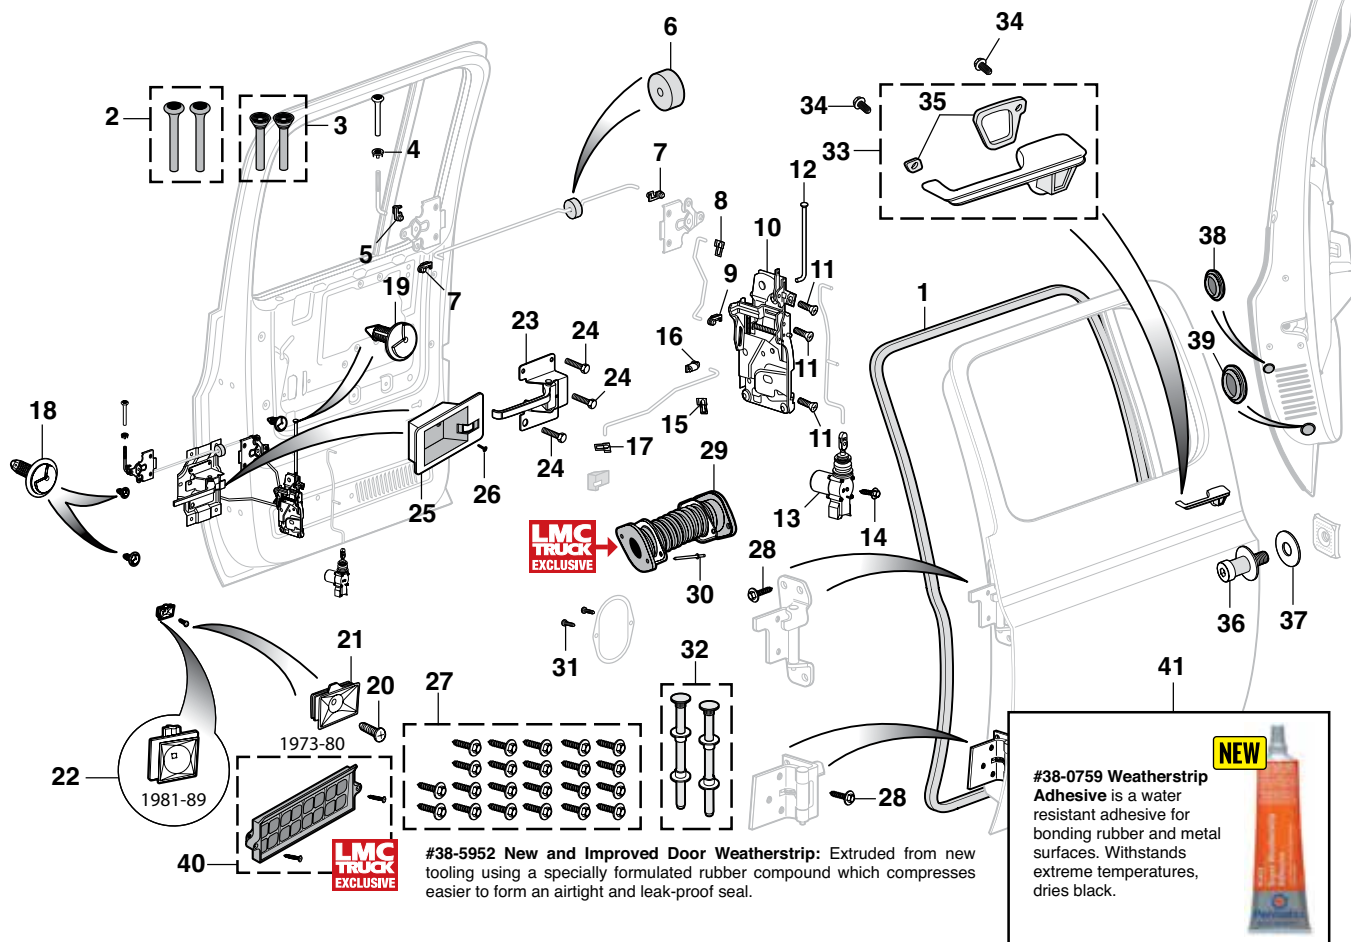

The Hand Riveter Set works great for body clips, door components, ID plates and sheet metal repairs. Comes with four nosepieces (3/32", 1/8", 5/32" and 3/16") and a wrench inside the gun's handle. 60 blind rivets included.

The Heavy-Duty Hand Riveter Set features extra long handles to give you more leverage setting rivets. A collection bottle keeps the workplace safe and clean. Includes 3/32", 1/8", 5/32", 3/16" nosepieces, plus 1/4" for larger projects like installing brackets and window regulators. Comes with a wrench and 50 blind rivets.

Note: "A" 1st design rod attaches with metal clip.
"B" 2nd design rod attaches with plastic clip.

1973-91 Vent Window Components

LMC Exclusive Vent Window Assemblies are produced from new tooling and incorporate all 1973-87 mounting points.

They feature a black frame and come preassembled with 1-piece rubber seal and chrome locking handle for security.

GM used two different vent window seals on 1985-87 models. The 1pc and 2pc designs are not interchangeable. Before ordering, determine which style you need by comparing the differences shown in the illustrations above.

1973-76 Front Door Panel Sets

These new replacement door panels (not reproductions of the originals) are made from brand new tooling to more exacting standards than previously available. These door panels are manufactured from molded, heat-resistant plastic and then painted in the available colors. The paint is mixed with an ultraviolet inhibitor to help prevent damage from the exposure to sunlight.

LMC Exclusive Replacement Door Panel Sets accept all your original accessories or you may purchase new ones.

Panels are designed to accept:

- Door pockets; see page 75.
- Door panel trim sets; sold below.
- Original armrests, or you can replace your worn out or cracked ones with a new set that can be purchased separately; see page 75.

Door panels are sold in sets of two and include pre-attached window weatherstrips. Includes installation hardware and illustrated instructions.

All trim locations for #38-2568 Center Trim Panel or #38-2569 Trim Panel are pre-marked on the back of the door panel to make cutting the holes to match your truck's original door panels simple. Easy-to-follow illustrated instructions detailing this process are also included.

Door Panel Trim Sets feature an all-metal construction with a woodgrain and black texture pattern like original. Trim is easy to install with the built-in mounting tabs.

- Door handle bezels
- Door panels are sold in sets of two and include pre-attached window weatherstrips.
- Your original armrests can be re-used or you can replace your worn out or cracked ones with a new set that can be purchased separately; see page 75.

#38-2601 Door Panels feature a pre-cut hole for the manual window crank handle. This hole can be enlarged using the pre-marked template on the rear of the door panel to fit a power window switch. Power door lock switch holes are also marked on the rear to make cutting the holes to match your truck's original door panels simple.

#38-2603 Door Panels have pre-cut holes for window handle, power window switch, power door lock switch and door panel trim.

#38-2509 (See page 79) Door Panels have all window handle, power window switch, power door lock switch and trim locations pre-marked on the back of the door panel.

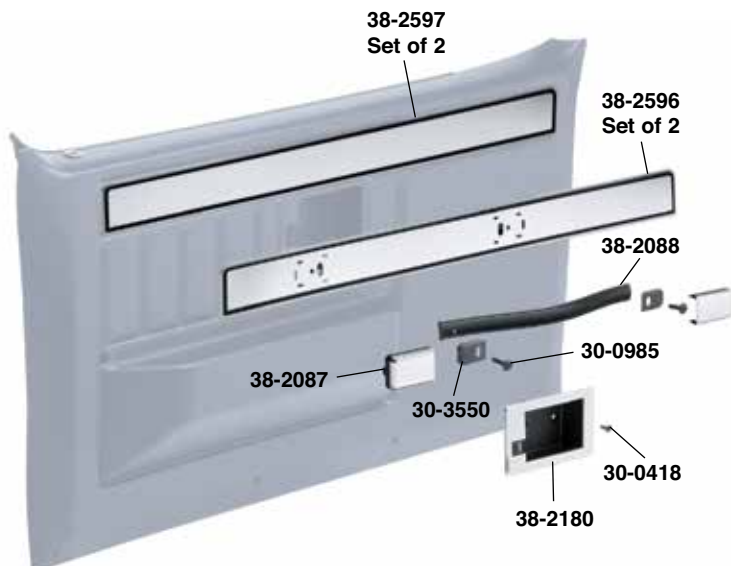

#38-2601 and #38-2509 include easy-to-follow illustrated instructions detailing this process.

1973-91 Threshold Plate Set with LED Bowtie

Replacement Remote

37-8038

Officially GM licensed custom threshold plates are made from high-quality stainless steel with a brushed finish and etched accents. The long-lasting LED illuminated

bowtie in the center glows when either door is opened and turns off when closed and can be wired to an existing courtesy light switch or one can be purchased separately.

37-8038 can be changed to one of 20 static colors with adjustable brightness or set to one of 22 dynamic modes that cycles between all the colors that can be sped up or slowed down to your liking. All this can be done from the included wireless remote control.

Threshold Plate Set requires no drilling and installs using pre-attached 3M™ tape strips. Threshold Plate Set and Courtesy Light Switch Kit include instructions and come with everything needed to install.

37-8047

Multi-Colored LED Bowtie

Fits front door thresholds only.

1973-80 Replacement Center Console with Cup Holders

Replacement console is the same dimensions as the original. Its one-piece construction is made of durable, black molded polyethylene, and mounts in original location. It also features a locking lid with one set of keys. Cup holders accommodate containers with a diameter of up to 3-1/4" and has convenient storage space between the cup holders for a garage door opener or cell phone. Use existing hardware or purchase new mounting screws below. Fits trucks with bucket seats.

LMC TRUCK EXCLUSIVE

38-6925

PART	DESCRIPTION	APPLICATION	REQD	PRICE
1973-80 STD Cab 1/2 Ton, 3/4 Ton, 1 Ton				
38-6925	REPLACEMENT CENTER CONSOLE WITH CUP HOLDERS	CHEVY GMC 73-80	(1)	\$99.95

38-2199	SEAT HEATER KIT-11 X 22 ELEMENTS	CHEVY GMC	(AR)	\$109.95

Seat Heaters are constructed with patented carbon fiber heating elements which give consistent and controlled warmth. Paper thin heating elements are water-resistant and install between any seat cover material and seat cushion. Kit includes heating elements for seat back and bottom, three-way switch (Off/Low/High), pre-wired relay harness with fuse and instructions.

#38-2198 contains two 11" x 11" heater elements. (One for seat back and one for seat bottom.) Ideal for use in bucket seat applications.

#38-2199 contains two 11" x 22" heater elements. (One for seat back and one for seat bottom.) Ideal for use in bench seat applications.

Bench and Bucket Seat Rebuilding Kits

Seat Rebuild Kits contain the necessary parts to correct seat conditions such as missing padding; weakened, sagging or broken springs; and uneven seating areas.

1973-91 3 Point Retractable Seat Belt Kit and Seat Belt Extender

3 Point Retractable Seat Belt Kit features a quick release push-button buckle and is constructed of OE-quality herringbone webbing. Seat belt kits are a simple, direct bolt-in installation using the original seat belt mounting holes. Mounting hardware for the retractor to floor bracket and for the shoulder belt is included. Reuse existing hardware to mount the retractor and the buckle to the floor or purchase new bolts; see below. Federal regulations require seat belts in all trucks manufactured after July 1971.

Seat Belt Extender provides an extra 12" in length for added comfort. Instructions and hardware are included. For use with 3 Point Seat Belt Kits.

1973-91 Molded Carpet ... Fits and Looks Like Original

Cut pile carpet is molded from the original floor pan for a perfect fit that covers the entire floor. It's made from 100% nylon with an OE type heel pad. The heavy 36 ounce jute padding under the front passenger area helps insulate against heat and reduces road noise.

Color coordinated original style heel pad is attached and an easy-to-install dimmer switch grommet is also included. The color coordinated vinyl binding helps prevent fraying and adds the finishing touch.

1973-91 EVA Sound Deadener and Heat Shield Kits

EVA Sound Deadener Kit is die cut for easy installation. Made from OE type, 1/16" thick Ethyl Vinyl Acetate (EVA) an asphalt based material, used for sound dampening. Apply directly to cab floor. Reduces road noise and cab harmonics for a quieter ride and insulate against heat and cold. To further insulate, use in combination with the Heat Shield Kits.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
1973-87 STD Cab 1/2 Ton, 3/4 Ton, 1 Ton				
1973-89 Crew Cab 3/4 Ton • 1973-91 Crew Cab 1 Ton

38-2905	HEAT SHIELD KIT-3PC	CREW CAB 73-91	(1)	\$69.95

38-2904

Installation Tip: To reach the maximum level of sound dampening and insulation, use Multi-Purpose Insulation #38-2829 to cover any areas not protected by the EVA Sound Deadener and Heat Shield Kits. Use #38-0798 Spray Adhesive, #38-0759 Weatherstrip Adhesive and #38-0716 Aluminum Tape to install sound deadener, heat shield and insulation.

1973-87 Pre-Cut Insulation Kit

38-1745

38-1746

Reduce noise and heat transfer inside your truck with a Pre-Cut Insulation Kit. Each panel has been cut to fit a specific location, and a self-adhesive backing allows for fast and easy installation. Lightweight panels are foil over foam that vary between 2mm and 5mm thick.

Pre-cut kits include thermal acoustic panels for the floor, doors and cab wall. A 2" wide roller, sold separately, helps ensure full adhesion.

Sound Control Mat

Black

Silver

3-in-1

Roller

Sound Control Mat reduces noise, vibration and heat created from the engine, road and structure of your vehicle. Can be applied to any interior surface area; cover as little as 25% of an area for a noticeable reduction. Each 2mm thick sheet consists of butyl rubber with a top layer of heat resistant aluminum that is easy to cut and conform to contoured surfaces, just peel and stick. Available in silver and black, each sheet measures 21" x 29".

3-in-1 Sound Control Mat combines the vibration absorption and heat resistant capabilities of the 2mm thick Sound Control Mat with an additional 5mm thick layer of foam for more efficient sound deadening. This makes it our most effective product for eliminating road noise and vibrations in your truck. Each sheet is 7mm thick and measures 19" x 31".

38-2835

These all black Rubber Floor Mats are molded to fit the front half of your cab's floor and are ready to go. They are a replacement of OE style mats and are one piece for easy installation. Call or go online and order today!

IMPORTANT: Before choosing a floor covering, check the floor pan configuration of your vehicle. Was your vehicle originally equipped with an Automatic (Low Hump) or Manual (High Hump) transmission? Selecting the correct floor pan configuration is an important part of ensuring that your floor covering fits properly.

All MIP Mats are only available in black.

38-2938

Heavy-duty Molded Industrial Polyvinyl (MIP) Floor Mats are made of durable 1/8" thick industrial Polyvinyl and are resistant to moisture and temperature; therefore, they will not dry rot or crack and last longer than rubber. They are vacuum molded from the original floor pan to cover the entire floor, making installation easy.

Mats are easy to clean and protect your interior from water, snow, mud and most chemicals. The MIP Floor Mat includes pre-cut 36 ounce jute padding under the passenger areas to provide a higher level of insulation against heat, cold and road noise.

1973-87 Front Floor Liner Set Is Tough and Durable

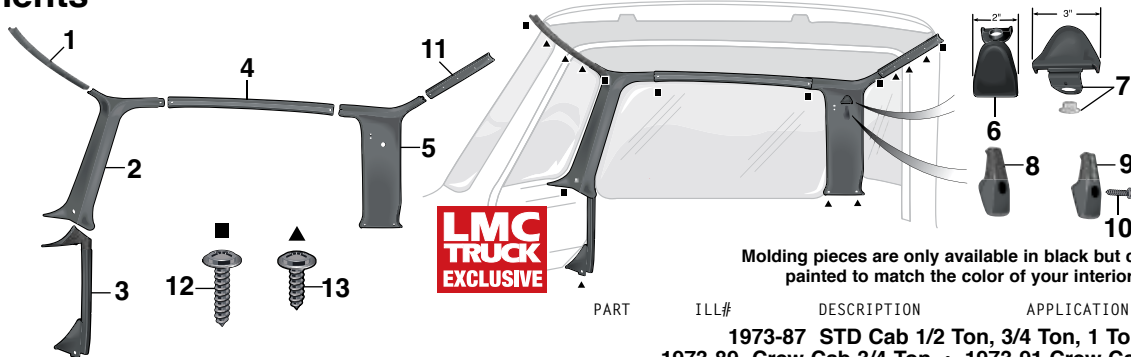

Floor Liners protect your truck's carpet from water, snow, mud and most chemicals. Molded for an exact fit from a patented rubberized thermo-plastic material, guaranteed not to crack or break. Raised outer rim traps up to 2 gallons of liquid. Driver's side mat is equipped with an extra thick heel pad to offer heel protection and guard against wear in this high use area. Floor mats conform to the shape of your vehicle's floor and have an anti-slip back. Cleanup is easy, just wipe up small areas with a cloth or remove the mat and hose it off.

1973-87 ABS Plastic Headliners ... The Long-Term Solution to Sagging Headliners

Fits Standard Cab Models Only

The original headliner board was made of pressed fiberboard. Over time the headlining material separates from the fiberboard and falls down with the fiberboard usually deteriorated beyond repair. These ABS plastic-backed headliners are a simple, cost-effective, long-term solution to this problem.

Replacement Headliners are vacuum-formed ABS plastic covered with foam-backed perforated vinyl or cloth materials in colors that fit and function as original. Replacement headliners install as original using existing trim.

Headliner Kits are designed for models not originally equipped with a factory headliner. Separate panels to cover the side pillars below the headliner are included. (Drilling into the inner roof panel is required.)

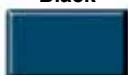

- Easy Installation
- No Special Tools
- Instructions Included

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

1973-87 Highliner with Built-In Speakers ... For a Stereo System Above the Rest

Fits Standard Cab Models Only

Highliner uses four built-in, uniquely placed speakers which guarantee true stereo separation as well as less distortion and ensures clarity at lower volume levels by neutralizing the echo effect found in most pickups. Radio console is designed to accept optional aftermarket stereo cassette players, CD players or CB radios.

Highliner is manufactured from high-impact, leather-grained, black ABS plastic and can be painted to match the color of the interior. It installs easily and includes four 4" air suspension speakers with a 5.8 ounce magnet, which handles up to 10 watts of power. Features high-temperature resistant voice coils and comes with foam speaker baffle and suppression pads, antenna extension cable, bezel plate, installation hardware and instructions.

Match the Color of Your Interior with ColorBond See Page 114

1973-91 Shelf-It™ ... The Ultimate in Organized Convenience

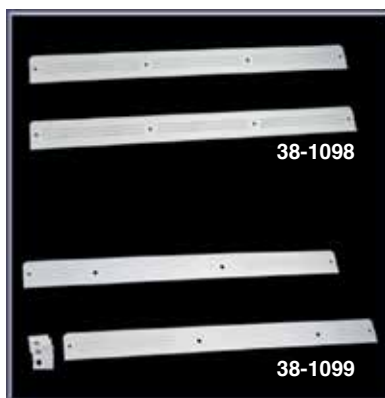

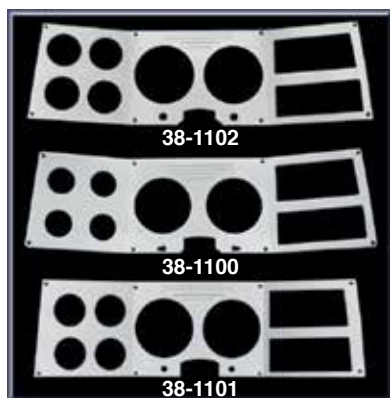

Shelf-It™ is ideal for storing items within reach but out of sight. It is made of heavy-duty extruded aluminum and features a durable, soft, velvet-like finish. Installation is easy; simply remove sun visors and install mounting brackets in the existing sun visor holes. Mount Shelf-It™ to the brackets and then attach sun visors to the Shelf-It™; no drilling required.

Color Dash Pads feature a black base painted in available colors and then coated with the same UV coating to help prevent damage.

Hardware is not included and must be purchased separately, see pages 99 and 101.

Available in 5 colors.

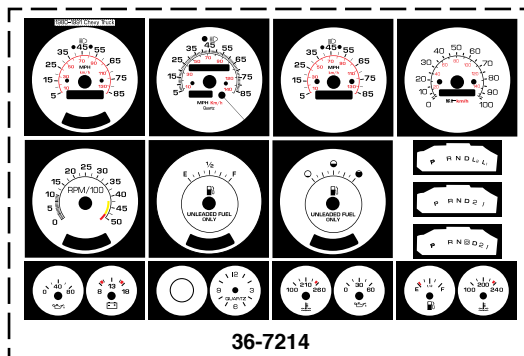

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

1973-87 White Face Gauge Overlays

White Face Gauge Overlays are computer printed on vinyl and pre-cut for a precise fit. They install easily over stock gauge faces without removing the gauge needles (except clock) and use the stock gauge lighting. No worries of broken needles or need for recalibrating gauges. Overlays will not wrinkle or bubble in hot or cold temperatures and can be removed with direct heat. Installation instructions included.

Dakota Digital RTX Gauge Clusters

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8870	GAUGE CLUSTER-RTX	CHEVY GMC 73-75	(1)	\$1230.95

RTX Gauge Clusters are focused on retaining the stock look without sacrificing late-model features. Every effort has been made to incorporate OEM design elements regarding the layout, face styling and indicators. A casual glance may dismiss these as original equipment, but once you turn the key and the LED backlighting comes on in your favorite color scheme, all doubts will be removed. A hidden rocker switch provides quick access to all settings and functions.

The digital message center can be configured to display just about any piece of information needed. Over 30 user-selectable LED color options are available with 12 factory preset color themes. Fully lit color needles, back-lighted color faces and a full color message center are dimmable for driving at night. Each analog gauge sweep (except speedometer) contains a red LED indicator for quick indication of a warning condition. Gauge clusters can also be completely configured through Bluetooth with Dakota Digital's Android and Apple free mobile app.

Includes water temp, oil pressure, and speed sensors. Existing fuel sending unit can be used. Detailed installation instructions and operation manual included. Optional expansion accessories add functionality and allow additional gauge readings to be displayed.

37-8890	GEAR POSITION SENSOR W/AUTOMATIC TRANSMISSION		(1)	\$104.95

Dakota Digital HDX Gauge Clusters

HDX Gauge Clusters add a modern look to your classic truck with a choice of black or silver alloy gauge-face styling. The built-in, capacitive-touch buttons let you easily change calibration and personal settings. Each needle hub is black nickel plated spun-aluminum to match the face-mounted buttons.

The digital message center can be configured to display just about any piece of information needed. Over 30 user-selectable LED color options are available with 12 factory preset color themes. Fully lit color needles, back-lighted color faces and a full color message center are dimmable for driving at night. Each analog gauge sweep (except speedometer) contains a red LED indicator for quick indication of a warning condition. Gauge clusters can also be completely configured through Bluetooth with Dakota Digital's Android and Apple free mobile app.

Includes water temp, oil pressure, and speed sensors. Existing fuel sending unit can be used. Detailed installation instructions and operation manual included. Optional expansion accessories add functionality and allow additional gauge readings to be displayed.

OBD-II/CAN Interface

37-8893

Dakota Digital OBD-II/CAN Interface allows you to plug directly into the engine diagnostic port (on equipped models), extracting engine and transmission data from the vehicle's computer. The interface will collect and output the following information to Dakota Digital RTX and HDX gauge clusters: vehicle speed, engine speed, engine temp, check engine indicator, intake air temp, transmission temp, ambient temp, gear position and oil pressure. Available data varies by models.

1973-89 Classic Instrument Gauge Clusters

Made in the USA

Gauge Cluster features a speedometer, tachometer and clock along with fuel, oil, temperature and volt gauges. The all-electric cluster is designed to reuse the factory dash bezel and gear indicator. Zeus Speedometer Technology (ZST) provides calibration at the touch of a button and ensures the smoothest pointer operation without requiring external control boxes. Cluster features bright LED illumination with built-in dimmer control. ZST accepts any speed signal such as a pulse generator, VSS, ECM, or GPS without the need for an additional interface.

Sending units for vehicle speed, water temperature and oil pressure are included. Gauge cluster has a programmable fuel gauge that works with original and aftermarket fuel sending units. Cluster does not have speed signal output used on trucks with TBI and factory ECU. Detailed installation instructions included.

1973-89 New Vintage USA Gauge Clusters

Period-styled and themed gauges for your classic truck. New Vintage USA gauge clusters easily interface with original engines as well as high-tech late-model engines, ignition systems, PCMs and speed sensors including GPS.

High-tech mini-OLED displays give additional information with easy to read menus, set-up and programming features. Gauges have built-in performance timers, speed warnings and shift alert. Accepts additional auxiliary inputs without requiring separate modules. All parts are direct fit designs that fit the stock gauge mounting locations. The cluster harness will need to be spliced into the factory wiring. Made in Detroit, Michigan and backed by a 5-year warranty.

Each gauge cluster contains:

- Programmable speedometer (0-140mph) with trip meter and standard odometer.
- Tachometer (0-8,000 rpm), fuel, oil pressure, coolant temperature and voltmeter gauges.
- Programmable fuel gauge works with original and aftermarket fuel sending units.
- Sending units for oil pressure, coolant temperature and vehicle speed.
- Easy-to-follow, detailed installation instructions included.

Ashtray Drink Holder Conveniently Replaces Ashtray

38-8202

Ashtray Drink Holder is finished in leather grain black vinyl with a sturdy high-density black plastic cup holder insert to securely hold beverages. Simply remove ashtray insert and slide in the drink holder. To return to a factory look, slide out the drink holder and replace it with the original ashtray. No modification necessary.

Classic dual drink holder holds most cans and cups from 12 oz. to 20 oz. Cups measure 2-3/4" diameter and 2-3/4" deep.

1978-87 Tachometer Conversion Kits

GM used three different fuel gauges in 1978-79 models. Determine which gauge you need by the photos shown.

Gauges Included with 36-1870

Gauges Included with 36-1871

Gauges Included with 36-1872

36-1873

Take the guesswork out of upgrading the instrumentation in your classic pickup with the Tachometer Conversion Kit. Each kit has been packed with every component required to convert your existing non-tachometer instrument cluster to a full tachometer package.

Each kit includes:

Tachometer Conversion Kits fit models equipped with factory gauges only.

- Tachometer
- Fuel gauge
- Tachometer wiring harness
- Tachometer mounting plate
- Mounting screws for tachometer mounting plate and fuel gauge
- Gauge cluster backing plate
- Printed circuit and retaining clips
- Instrument cluster lens and retainer
- Directional and high beam indicator lenses
- Spacers and detailed instructions

Note: "A" For models NOT originally equipped with stereo.

Cabs are predrilled from the factory for mounting rear speakers.

Dual Voice Coil Speaker

1 Year Warranty

38-8565
\$59.95

Dual Voice Coil Speaker looks like original design but features today's cutting edge technology. It provides the best possible sound from the original speaker location and is pre-wired to plug into the radio instantly. It connects both channels of the stereo to one speaker and has 70% more cone area than dual cone speakers, allowing better sound quality especially in lower bass frequencies. Features large cobalt ferrite magnets and foam surrounds and can handle 80 watts of power.

Replacement Dash Speakers

1 Year Warranty

38-8519 Chevy GMC 85-87
38-8519 Crew Cab 88-89
\$44.95

These high-quality Replacement Speakers are designed to replace factory stereo speakers. They feature a high-quality textured paper cone for better sound imaging, a dense foam surround resistant to drying and cracking and a high frequency response and can handle 60 watts of power. They also utilize large cobalt ferrite magnets with galvanized steel mounting brackets. *For use on models originally equipped with factory stereo.*

Dual Front Speakers

1 Year Warranty

38-8517
Chevy GMC
\$44.95

Dual Front Speaker Assembly installs in original single speaker location and is pre-wired to plug instantly to the radio, providing quality stereo sound to your truck. It features large cobalt ferrite magnets, foam surrounds and a high frequency response that can handle 80 watts of power. Base plate is made of duron with coaxial speakers riveted in place and is cloth covered. *For use on models not originally equipped with stereo.*

Full Range Speaker Set

1 Year
Warranty

38-8599
\$199.95

Full Range Speaker Set is the perfect upgrade to add more thump behind the seat. Speaker enclosure is wedge shaped, made from MDF and protected by durable carpet. Enclosures are a mirror image of each other with each box containing one 8" woofer with port and a soft dome tweeter for 175 watts power handling, 60-22,000 Hz frequency response and 4 ohms impedance. Acoustic batting is used to increase sound quality and performance. Chrome spring loaded terminals for easy wire installation. Dimensions: 16-1/4" wide, 13-1/2" high, 7-1/2" deep at bottom, 3-3/4" deep at top.

8" Powered Subwoofer

38-8527
\$199.95

This 8-inch powered subwoofer is housed in a rigid die-cast aluminum chassis for better heat dissipation and powered by a built-in 100-watt amplifier with 200 watts max output. Has frequency response of 35-100Hz and total harmonic distortion of 0.08%.

Features include a fully adjustable crossover network between 50-100Hz, independent gain (volume) and 0 or 180-degree phase control. Subwoofer can be connected to radio with low level input RCA connectors or wired directly to radio through the high level input using supplied wiring harness. Includes mounting brackets, wiring harness and wired remote bass control. Compact 9" x 2.75" x 13.75" size weighing 9 lbs.

RetroSound Radios ... Original Looks with Modern Features

Each RetroSound Radio looks like the original radio – down to the authentic push-button styling – but is packed with all the features of a modern stereo. Featuring a patented InfiniMount adjustable shaft system, this radio is made to fit virtually any dash opening.

Look New Again ... The Easy Way!

Now You Can Be Sure All Your Interior Colors Match

ColorBond permanently changes the color of your interior. Sprays on and dries to the touch in 45 seconds, forming a complete bond in 10 minutes. Original grain pattern is never altered or hidden, no matter how many times ColorBond is applied. Will not crack, flake, peel or rub off from solid or flexible materials because the color becomes part of the surface.

\$16.95
each

Black #37-8375	Blue #37-8382	Burgundy #37-8387
Gray #37-8383	Red #37-8386	Saddle #37-8381

ColorBond Spitshine Tire Black is a specially formulated paint, not a clear silicone dressing, designed to restore a military shine to faded and scuffed tires for a minimum of two months. Spitshine is not greasy or tacky, so it won't attract unsightly dirt and dust. Each 12 ounce can is easy to apply; first, clean tires of any existing dressings, silicones and dirt with ColorBond Prep/Cleaner. Mask the wheel or rim and apply in light coats. Reapply Spitshine Tire Black if tires become scuffed.

Not for use on tires with white lettering or sidewalls.

ColorBond Rally Wheel Paint is a specially formulated acrylic lacquer that provides a brilliant silver finish to the original rally wheels and withstands temperatures up to 250°F. Each 12 ounce can covers 6 square feet. ColorBond Prep/Cleaner should be used prior to applying ColorBond.

1973-89 Rear Mount Gas Tank

Replacing a side frame rail gas tank with a rear frame rail mount aluminum tank moves the fuel's weight, adding traction to the rear wheels of the truck. Gas tank could also be used as an auxiliary tank for extra fuel reserve.

This baffled 18-gallon bed-fill aluminum gas tank is flanged for frame rail mounting and includes fuel line fittings. Additional parts will be necessary to complete the installation. A sending unit, flush-mount fuel filler, filler hose, anti-squeak kit and mounting kit will need to be added; each sold separately. A hole cut in the bed floor for the fuel filler, an extension of the fuel feed line and sending unit wires and relocation of

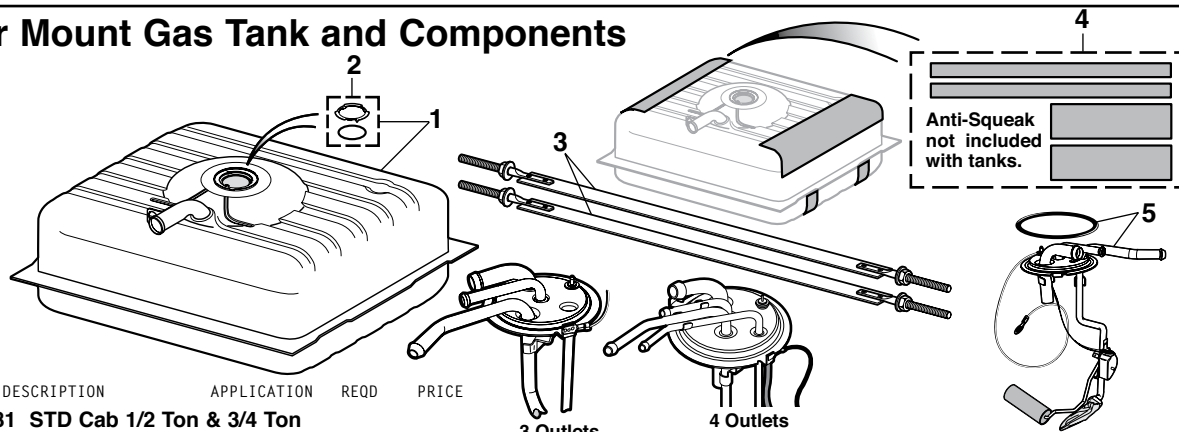

the frame mounted spare tire will be needed. Flush-mount fuel fillers are available in polished finish with keyed cap or pop-up twist knob. Order the filler hose for connection between the fuel filler and rear mount tank.

Mini Tube Cutter

Mini Tube Cutter allows quick and simple cutting of Fuel & Brake lines from 1/8" to 5/8" OD. The compact design ensures easy access to even the tightest of spots. Cutter will cut through Steel, Aluminum, Plastic, Copper and Brass line.

PART	DESCRIPTION	PRICE
38-1372	MINI TUBE CUTTER	\$8.95

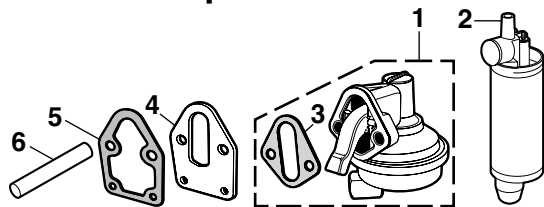

Flare Tool Set

SAE Flare Tool Set allows quick repair of Fuel, Brake, Oil and Transmission lines, taking the guesswork out of creating single and double flares. Will work with 3/16", 1/4", 5/16", 3/8" and 1/2" tube. Capable of creating single flares in copper, aluminum and brass tubing, double flares in soft steel tubing.

NotchHead Line Clamps

NotchHead Line Clamps organize both hard and soft lines and clamp them in place to keep from being chafed on sharp edges or crushed under moving components. Easily secure lines without marring paint. Can also be used as separators for running hoses in parallel by bolting two line clamps together. Flexible lines easily snap in for quick installation and mock-ups. Mounting hardware included in each kit.

Fuel Pump Control Module

Updating your truck to an electric fuel pump? Wiring the pump to an on-off switch or to a simple ignition switched source isn't the best idea. If an accident occurs, your pump would run as long as the switch is active. With the Fuel Pump Control Module, when the key is turned, the fuel pump turns on to prime the system in a three-second cycle, just like modern vehicles. Then the module uses the tach signal so the pump only runs when engine is running, giving you quicker start-ups and improved operating safety.

PART	DESCRIPTION	PRICE
36-0906	FUEL PUMP CONTROL MODULE	\$64.95

1973-89 Performance Sway Bars Give You Bolt-On Handling and Control ... Drive Faster Through Turns with Improved Traction

Improve the handling ability and cornering traction of your vehicle with a Performance Sway Bar. Too much weight transfer in a corner destroys a vehicle's road-holding ability, causing the wheels to "drift" or "creep" sideways in the turn, resulting in poor handling and excessive tire wear.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
1973-87 STD Cab 1/2 Ton & 3/4 Ton				
1973-89 Crew Cab 3/4 Ton				

Front Sway Bar

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Note: "A" For models not originally equipped with factory sway bar.
 "B" For models originally equipped with factory sway bar. Factory sway bar frame brackets must be reused.
 "C" If your truck is equipped with a large muffler tipped up on its side, use #34-2515 for 2WD 1/2 ton trucks.

Sway bars give your vehicle the balance and stability it needs in curves, passing situations and uneven surfaces.

Performance Sway Bars are fully forged from hardened, high carbon steel and powder coated black for durability. Sway bars come with urethane end link and frame bushings. Brackets included for end link style attachment.

% Increase in Resistance

Performance Sway Bar	1-1/8"	511%	274%	130%
1"	319%	171%		
Stock Bar	3/4"	7/8"	1-1/16"	

Urethane End Link Bushing Set is a replacement for end link style bushings. These non-compressing bushings allow sway bars to exert maximum control and do not collapse like normal rubber bushings.

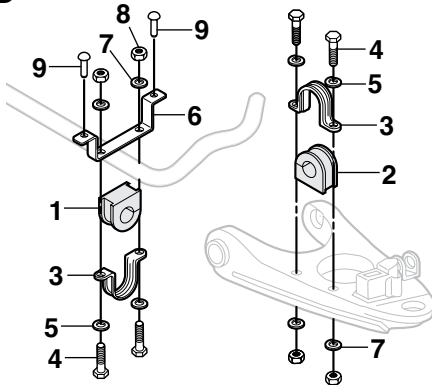

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-0120	URETHANE END LINK BUSHING SET	SET OF 8	(1)	\$19.95

Urethane Frame Bushing Set includes heavy-duty brackets and urethane bushings that reduce "give" compared to rubber bushings. Applicable to almost all sway bars that attach with standard style frame bushings and brackets.

Coil Spring Compressor

Remove and install coil springs with convenience and safety. Features safety U-bolt set, Acme threaded rods and ductile alloy cast hooks for safe and easy operation.

PART	DESCRIPTION	PRICE
34-2808	COIL SPRING COMPRESSOR	\$51.95

1973-87 Tubular Front Control Arms

Tubular Control Arms are made of fully welded, heavy-wall tubing that is much stronger than the original design. New ball joints, bump stops, preassembled cross shafts and self-lubricating bushings are included. The upper control arms have 5° of additional caster for a more positive road feel and quicker return to center steering. The lower control arms provide increased ground clearance and work with end-link style sway bars. Control arms are a simple bolt-in installation and can be installed with either factory uppers or lowers, or as a full set.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8474	TUBULAR UPPER CONTROL ARM SET	73-87 2WD 1/2T	(1)	\$329.95
37-8476	TUBULAR LOWER CONTROL ARM SET	73-87 2WD 1/2T	(1)	\$529.95

KYB® Gas-A-Just Shock Absorbers: Features higher gas pressure to provide unsurpassed control on even the most demanding roads. Eliminates the age old problem of performance fade by eliminating aeration and foaming, a problem with other shocks that use two-tube construction that allows air to mix with fluid.

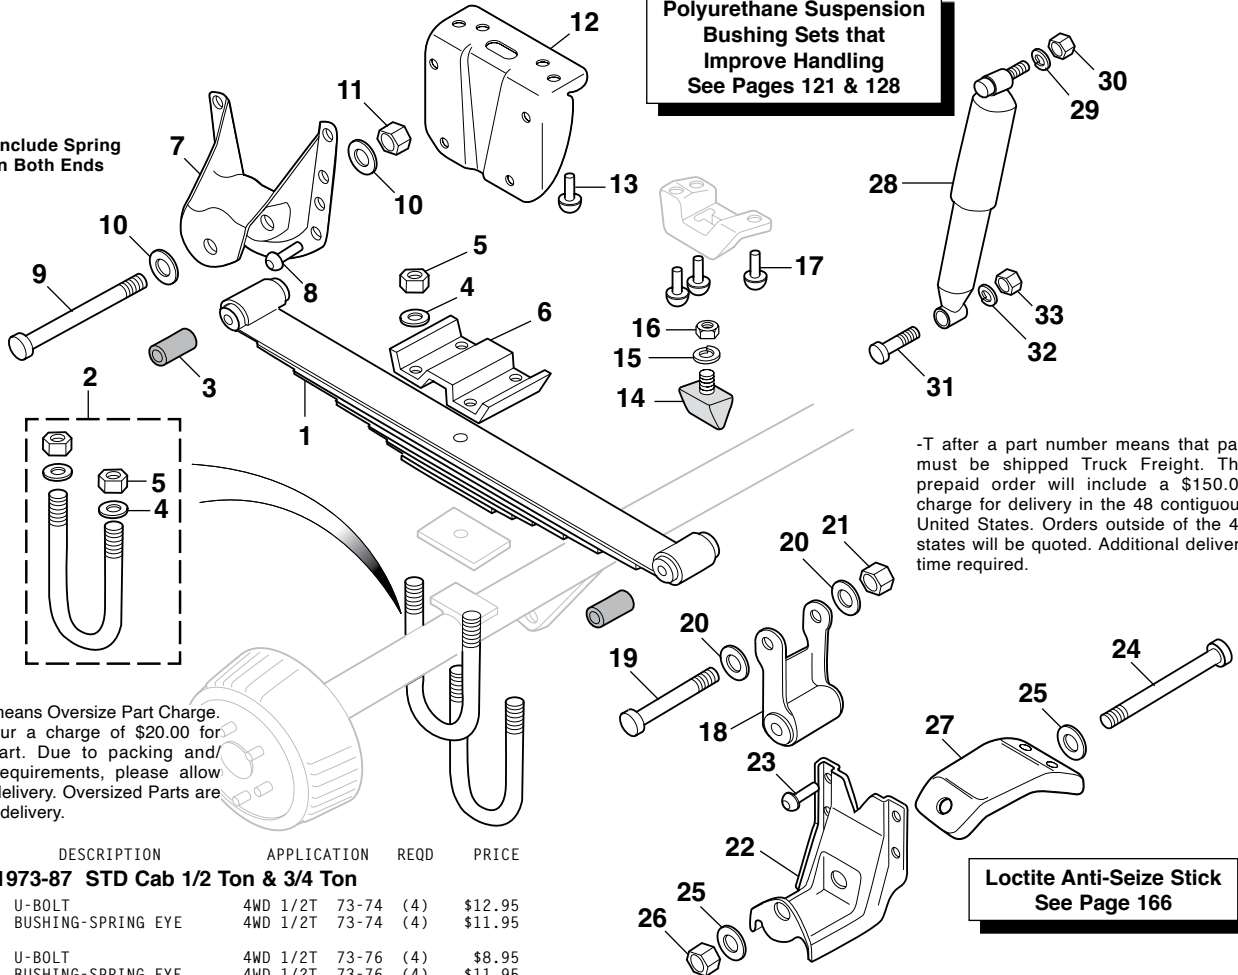

GR-2 Gas Shock Absorbers: Features lower pressure for riding comfort with improved handling and response only gas shocks can provide at an economical price. The economical way to step up from hydraulic shocks to the quality ride and control of gas.

1973-87 Frame Hardware Kit

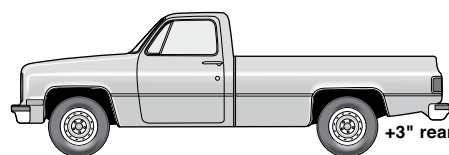

A Frame Hardware Kit includes bolts to replace rivets that attach spring hangers, frame brackets and crossmembers. Replaces twenty 3/8" diameter rivets with high-quality grade 8 bolts, flat washers and torque lock nuts.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
30-1146	FRAME HARDWARE KIT-80PC	CHEVY GMC 73-87	(AR)	\$12.95

1973-87 3" Body Lift Kit ... Makes Room for Larger Tires

Normal

+3" front

PART	DESCRIPTION	APPLICATION	REQD	PRICE
1973-87 STD Cab 1/2 Ton & 3/4 Ton				
37-6501	3" BODY LIFT KIT W/O DSL STD CAB	FLEETSIDE 73-87	(1)	\$159.95
37-6502	3" BODY LIFT KIT W/O DSL	STEPSIDE 73-87	(1)	\$244.95

Read This: Installation of a body lift will change the center of gravity and the handling characteristics of the vehicle. Because of the higher center of gravity and larger tires, the vehicle will handle and react differently both on and off road. You must drive it safely! Extreme care must be taken to prevent vehicle rollover or loss of control, which could result in serious injury or death. Avoid sudden sharp turns or abrupt maneuvers and always make sure all vehicle occupants have their seat belts fastened.

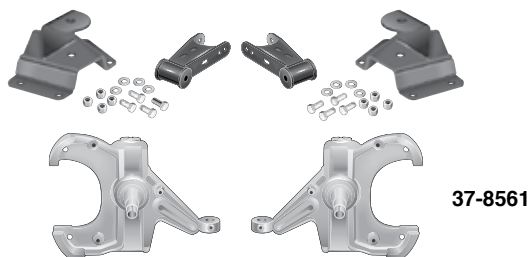

A Body Lift spaces the body away from the frame to make room for larger tires without altering the suspension. Body Lift Kit includes reinforced nylon spacers, compression tested to 50,000 psi and plated grade 5 hardware. Since the stock suspension is not affected, and larger tires are normally part of the plan, new shocks are recommended.

1973-87 Lowering Kits**Coil Spring Lowering Kit**

Kit contains:

- 2" Drop Coil Springs

3 Ways to Lower Your Truck

Factory Truck Stance

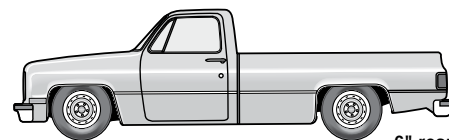

-2" front

LOWER - Lower your truck with shorter Drop Coil Springs in the front and Spring Shackles in the rear. This is the most economical way to lower your truck.

-2-1/2" front

DROP - Drop the front of your truck with Drop Spindles and the rear with Spring Hangers and Shackles. Drop Spindles are the best way to lower your truck because they do not affect other suspension components. Original front suspension geometry and ride quality are maintained.

-4-1/2" front

SLAM - Combine Drop Spindles and Springs in the front with an Axle Flip Kit and C-Notch in the rear to take your truck as low as possible. We have the parts you need to slam your truck for a great look and a smooth ride. Take your truck to the maximum possible "lowness".

1973-87 Crossmembers ... For Lowered Trucks

37-8459

Tubular Transmission Crossmember is designed specifically for lowered trucks with stock or custom exhaust systems. Crossmember bolts into existing holes on lower frame rail and matches up to all factory engine and transmission combinations. Low-profile design provides plenty of room to tuck exhaust up over the crossmember and keep it from hanging below the frame rail. Made with a durable black powder coat finish and includes installation hardware.

Crossmember is lighter and stronger than original and is designed for TH700-R4, 4L60, 4L60E, 4L80, and 4L80E automatic transmissions.

1973-87 Drop Shackles and Spring Hangers

37-8526

37-8525

The Drop Shackle Set lowers the rear of your truck 1" or 2". This is the simplest way to lower the rear and is an easy way to make your truck look more level. Requires notching of cross sill for clearance.

The Drop Spring Hanger Set replaces the original front hangers and drops the rear of your truck an additional 2". Combined with the Rear Spring Shackle Set, you can drop the truck a total of 3" to 4". If you are dropping the rear 4" or more then you need shorter rear drop shocks listed below.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
	1973-87 STD Cab 1/2 Ton			
37-8526	DROP SHACKLE SET-1"-2"	REAR 2WD 1/2T 73-87	(1)	\$59.95

1973-89 Heavy-Duty Steering Shaft Assemblies

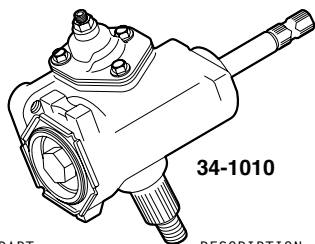

34-0870

PART	DESCRIPTION	APPLICATION	REQD	PRICE
1973-87 STD Cab 1/2 Ton & 3/4 Ton 1973-89 Crew Cab 3/4 Ton				
34-0870	HD STEERING SHAFT ASSEMBLY	CHEVY GMC 73-78	(1)	\$279.95
34-0871	HD STEERING SHAFT ASSEMBLY	CHEVY GMC 79-87	(1)	\$279.95

Heavy-Duty Steering Shaft Assemblies are made from chrome moly steel billets and incorporate needle bearings for precise road handling. The universal joint uses sealed, permanently lubricated needle bearings making it maintenance free. This Assembly adds a measure of safety to the steering system with needle bearing U-joints and a telescoping shaft. If there is play in the steering system, your truck will have loose and vague steering. You may feel a looseness when you hit a bump or truck may wander in crosswinds. Order yours today!

Proudly made in the USA and carries a Five-Year/50,000 Mile Warranty (whichever comes first) against defects in materials and workmanship.

1973-89 Manual Steering Gears

34-1010

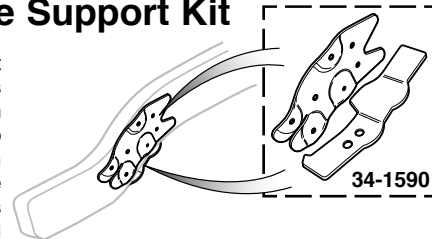

Core Refund Information - Steering Gear: A rebuildable core will have no excessive wear. No disassembled units. No worn, broken, scored, damaged, cracked, frozen or rusted housings. No broken or damaged mounting points. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

1973-91 Frame Support Kit

Frame Support Kit reinforces weak areas on the frame common on 4WD models due to high loads placed on the steering gear or the addition of larger tires or a front locker and

provides extra strength around the steering gear mount. Kit includes formed, 1/8" thick steel plates that mount on the outside and lower frame rail. Welding required for installation. Instructions included.

1973-76 Quick Ratio Power Steering Gear

Trucks Without Hydraboost or Diesel Engine

34-0748

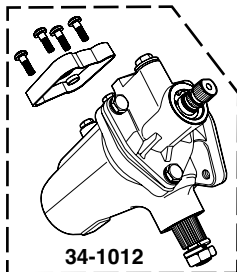

34-1021-Z

Improve the steering response and handling of your truck with a Quick Ratio Power Steering Gear. The Quick Ratio Gear only requires 3-1/4 turns lock-to-lock compared to the factory gear that requires 4-1/2 turns. Remanufactured from an original style power steering box and includes a new steering coupler for a bolt-in installation.

Core Refund Information - Steering Gear: A rebuildable core will have no excessive wear. No disassembled units. No worn, broken, scored, damaged, cracked, frozen or rusted housings. No broken or damaged mounting points. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

1973-79 All New Quick Ratio Power Steering Gear

34-1012

34-0743

The 500 series power steering gearbox is manufactured using all new components and features a 14:1 sport ratio to provide superior directional control, steering response and road feedback. A nice performance upgrade from the stock 800 series power steering box, it requires only 3-1/4 turns lock-to-lock vs. 4-1/2 turns for the stock gearbox. Bolt-on installation works with the stock pitman arm and power steering hoses. Requires use of steering coupler #34-0743, sold separately, see below.

Lock Plate Compressor

Threads on to steering shaft and compresses the lock plate to allow removal or installation of the lock plate retaining ring when accessing the turn signal switch on tilt steering columns.

38-1214

Pivot Pin Remover

Removes the pivot pins on tilt steering columns to allow access to the ignition rack and the steering column bolts that inevitably loosen up over time.

PART	DESCRIPTION	PRICE
38-1213	LOCK PLATE COMPRESSOR	\$12.95
38-1214	PIVOT PIN REMOVER	\$7.95

Steering Wheel Puller

38-1199

Steering Wheel Puller features forged, milled yoke and center screw with pointed/removable adaptor. Includes five sets of bolts in standard and metric sizes. Can also be used to remove pulleys, flanges and gears.

PART	DESCRIPTION	PRICE
38-1199	STEERING WHEEL PULLER	\$26.95

1973-87 Power Rack and Pinion Kit

A bolt-on Power Rack and Pinion Steering Kit for a square body truck. Rack mounts using the same mounting locations as original steering gear and idler arm. The rack has been made with the correct ball center dimensions to eliminate bump steer, reduce steering effort, and greatly improve handling and overall feel. Kits are designed to fit trucks with small block Chevy V8 engines without air conditioning.

Kit includes:

- Power Rack and Pinion – with mounting bracket
- Power Steering Pump Kit – includes pump with reservoir, mounting brackets and hoses
- Steering Shaft Kit – includes steering shaft and U-joints
- Mounting hardware and instructions

1973-78 Tilt Wheel Steering Column ... For Your Classic Truck

This is a new adjustable tilt wheel steering column built specifically for your truck, not a universal column that requires modification. Column includes a built-in ignition switch and is available in ready-to-paint brushed steel or show-quality chrome. Two wiring plugs are included but not hard wired; use the plug that matches your wiring. Installation is easy. The original under dash mount bolts directly to the column, and the original floor support is used. The original turn signal harness plugs into the column. The ignition uses the terminals from your original ignition switch plug. Simply remove the terminals from the original plug, and snap them into the new mating plug included with the column. Column is backed by a 3 year warranty. If you have a 1974-78 truck, your original steering wheel will fit this column. If you have a 1973 truck or want a different steering wheel, you will need one of the steering wheels listed on page 133 and either a #38-1182 or #38-1186 Install Kit, or choose the Chromed Billet Steering Wheel listed on page 132.

A Column Install Kit is required if you are replacing a non-tilt column.

You will also need a Shift Indicator listed below.

Pitman Arm Puller

The Pitman Arm Puller features a forged, heat-treated steel yoke that is designed to wrap securely around the pitman arm to allow for easy removal. Heavy-duty center screw has pointed tip and 3/4" hex head. Opening: 1-5/16" (33mm). Depth: 2-1/2" (64mm).

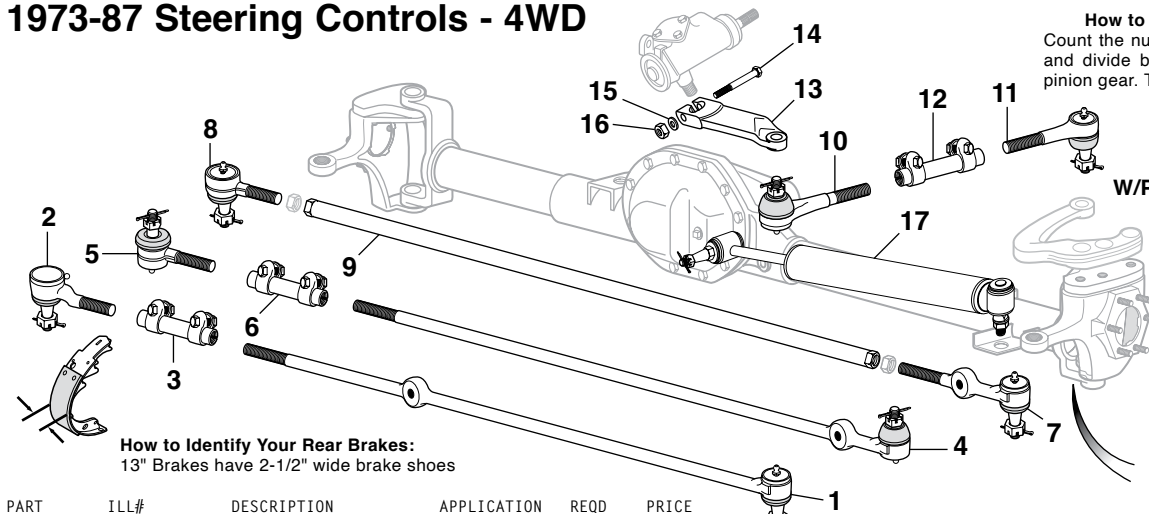

PART	DESCRIPTION	PRICE
34-2202	PITMAN ARM PULLER	\$19.95

A Steering Stabilizer Kit is basically a horizontal shock absorber that helps to stabilize the steering system. The kit not only helps to stabilize the steering, but can also help in the prevention of "Bump Steer", when the steering wheel jerks suddenly as a result of hitting a pothole or object in your path. These kits will also help to reduce normal wear on vital suspension pieces, and make tires last longer. This kit is especially helpful for trucks whose original equipment tires have been replaced by larger or wider ones.

Note: "C" With 13" rear brakes.
"D" With 10-1/2" diameter ring gear.
"E" 2nd design - used with 6-3/8" wide brake drum.
"F" With 9-1/2" diameter ring gear.

Drum Brake Pliers

PART 38-1288 DESCRIPTION DRUM BRAKE PLIERS PRICE \$8.50

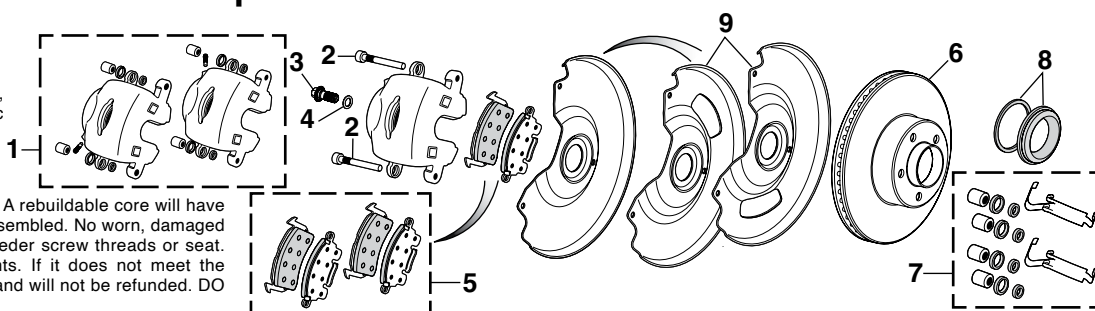

1973-89 Rear Drum Brake Components

1973-89 Front Disc Brake Components

Caliper sets include: Bushings, O-rings, Grommets and Bleeder Screws. Disc Brake Pads are sold separately.

Core Refund Information - Calipers: A rebuildable core will have no excessive wear. Caliper must be assembled. No worn, damaged or cracked castings. No damaged bleeder screw threads or seat. No worn or elongated mounting points. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

1973-89 Stainless Steel Brake Hose Sets

Stainless Steel Brake Hoses feature stainless steel braided hose with factory assembled, zinc-plated fittings. These hoses increase braking performance and reduce pedal travel by eliminating hose expansion common to rubber hoses. Each set comes with all necessary hardware and fittings.

1973-87 Hydraulic Brake Assist Kit

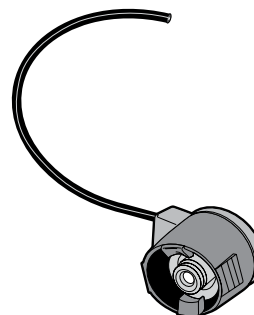

Replace your manual or vacuum-assisted brakes with a powerful and compact modern hydraulic assist unit that puts out 1,800 psi at the wheels for improved braking performance and safety. Kit will work on any motor with a power steering pump, since vacuum to the booster will no longer be required.

Street Beast Kit contains a direct fit hydraulic brake assist unit, master cylinder, firewall mounting bracket, high pressure and return lines, pedal rod and mounting hardware.

1973-87 Rear Disc Brake Conversion Kit

37-8546

Rear Disc Brake Conversion Kit converts rear drums to 12" rotors with single piston calipers. Rear disc brakes improve your truck's braking system and provide reliable, all-weather performance. Kits are available with either standard or cross drilled/slotted rotors for better performance, longer life and cooler braking temperatures.

Rear Disc Brake Kit will work with 15" or larger wheels. Disc Brake Proportioning Valve #37-8546 is also required.

Kit contains 11" standard or performance cross drilled/slotted rotors, single piston calipers with semi-metallic pads, parking brake cable extenders, brake hoses, pre-bent rear brake lines, mounting brackets and hardware.

PERFECT TORC Transmission Controller

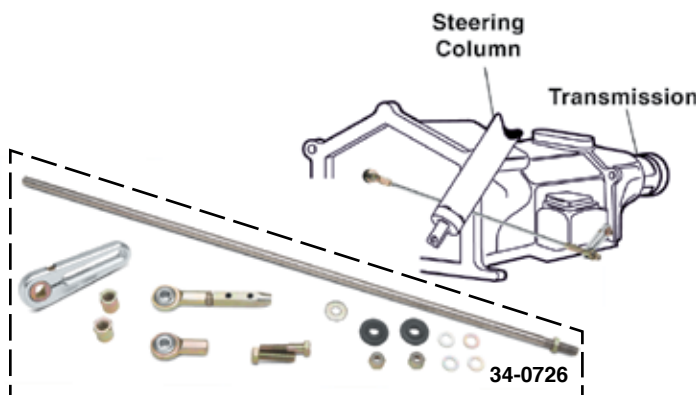

Made in the USA.

The PERFECT TORC Transmission Controller is the stand-alone electronic transmission control unit you've been waiting for. Installation and initial setup is easy, and the controller is supplied with base calibrations for your transmission type, so you can be up and running immediately after installation. The PERFECT TORC Transmission Controller can be tuned using the provided calibration software and a Windows-based laptop, and basic tuning options are available without ever plugging into a laptop. With a digital display, two separate shift tables, and the ability to perform on-the-fly calibrations, the ultra-reliable and vibration-resistant controller supports paddle and simple push button shifting. The system is designed to work seamlessly with GM 4L60/65E and 4L80/85E transmissions on fuel-injected, carbureted, and diesel engines.

Note: GM 4L60E transmission must be 1996 or newer. GM 4L80E transmissions must be 1995 or newer.

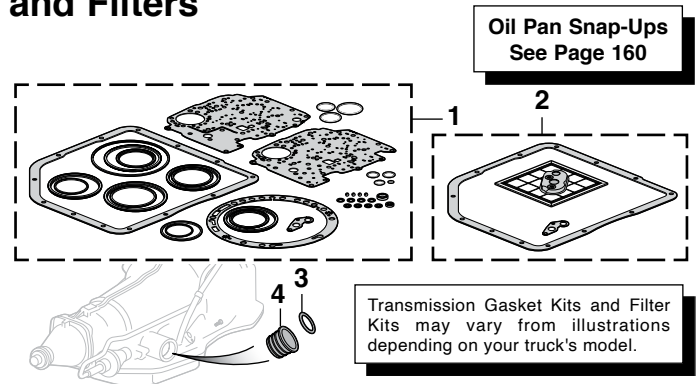

1973-86 Transmission Shift Linkage Kit

The Transmission Shift Linkage Kit is ideal for vehicles that have undergone a steering column swap, transmission swap or simply need to upgrade from the old binding or sloppy automatic transmission shift linkage. Kit includes stainless steel shift rod, splined selector shaft bushings, fully adjustable linkage arm, spherical rod ends, hardware and instructions. For use on GM TH350, TH400 and TH700R4 transmissions.

1973-89 Auxiliary Transmission Oil Cooler

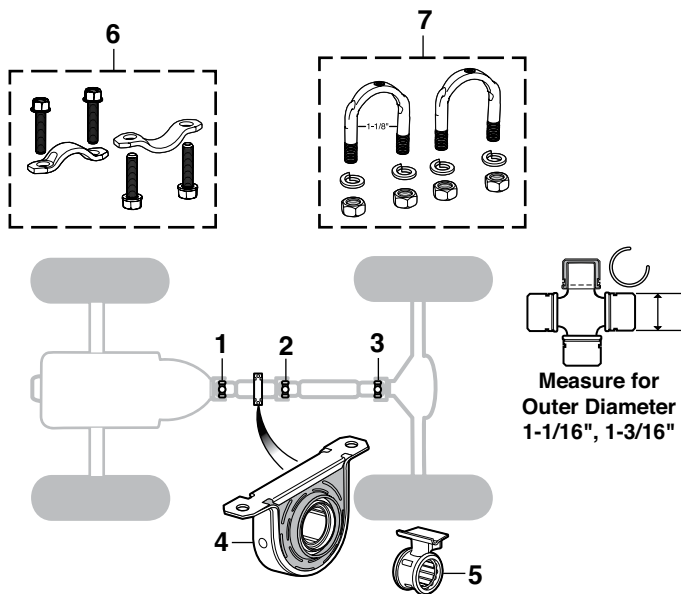

Auxiliary Transmission Oil Cooler reduces the operating temperature and extends the life of a truck's transmission. Pressure tested at 150 PSI with ultrasonically soldered aluminum tube and fin construction for reliability, this transmission cooler is compatible with OEM cooler systems and has an 18,000 lb. GVWR capacity when installed in line with existing transmission cooler. Features 3/8" push-on hose barb connections for quick and easy installation. Core dimensions are 7-1/2" x 8-3/4" x 3/4". Includes mounting hardware, hose and clamps.

1973-84 Rod End Clutch Linkage Kit

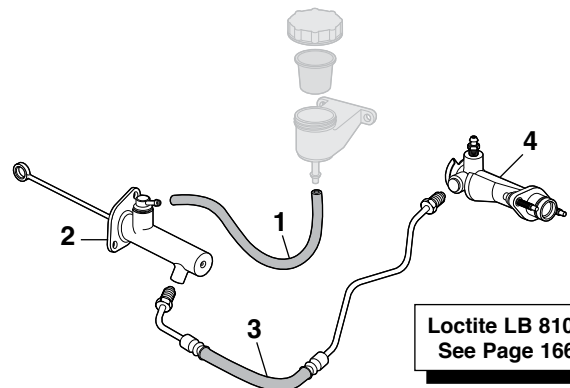

A new Rod End Clutch Linkage Kit replaces a worn factory clutch linkage that has failed due to metal-to-metal contact. Adjustable linkage rods feature a spherical bearing end for smooth and maintenance-free clutch operation. The durable, teflon-lined bearings are self-cleaning and require no lubrication.

For off-road applications, the rod end design allows up to 15 degrees of pivot to accommodate for frame flex, thus reducing the risk of the clutch bellcrank coming off of the factory pivot points. Kit includes upper pushrod, lower pushrod, hardware and instructions. Call or go online and order yours today!

4WD Transfer Case Components

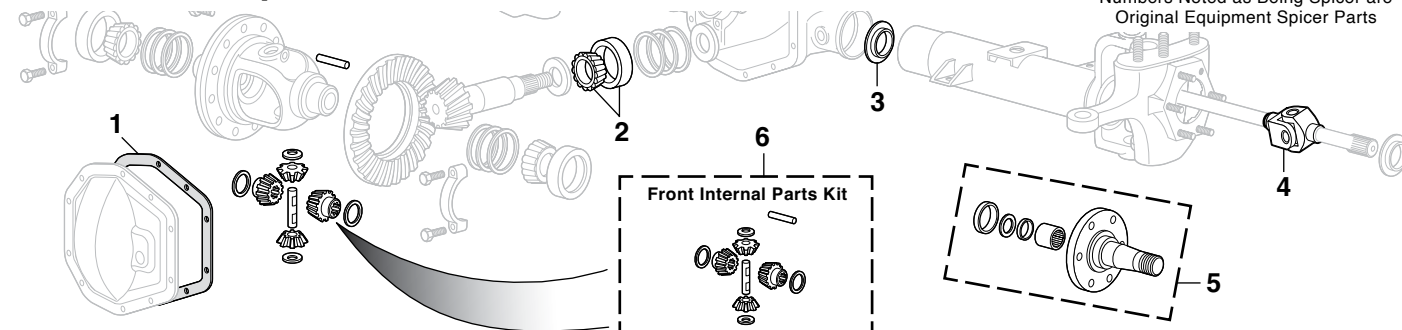

Transfer case chains can stretch due to heavy use or high mileage and cause damage to the transfer case housing increasing the chance of expensive repairs.

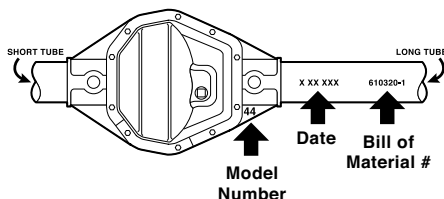

Transfer case shift fork pads allow smooth shifting between 2WD and 4WD modes by engaging the shift collars inside the transfer case. Pad failure can prevent shifting between drive modes, possibly damaging the gears inside the transfer case.

1973-80 Front Differential - DANA 44 - 10 Bolt with 8-1/2" Ring Gear and 26 Spline Pinion

How to ID a DANA-SPICER Axle

All Spicer axles are identified with a manufacturing date and Bill of Material Number stamped on the right or left hand tube. The axle model number will be cast into one of the webs as shown or it can be on the nose.

The Bill of Material Number will always contain six digits followed by a dash number. Bill of Material Numbers are listed where necessary for axle identification. When a Bill of Material Number is listed, it means the item will only fit axles stamped with that Bill of Material Number, e.g. 610320-1.

1973-87 Mile Marker Hub

Mile Marker Hubs have superior quality and are built to exacting standards with improvements over the latest patents to give years of trouble-free service. Limited Lifetime Warranty.

Street Master Hub - Features a contrasting look of chrome with a virtually unbreakable black nylon reinforced fiberglass dial.

Supreme Hub - Features the latest patented technology and smooth operation making it the ultimate in style and service.

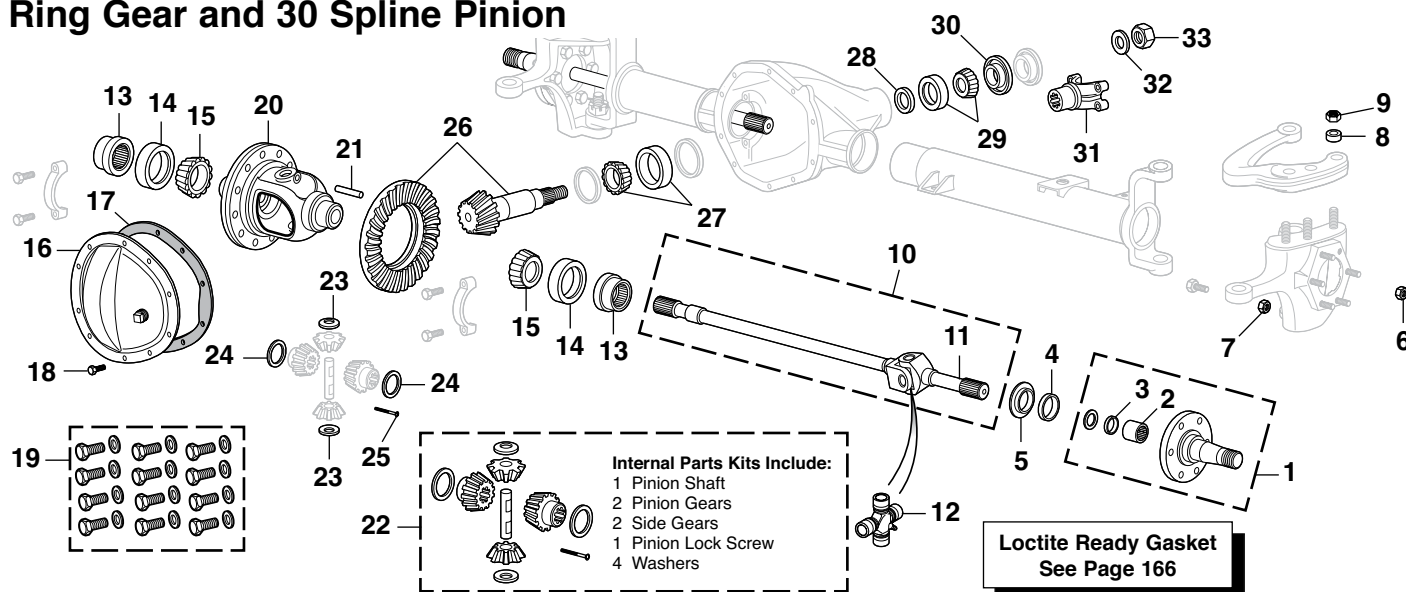

Supreme Stainless Hub - Features a "full metal jacket" cap with stainless steel exposed to the elements. Made using a new process of die-casting aluminum into a pre-made stainless jacket, it provides strength, is lightweight and corrosion resistant.

1-Piece Driveshaft

How to Identify Your Truck's U-Joints

Inner Lock Ring U-Joint

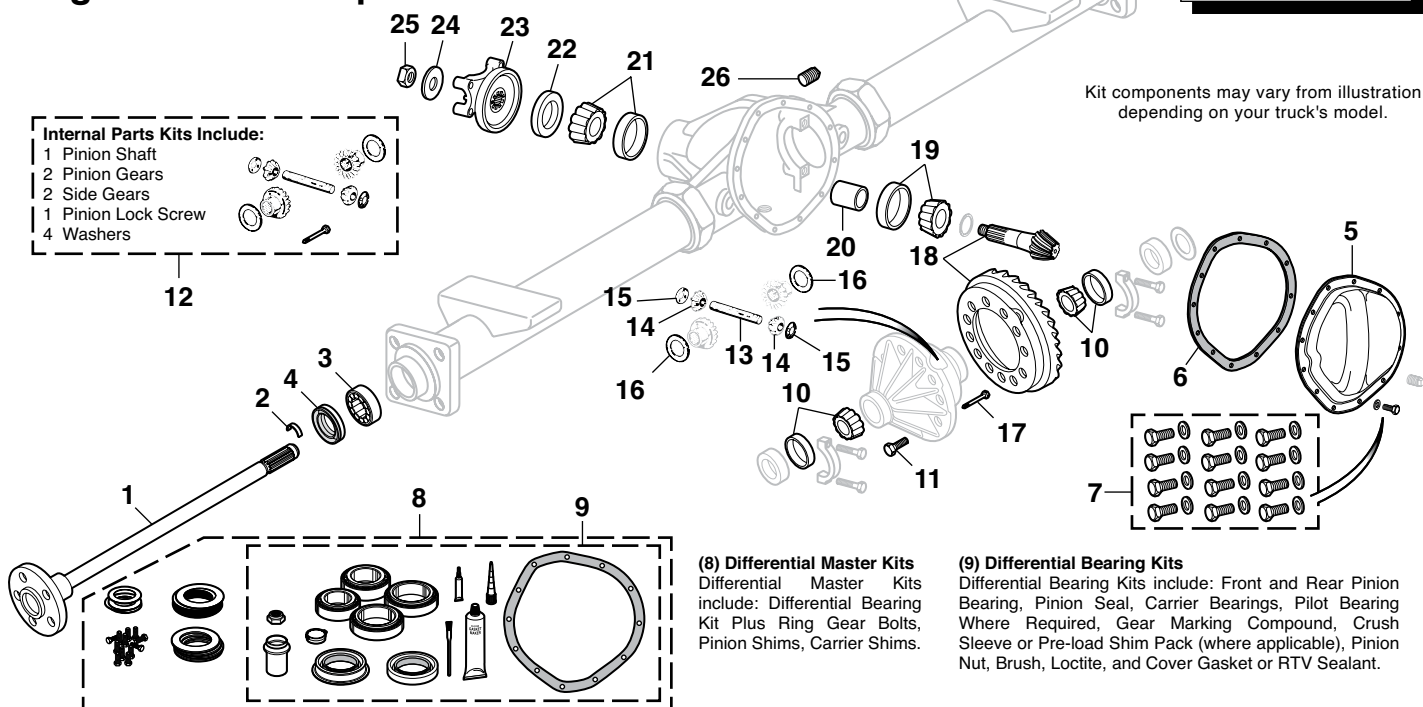

Outer Lock Ring U-Joint

1973-81 Rear Differential - GM 12 Bolt with 8-7/8" Ring Gear and 30 Spline Pinion

Loctite Ready Gasket
See Page 166

Internal Parts Kits Include:

- 1 Pinion Shaft
- 2 Pinion Gears
- 2 Side Gears
- 1 Pinion Lock Screw
- 4 Washers

(8) Differential Master Kits
Differential Master Kits include: Differential Bearing Kit Plus Ring Gear Bolts, Pinion Shims, Carrier Shims.

(9) Differential Bearing Kits
Differential Bearing Kits include: Front and Rear Pinion Bearing, Pinion Seal, Carrier Bearings, Pilot Bearing Where Required, Gear Marking Compound, Crush Sleeve or Pre-load Shim Pack (where applicable), Pinion Nut, Brush, Loctite, and Cover Gasket or RTV Sealant.

How to choose the correct Ring & Pinion: Each ring and pinion gear set sold below is for replacement use only. Gear ratio changes are possible as long as the ratio selected is within the range of ratios available for the carrier. See chart below for carrier/case breaks by differential model.

Truck 12 Bolt

Series 2 = 2.73 - down (smaller numerically)
Series 3 = 2.76 - 3.42
Series 4 = 3.73 - up (larger numerically)

How to I.D. Your Rear Axle Ratio: Count the number of teeth on your ring gear and divide by the number of teeth on your pinion gear. The result is your rear axle ratio.

$$43 \div 14 = 3.07 \text{ Rear Axle Ratio}$$

Ring Gear 43 Teeth
Pinion Gear 14 Teeth

Switch-Ball™ Set

37-7433

Switch-Ball™ Set - Constructed from premium grade steel with nickel-chrome plating, the Switch-Ball™ Set has an exclusive 'J' Groove design that ensures that the ball is installed on the shank and engaged by a coupler, making the hitching system safe and secure. Weight bearing capacity rests on shank to relieve stress away from the ball, thus freeing the coupler from friction and binding for a smoother and safer towing.

Change between three different trailer hitch ball sizes quickly and easily. No attachment pin to remove or tools required to switch ball sizes. Weight ratings for each hitch ball size are: 1-7/8" = 3,500 lbs., 2" = 6,000 lbs. and 2-5/16" = 8,000 lbs.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-7433	SWITCH-BALL SET	CHEVY GMC	(1)	\$49.95

34-0370	TRANSMISSION MOUNT	4WD	85-87 (1)	\$72.95

Transmission Mounts are soft enough for smooth operation on the street, yet strong enough for use at the drag strip, off-road and circle track. #34-0360 has a unique built in safety locking feature, for added confidence. This Transmission Mount will work for trucks that have a single stud that mounts to the crossmember or two studs that mount to the crossmember.

1973-89 Front Engine Mount Insert

Hyper-Flex performance polyurethane mounts insert into existing metal shells. Must reuse existing outer shells and drill out welds or rivets to separate for installation.

#34-0382 is 3 bolt style.

Air Hold Fittings and Valve Spring Compressor

30-5088

30-5089

Remove or replace valve springs and/or valve guide seals without taking the cylinder head off the engine. Use by removing rocker arm and fastening the tool to rocker stud with rocker nut, then use an air hold fitting and compressed air to hold valves up.

PART	DESCRIPTION	PRICE
30-5088	AIR HOLD FITTING SET	\$4.95
30-5089	VALVE SPRING COMPRESSOR	\$10.95

1973-89 Air Cleaner Components

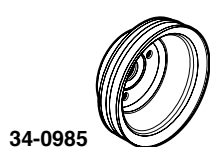

Pre-Heater Duct is 18" long and comes in two diameters, 1-1/2" and 1-3/4". *Measure your diameter before ordering.*

Manifold Vacuum Fittings and Plugs

30-1430

30-1432

30-1434

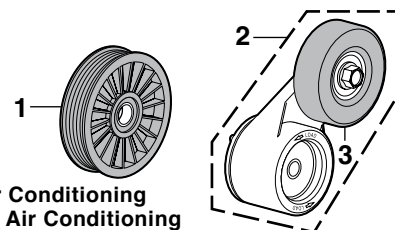

30-1435

Manifold Vacuum Fittings are used to connect to engine vacuum operated components such as power brake booster, transmission modulator, vacuum advance, HVAC components, etc. These are often overlooked or broken during attempted transfer when swapping engines or intake manifolds. Manifold Vacuum Fittings are available in a 90° or T-style fitting. The 90° fitting has a single 3/8" vacuum port and the T-style fitting has a 3/8" and 1/4" vacuum port. Both styles are available in zinc-plated steel or chrome-plated aluminum.

For those simply needing to plug the vacuum port in the intake manifold, order #30-1434. To plug the water ports in the intake manifold or water pump, order #30-1435.

PART	DESCRIPTION	REQD	PRICE

1973-79 Full-Time to Part-Time 4-Wheel Drive Conversion Kit

This 4x2 Conversion Kit converts a New Process 203 full-time transfer case to part-time operation. Benefits include reduced front driveline wear, better gas mileage, improved on-road driveability and decreased turning radius. Once installed, the kit provides for low and high range operations in both 2WD and 4WD modes. To ensure proper lubrication of the transfer case, it is recommended the vehicle be driven in 4WD mode for a few miles each week. Installation instructions included. Requires use of locking hub set, sold separately.

A Full-Time to Part-Time Conversion Kit enables the transfer case to operate in the following modes: 4 Lo, 2 Lo, Neutral, 2 Hi (Normal Street Use) and 4 Hi.

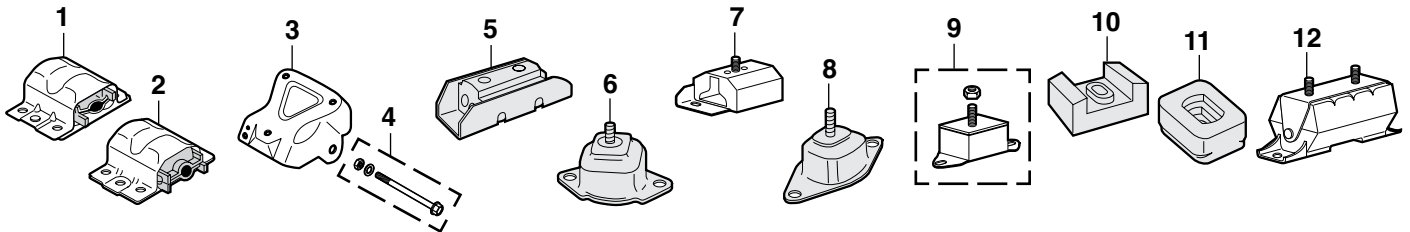

W/NP203 = Models with Full-Time 4WD

Locking Hubs Required - See Pages 148 & 149

EZ Oil Drain Valve

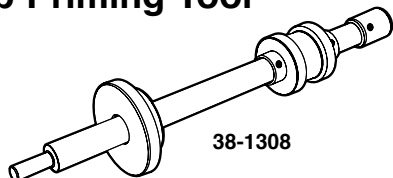

EZ Oil Drain Valve allows quick oil changes with little to no mess. Compact design has no lever to catch on obstacles. Adaptors are not required and easily installs with socket or wrench. Aluminum crush washer (included) ensures tight, leak-free seal.

Simple operation; push in, twist to the right and drain. Once drained, push in and twist to left to close. Spring-tensioned, double o-ring seal guarantees a long, leak-free life.

Oil Pump Priming Tool

Before starting a new or rebuilt motor for the first time, it's critical to prime the lubricating system to prevent premature wear. Failure to pressurize the oil could result in a dry start that can cause camshaft, bearing and/or piston ring failure. An Oil Pump Priming Tool makes this process easy — just remove the distributor, insert the priming tool and turn it clockwise with a 3/8" drill. The tool has a machined aluminum collar that simulates the distributor and helps to eliminate damaging side loading of the oil pump drive while priming.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-1308	OIL PUMP PRIMING TOOL	V6 V8 CHEVY GMC 73-87	(1)	\$19.95

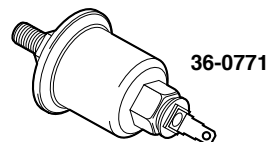

Oil Pan Snap-Ups

Oil Pan Snap-Ups hold the oil pan in position and line up the mounting holes, saving you the trouble of trying to get the bolt threads started to hold the pan up. It saves time and frustration by holding oil pan and gasket in place for quick and easy bolt installation.

Note: "A" 60 PSI and fits models with gauges.

NEW

Accessory Drive Systems

Accessory Drive Systems include:

- Powermaster 170 amp alternator
- Aluminum water pump
- Sanden AC compressor (where applicable)
- Gates tensioner and serpentine belt
- GM Type II power steering pump
- SFI Approved balancer (LS models only)
- All necessary CNC billet aluminum brackets and pulleys
- Stainless steel hardware

Available in Black Anodized and Polished Aluminum

Serpentine Drive Systems

Small Block, Big Block and LS Engines

Serpentine Drive Systems are the most compact and easiest to install serpentine kits on the market. Change the appearance and performance of your engine with pulleys and brackets CNC-machined from high quality billet aluminum. Includes six rib serpentine belt with more contact area than a traditional v-belt setup to drive all of your accessories.

Made in the USA

1973-87 Power Steering Hose Components

Designed for use with serpentine drive systems, the Power Steering Hose Kit includes all components necessary to plumb a remote reservoir power steering system. Power steering gear adaptor fitting set for inverted flare and o-ring style steering gears are sold separately.

Kit includes supply and return fittings for remote reservoir, 3' of #10 AN braided stainless steel hose for supply line to pump, two 3' pieces of #6 AN braided stainless steel hose for pressure and return lines and six hose end fittings.

#38-1788 P/S Pump Control Valve is for use with rack and pinion steering systems.

V-Drive Systems

Small Block and Big Block Engines

V-Drive Systems are the most compact and easiest to install belt drive kits on the market. Change the appearance and performance of your engine with pulleys and brackets CNC-machined from high quality billet aluminum. Includes v-belt setup to drive all of your accessories at a more affordable price than a serpentine belt setup. These kits work with mechanical and electric fans.

Note: "A" Fits models with 13" brakes.

Loctite Ready Gasket makes leak-proof gaskets for temperatures from -75°F to 450°F. Blowout resistant, sensor-safe and ideal for sealing differential covers, valve covers, water pumps, thermostat housings and more. Applies with a standard caulking gun, dries black.

PART	DESCRIPTION	PRICE
38-0767	5 OZ TUBE	\$14.95

Loctite RTV Red is a high-temperature silicone gasket maker and adhesive. It forms a tough, flexible seal that is resistant to most chemicals without hardening, shrinking or cracking. RTV Red has a temperature range of -75°F to +600°F and is sensor-safe.

PART	DESCRIPTION	PRICE
38-0774	2.7 OZ TUBE	\$6.95

Loctite LB 8108 is a high-performance synthetic grease that provides superior lubrication and protection on bearings, hinges, latches, linkage, seat tracks, slides, springs and other automotive applications. Available in a 10.1 ounce aerosol can.

PART	DESCRIPTION	PRICE
38-0748	10.1 OZ AEROSOL	\$6.25

Loctite Spray Adhesive dries clear with superior bonding strength. Excels at attaching upholstery cloth, carpeting, insulation and has many other uses. Not recommended for use on headliners.

PART	DESCRIPTION	PRICE
38-0798	10.5 OZ CAN	\$7.95

Loctite Rubberized Undercoating is a heavy-duty undercoating that seals, protects and insulates frames, floor pans, wheel wells and other body panels. Rubberized for maximum durability.

PART	DESCRIPTION	PRICE
38-0766	16 OZ AEROSOL	\$6.95

Permatex Weatherstrip Adhesive is a flexible, water-resistant black adhesive for bonding rubber and metal surfaces. Withstands extreme temperatures and resistant to gasoline, antifreeze and most solvents.

PART	DESCRIPTION	PRICE
38-0759	5 OZ TUBE	\$6.95

Loctite Copper Anti-Seize Stick protects against high-temp seizing and galling of fasteners up to 1,800°F. Perfect for spark plugs, exhaust manifold bolts, thermostat housing bolts and oxygen sensors.

PART	DESCRIPTION	PRICE
38-0765	20 GRAM STICK	\$5.95

Permatex Orange Threadlocker is a hybrid formula that combines the strength of Red with the removability of Blue Threadlocker. Orange Threadlocker is ideal for heavy-duty, high vibration applications and can be removed with hand tools without heating.

PART	DESCRIPTION	PRICE
38-0749	.34 OZ TUBE	\$9.95

Loctite Dielectric Grease extends the life of electrical components by protecting them from moisture, salt and corrosion. Also prevents spark plugs from fusing to boots. Use on fuses, battery terminals, ignition components and other electrical connections.

PART	DESCRIPTION	PRICE
38-0770	.33 OZ TUBE	\$4.95

Permatex Windshield and Glass Sealant is a silicone sealant for windshields, windows and other glass. Flows into leaks like water and dries to form a flexible, tough, clear seal that is resistant to extreme temperatures, vibration and most chemicals.

PART	DESCRIPTION	PRICE
38-0783	1.5 OZ TUBE	\$5.95

Vinyl Edge Sealer Pen is an ultraviolet light-blocking, fast-drying, clear acrylic sealer that protects the edges of vinyl decals, graphics and the ends of adhesive chrome body moldings. It features a wedge applicator tip for a smooth, even application.

PART	DESCRIPTION	PRICE
38-0921	.3 OZ PEN	\$14.95

3M™ Adhesive Tape is a high-performance, double-sided tape for all types of accessories, both interior and exterior. The tape's foam core allows it to expand and contract with temperature changes and to conform to surface irregularities and gaps. Includes three 1" x 12" strips.

PART	DESCRIPTION	PRICE
38-0788	3M TAPE	\$8.95

Strip Caulk is a non-hardening, non-shrinking waterproof black caulking material with great adhesion properties and is temperature resistant from -400°F to +500°F. Perfect for sealing around hoses, tubing, wiring or any other hole, joint, seam, void or gap to prevent fumes, moisture or noise penetration. Easy to apply and can be painted immediately. Contains twelve 1/4" x 12" strips.

PART	DESCRIPTION	PRICE
38-0779	STRIP CAULK	\$3.95

Penetrating Graphite Oil is a waterproof lubricant for all metal products. Keeps brake cables, speedometer cables, hinges, locks and other metal applications working smoothly. Helps prevent corrosion and rust.

PART	DESCRIPTION	PRICE
38-0747	.5 OZ TUBE	\$2.95

Seam Sealer provides superior adhesion and flexibility without cracking or peeling. Its self-leveling qualities make it an excellent sealer on cowl, floor, doors and wheel house seams. Skin time is 1-2 minutes and can be painted in 30-60 minutes. Applies with a standard caulking gun.

PART	DESCRIPTION	PRICE
38-0781	11 OZ TUBE	\$9.95

Flo-Tek Aluminum Performance Cylinder Heads

38-4564

38-4520

38-4521

38-4525

38-4524

With Flo-Tek Aluminum Cylinder Heads, you no longer have to choose between performance, quality and price. Out of the box, these heads deliver exceptional flow numbers – power ideal for the street and strip. Cylinder heads include phosphorous bronze valve guides, high-quality valves with high-nickel valve seats, and premium springs. Heads are drilled and tapped for accessories.

Flo-Tek premium alloy castings are inspected and assembled in the USA.

Note: Chevy small block heads are a straight plug design and tapped for use on valve covers with either center bolt or perimeter bolt pattern.

Edelbrock Aluminum Performance Intake Manifolds

PERFORMER RPM: A dual-plane, high-rise manifold designed with a 180° firing order produces incredible top-end horsepower while retaining great throttle response. Their larger plenums and runners match high-lift cams, free flowing exhausts and other modifications of a performance engine. Great for street or strip.

RPM AIR-GAP: The RPM Air-Gap offers the same proven qualities of the Performer RPM but with the addition of Edelbrock's patented Air-Gap. The Air-Gap design features an open air space that separates the runners from the hot engine oil for a cooler, denser charge for more power.

1973-89 LS-Series Engine and Drivetrain Swap Components

Two of the more challenging aspects of an engine swap are engine mounting and exhaust routing. Worry no more.

The Adjustable LS Engine Mount Plate Set and the Hedman LS Swap Headers are designed to work together to eliminate a lot of the guesswork of component selection when installing a Chevy LS1/LS6 or Vortec 4.8/5.3/6.0L V8 into a 2WD truck.

LS Engine Mount Plate Set

The **LS Engine Mount Plate Set** will install an LS engine into a truck that is originally equipped with a small block V8. There are two variations to choose from: one set mounts the LS engine in the original chassis mounting position and the other mounts the engine back 1" for better weight distribution and additional clearance for engine driven accessories. Engine Mount Plates accept small block Chevrolet engine brackets and mounts; sold separately.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-6011	PLATE SET 2WD	CHEVY GMC 73-87	(1)	\$59.95
36-6013	PLATE SET 2WD-1" BACK	CHEVY GMC 73-87	(1)	\$79.95

Gauge Sending Unit Adaptor Kit

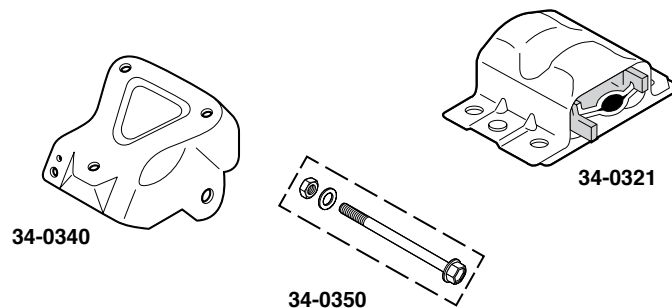

Gauge Sending Unit Adaptor Kit provides the necessary adaptors for connecting gauge sensors when swapping to an LS-Series engine.

Kit contains 12mm x 1.5 to 1/8" NPT adaptor for water temperature; low profile water temperature sensor; 16mm x 1.5 to 1/8" NPT adaptor for oil pressure; resistor for tachometer correction; and detailed instructions.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-0344	GAUGE SWAP ADAPTOR KIT	CHEVY GMC 73-87	(1)	\$49.95

1973-87 LS Swap Header Set

Limited Lifetime Warranty

The **LS Swap Header Set** is available in a black painted, shortie, block-hugger design and an uncoated mid-length design, both allowing for easier installation and exhaust routing.

The block-hugger headers feature 1/4" thick mounting flanges and 1-5/8" primary tubes flowing into a 3" flange type collector. The mid-length headers feature 3/8" thick mounting flanges and 1-3/4" primary tubes flowing into a 3" weld-on ball and socket-type collector. They are supplied complete with mounting hardware, gaskets and installation instructions. O2 sensor bungs are available separately. Not legal for sale or use on pollution controlled vehicles.

36-6075

36-6078

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-6075	LS HEADERS BLOCK-HUGGER 2WD	CHEVY GMC 73-87	(1)	\$320.95
36-6015	OXYGEN SENSOR BUNG-WELD ON	CHEVY GMC 73-87	(AR)	\$4.25
36-6078	LS HEADERS MID-LENGTH 2WD	CHEVY GMC 73-87	(1)	\$349.95

Fits models with floor shift linkage. Column shift linkage may require modifications for clearance. Installations using 4L80 transmission require bell housing tabs to be trimmed for header clearance.

1973-87 Crankshaft Spacer and Flexplate

34-0346

34-0347

34-0348

Slotting of torque converter holes may be required on some models.

The crankshaft spacer, flexplate and flexplate bolts allow you to retain your existing automatic transmission when swapping to an LS-series engine. For use with GM Powerglide, TH350, TH400, 200-4R and 700R4 automatic transmissions.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-0346	FLEXPLATE	CHEVY GMC 73-87	(1)	\$61.95

34-0348	BOLT-SPACER	CHEVY GMC 73-87	(6)	\$8.95

1973-87 LS Swap Exhaust Manifolds

36-6077

These cast iron LS Swap Exhaust Manifolds are available in a black painted finish. The low-profile design allows much easier fitment than conventional tubular swap headers, while retaining the ability to support up to 500 horsepower. Exhaust Manifolds come complete with cylinder head to manifold gaskets and exhaust flanges.

Will not fit LS7, LS9 or aftermarket LSX454 engines.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-6077	LS SWAP MANIFOLDS-BLACK	CHEVY GMC 73-87	(1)	\$299.95

Stand-Alone LS / Vortec Swap Engine Harnesses

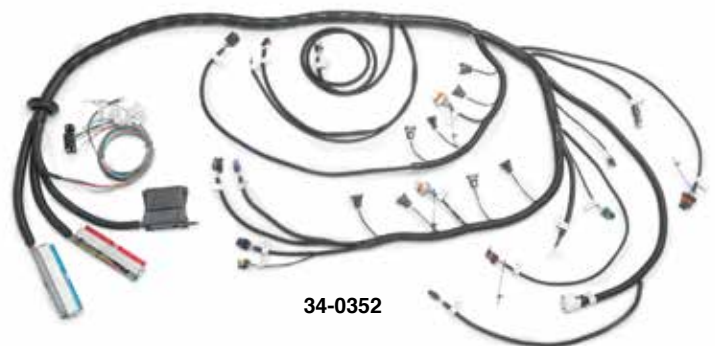

Simplify your 4.8, 5.3, 5.7 or 6.0L swap with a new Stand Alone LS Swap Wiring Harness from BP Automotive. Eliminates hours spent sorting through a used wiring harness or tracking down components to build your own harness.

Every BP harness is color coded to factory colors and includes labeled factory-style connectors, convoluted tubing, firewall grommet and heat wrap where needed. After making a few simple chassis connections, it's truly as easy as laying out the harness and plugging it in. Harnesses do not have provisions for EGR, A.I.R, EVAP or rear O2 sensors. Made in the USA.

W/O Trans means without electronic transmission or with manual transmission.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-0352	HARNES-LS1 SWAP "A"	5.7 W/4L60E	(1)	\$529.95

Thermal Spark Plug Boot Sleeve Set

Thermal Spark Plug Boot Sleeves provide thermal protection against hot exhaust headers. Double-layer gray fiberglass sleeves are non-conductive and can directly contact hot surfaces without harmful effects. Chemically-resistant 3/4" diameter braided sleeves easily slip over any spark plug wire and boot configuration to protect from temperatures up to 1200°F. Call or go online and order yours today!

PART	DESCRIPTION	PRICE
36-6190	SPARK PLUG BOOT SLEEVE SET	\$14.95

Header Wrap

Increase performance by keeping hot exhaust gasses inside the headers for maximum velocity, improved exhaust scavenging and protecting sensitive engine components from high temperatures.

Header Wrap is able to withstand temperatures up to 1,200°F and is made from vermiculite-coated, textured fiberglass yarn woven into a strong, flexible wrap that can easily be cut with scissors.

Available in 25 or 50 foot rolls of 1" or 2" widths. Two 50 foot rolls of 2" wide are generally enough to wrap standard V8 headers. Stainless steel locking cable ties keep the wrap securely in place. *Header Wrap can void warranty of some headers. Check header manufacturer's warranty before installing.*

Headers with tight bends should use 1" wide wrap for coverage. Overlap wrap 1/4" for optimum heat dissipation.

PART	DESCRIPTION	APPLICATION	PRICE

All Header Sets
Below are

Hedman Headers have 3" collector tubes for excellent exhaust flow, reducing back pressure and improving performance. Includes hardware, gaskets and instructions needed for installation. Headers are painted black. Tests have shown a 1.1 second improvement in 0 to 60 second times. Expect up to a 20% increase in horsepower and up to a 10% increase in gas mileage. Call or go online and order yours today!

Increases in fuel efficiency and horsepower are based on a truck operating at factory specifications. Increases may vary according to the condition of your truck and driving habits.

Headers listed below are **USA Street Legal ONLY** on models not equipped with factory catalytic converter.

New mid-length headers provide maximum ground clearance for lowered trucks and allow exhaust pipes to be tucked so they don't extend below the frame rails.

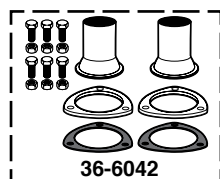

When installing headers it will be necessary to cut the existing exhaust pipes to attach the included exhaust reducers. In most cases, new lead pipes will need to be fabricated. For trucks with power steering, a Power Steering Spacer Kit #36-6023 is needed for proper belt alignment.

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

1975-89 Cat-Back Performance Dual Exhaust System with Resonator Tips

**Exceptional Sound
with Increased
Horsepower**

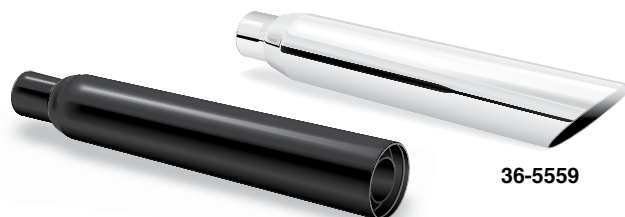

This system is designed for clearance of an original size spare tire mounted underneath the bed. If you have an oversize spare, it will have to be removed to use this system.

Cat-Back Systems do not fit models equipped with two catalytic converters or single catalytic systems equipped with a catalytic converter that has a 3" diameter exit.

These are longbed systems; front extension pipes will need to be cut to fit shortbeds.

Cat-Back Exhaust Systems have a straight-through design that reduces back pressure for more low-end torque, increased horsepower and better fuel economy. Replaces the stock exhaust system from the catalytic converter back. Manufactured from 16-gauge, mandrel bent aluminized steel, increasing flow up to 20% more than stock. Exhaust systems have 3-1/2" diameter resonator tips that replace the original muffler. Easy bolt-on installation, no welding required. Hangers, fasteners and steel clamps are included. Exhaust exits the rear of truck.

Replacement Resonator Tips

Replacement Resonator Tips

The 3-1/2" diameter resonator tips replace the original muffler and give your truck that deep performance tone without being too loud. Available in stainless steel angle tip or black powder coat blunt tip.

PART	DESCRIPTION	APPLICATION	REQD	PRICE

---------	-------------------------	----------	-------	-----	---------

Note: "A" Flanges from original exhaust manifold pipes must be reused.

With 2-1/4" tailpipes, these Dual Exhaust Systems reduce exhaust restriction and back pressure for increased horsepower and better fuel economy. Complete with bolt-on connectors that adapt to your stock manifolds ... no welding necessary! All parts and hardware for standard installation are included. The standard stock exhaust system of a truck with a 350 engine is a single 2-1/2" pipe. This means that you will be getting an 80% increase in exhaust flow, increasing horsepower by up to 18%, improving fuel efficiency and low-end torque at the same time. Increases in fuel efficiency and horsepower are based on a truck operating at factory specs.

Increases may vary according to the condition of your truck and driving habits. Manufactured from 16-gauge aluminized steel. Lasts up to twice as long as conventional plain steel systems. Made with modern tube benders utilizing mandrel bends, ensuring each bend is smooth flowing, increasing exhaust flow by up to 20% over stock systems. Call or go online and order yours today!

Rear exit exhaust systems are designed for clearance of an original size spare tire mounted underneath the bed. If you have an oversize spare, it will have to be removed to use these systems.

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

1975-89 Replacement Catalytic Converters

Limited Manufacturer's Warranty

In August 1986 the U.S. Environmental Protection Agency issued strict new guidelines regulating aftermarket Catalytic Converters. Our Replacement Catalytic Converters are designed and manufactured to meet EPA emission requirements proven and tested to be legal for road use in 49 states and Canada and are reasonably priced. Replacement converters are not legal for sale or use in California.

1973-86 600 CFM Performer Series Carburetor Direct Replacement for OE

#38-4440 - 600 cfm Electric Choke with square flange - Includes timed vacuum ports, EGR and fuel vapor outlet. Metering Jets: Primary .098, Secondary .095; Metering Rods: .073 x .047. Step-up Spring: Orange (5" Hg)

Bolts on and performs right out of the box - a direct replacement for stock Quadrajets. Calibrated to match Edelbrock Manifolds and others of similar design for a no-hassle combination.

These dependable carbs are made of durable components with no plastic parts or power valves to blow. Their two-piece design with no gaskets below the fuel level means no leaks and easy adjustments without taking the carb off of the motor.

Comes with installation kit and instructions. Includes both timed and full vacuum ports for ignition advance.

The Fuel Line and Filter Kit designed for Edelbrock Performer carbs includes a chromed hard steel line and Russell fuel filter. The Chromed Steel Fuel Line comes with a 3/8" barbed end and no filter.

1973-78 Performer Carbs require the use of #38-4708 Throttle Bracket. Performer Carb with #38-4692 Performer Manifold or cast iron center bolt head requires the use of #38-4701 EGR Spacer.

High Performance Spark Plug Wire Set

Upgrade current spark plug wires to these low resistance, high performance 8mm silicone wire sets with eight pre-terminated spark plug boots. Due to varying exhaust manifold and header styles, ignition wires must be cut to length and terminals must be crimped with an ignition wire crimp tool; sold separately. Choose the application based on the spark plug boot configuration (straight, 45° or 90°) that will work best for your truck. Distributor end terminals, boots and detailed instructions are included. Call or go online and order yours today!

1973-74 HEI Conversion Kit ... When It's Better to Be Pointless

HEI Conversion Kit converts a mechanical breaker point ignition system into an electronic ignition for improved performance and reliability. The higher voltage output of an HEI distributor allows larger spark plug gaps for added power, smoother throttle response and better fuel economy. Just locate a 12V power source, make the wiring connection to the included HEI powerlead with OE style connector and then plug in to the cap. HEI distributor is ready to install and features heavy-duty cap and rotor with brass terminals; 4 terminal ignition module and a 50,000 volt coil; low resistance, high performance 8mm black silicone ignition wire set with pre-terminated spark plug boots; all necessary distributor end terminals, boots and detailed instructions; and 1 wire hookup to ensure easy installation.

Due to varying exhaust manifold and header styles, ignition wire sets must be cut to length and the distributor end terminals must be crimped with the included ignition wire crimp tool. Choose your application based on the spark plug boot configuration (straight, 45° or 90°) that will work best for your truck. Call or go online and order yours today!

Holley In-Tank Retrofit Fuel Modules

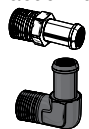

38-4598

With over 100 years of expertise in fuel systems, Holley is unrivaled in the industry. Holley In-Tank Retrofit Fuel Modules allow you to easily convert your truck's original fuel tank into a fuel-injection compatible tank with basic tools and no complexity. The universal, return-style systems fit fuel tanks up to 12" deep, and Holley's brilliant HydraMat (included) virtually eliminates any chance of fuel starvation or poor running conditions due to air entering the fuel system. The innovative billet bracket system ensures a corrosion-free life in a low-profile design that can be rotated to fit in any position needed for your application. Available with either a 255 or 450 lph (liters per hour) fuel pump.

Extra Heavy-Duty Auto Dolly Set Makes Moving Your Vehicle Easy

38-0328

XHD Auto Dolly Set, with 7,000 lbs. rating, makes it easy for one person to move a car, truck or SUV into a tight spot. Made of 1/4" thick mild steel x 12" x 16" formed plate and features 3" diameter by 1-3/16" wide swivel ball bearing caster wheels, one equipped with locking safety brake. Use on level, smooth surfaces.

PART	DESCRIPTION	APPLICATION	PRICE
38-0328	XHD TRUCK DOLLY SET OF 4	7,000 LB CAPACITY	\$154.95

Holley Sniper EFI

Holley Sniper EFI provides one of the best and most economical ways to update the performance and drivability of your classic truck. Put an end to cold start issues, hesitations, vapor lock and poor throttle response. Sniper EFI gives you all the power and reliability of electronic fuel injection with none of the tuning issues commonly associated with carburetors.

With the self-tuning abilities of the Holley Sniper EFI, installation is as simple as removing your 4 barrel carburetor, installing the EFI, running fuel lines, answering a few simple setup questions on the handheld tuner, starting the truck and letting the EFI tune itself as you drive.

Wiring doesn't get any easier. It's a simple four-wire connection, and you don't have to be a computer whiz to use it. You don't even need a laptop. Just answer a few simple questions about your engine, and the Sniper EFI system automatically creates the base map and starts tuning on its own.

Supports 250-650 horsepower with four injectors. Features an integrated ignition timing control and coil driver. A high resolution, color 3.5" touchscreen is used for initial setup, tuning, and gauge display. Includes all necessary sensors, brackets and wiring, along with a thoroughly detailed instruction manual to ease installation and setup. Available in black or shiny, ceramic finish.

A high pressure fuel delivery system is required for operation of the Sniper EFI; #38-4510 Inline Fuel Delivery Kit is sold separately.

Not legal for use on pollution controlled vehicles.

1973-86 JET Stage 2 Quadrajet Carburetors

38-4535

38-4536

38-4537

30-1057

40-0223-C

JET Performance starts with a complete disassembly of a hand-selected Quadrajet carburetor core that has been cleaned and inspected. The casting plugs are sealed with epoxy to prevent leak-down into the intake manifold. All circuits are checked for proper sizing and the calibration is checked for proper jets, primary metering rods and secondary metering rods. The carburetor is then reassembled using the highest quality components with a new float, choke pull-off and bronze throttle shaft bushings.

All Stage 2 Quadrajet carburetors undergo the following upgrades: fully recalibrated idle, off idle, main, accelerator pump and high speed circuits to match any modifications done to the engine such as intake manifold, headers, ignition or mild cam change. A Stage 2 carburetor delivers improved idle quality, instant throttle response and maximum torque and horsepower.

1987 JET Fuel Pressure Regulator Kit

38-1937

JET Performance Adjustable Fuel Pressure Regulator Kit is a direct replacement for factory unit and contains a billet adjustable fuel pressure regulator with a steel insert on adjuster to prevent stripped threads. Includes gaskets and a heavy-duty replacement diaphragm. The fuel pressure regulator kit allows for precise tuning of fuel pressure to accompany other performance modifications such as performance air filters, air intake kits, exhaust system modifications, throttle body spacers, performance camshafts and intake manifold upgrades, etc. Restores lost performance due to a worn out stock regulator. Kit reuses factory spring.

38-1937	ADJ FUEL PRESSURE REGULATOR KIT	TBI GAS	87 (1)	\$119.95

1987 Powr-Flo Throttle Body Spacers

38-4640

Powr-Flo Throttle Body Spacers are CNC-machined from billet aluminum and feature a bore engineered to increase velocity of airflow into intake manifold. This allows more air to reach combustion chamber for denser air charge and increase in fuel efficiency. The result is improved throttle response and power gains in mid-range and upper rpm operating ranges. Includes gaskets, hardware and instructions for a simple, bolt-on installation with no other vehicle modifications required.

Improve performance and fuel economy ... The Throttle Body Spacer causes the fuel to travel further, which improves fuel dispersion making it easier for the fuel to ignite and burn thoroughly. Receive increased throttle response, a 10-15% improvement in torque and gas mileage increase of up to 8%. Easily installs between intake manifold and throttle body injection unit. Will not affect computer function.

1973-89 Dual Electric Cooling Fan Assembly ...

For Improved Cooling, Fuel Economy and Power

38-4889

IMPROVES

GAS MILEAGE

Dual Electric Cooling Fan Assembly provides increased horsepower and improved MPG. Electric fans provide increased cooling at idle when needed most and eliminate the draw of a mechanical engine-driven fan. Increased airflow across A/C condenser gives cooler, more consistent A/C temperatures at low engine speeds.

Dual Electric Fan Assemblies have a quiet S-blade design and include a wiring harness, relay, adjustable fan temperature switch, mounting brackets and installation instructions.

38-4898

A/C Cooling Fan Harness activates the electric cooling fan when the A/C compressor clutch is engaged. Kit includes heavy-gauge wire harness, relay, 30 amp fuse, electrical connections and installation instructions.

1973-89 Heating Core & Blower Motor Parts

ENG = Engine
RAD = Radiator
WP = Water Pump

Blower Motor/Fan Note: Replacement blower motors and fans are "Bolt-on" type; the fan is attached to the motor shaft with a nut. Many of the original GM fans and motors were a "Press-on" type and cannot be used with "Bolt-on" fans and motors, both the motor and fan must be replaced if your original configuration was "Press-on". (All replacement motor shafts are 5/16" diameter.)

1973-89 Air Conditioning

A/C Hose Assemblies may vary in appearance from illustration depending on your truck's model.

Core Refund Information - A/C Compressor: A rebuildable core will have no broken or stripped mountings, no damaged port threads, cracked, frozen or rusted housings. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

W/AC = With Air Conditioning
W/O AC = Without Air Conditioning

Blower Motor/Fan Note: Replacement blower motors and fans are "Bolt-on" type; the fan is attached to the motor shaft with a nut. Many of the original GM fans and motors were a "Press-on" type and cannot be used with "Bolt-on" fans and motors, both the motor and fan must be replaced if your original configuration was "Press-on". (All replacement motor shafts are 5/16" diameter.)

1973-84 Air Conditioning
Compressor Upgrade

32-2701

Air Conditioning Compressor Upgrade is an all new, bolt-in aluminum 10 cylinder compressor that replaces the cast iron, 6 cylinder axial A6 style compressor originally equipped. Features an aluminum body that is 52% lighter than original material and has a more efficient design that yields less engine drag thus increasing fuel efficiency and improving engine and cooling system performance. Fits original axial compressor mounting brackets and hose assemblies and is compatible with R12 and R134A refrigerant.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
1973-84 STD Cab 1/2 Ton & 3/4 Ton

1973-87 Air Conditioning Systems

32-0561

Increase the cool factor of your truck by installing an A/C System. Kits with compressor are designed for use with small block Chevrolet engines. Order the corresponding compressor mounting bracket and engine pulleys based on water pump length and desired compressor mounting location. Kits supplied without compressor are ideal for vehicles that have swapped engines and/or already have installed an A/C compressor as part of the engine's accessory drive system. All systems are designed for use with R134A refrigerant.

These are complete A/C, heat and defrost systems that are controlled by a custom electronic slide control that fits into the factory dash opening. The evaporator unit is interior mounted under the dash and installs to the firewall. Custom metal block-off plates for the underhood

side of the firewall eliminate the bulky original evaporator/heater box and provide a clean, smooth appearance. A/C and heater fittings pass through the mounting plates with a custom rubber grommet. Condenser assembly attaches to the original mounting locations in the core support. Receiver drier is mounted to the front of condenser with custom tubes designed to fit neatly through the core support to allow for clean, simple hose routing. Step-by-step, fully detailed illustrated instructions included.

Kits for non-A/C cabs include dash vents, dash vent panel and templates for cutting existing instrument bezel and glove box. Kits for factory A/C cabs include duct/vent adaptors to work with existing dash vents.

Brackets and Pulleys

When adding A/C to Chevrolet small block V8 engines with v-belts a 2 groove water pump pulley and a 2 groove crankshaft pulley will be required. Models with power steering will require a 3 groove crankshaft pulley

32-0858

LWP = Long Water Pump
SWP = Short Water Pump.

1973-89 Radiator

Radiator Core Measurements

Radiator Part #	Radiator Core Size		
32-2934	17" H x	28-1/4" W x	2-1/2" D • 2 Row
32-2944	17" H x	28-1/4" W x	1-1/4" D • 1 Row
32-2945	21" H x	28-1/4" W x	1-1/4" D • 1 Row
32-2946	20-5/8" H x	28-1/4" W x	2-1/4" D • 2 Row

Radiator Core Size: The height and width of the central part of the radiator that consists of parallel rows of tubes and fins.

Transmission Oil Coolers: These radiators are equipped with automatic transmission oil coolers. The oil cooler portion of the radiator is not used on manual transmission trucks.

Rows: The number of parallel rows of tubes in the radiator core.

There are many factors that determine which radiator is used in your vehicle. Measure the tube and fin area of your radiator and match it up to the Radiator Core Size Chart to find out which one you need.

Electric Cooling Fan Kit Keeps Your Engine Cool

Electric Cooling Fan and high-performance motor give maximum air delivery while working off the electrical system. Fan blade and shroud are constructed of glass-filled nylon for strength and durability; includes mounting hardware as well as easy-to-follow instructions.

Fan Mounting Bracket Kit is recommended for optimum mounting strength and performance on all electric cooling fans.

#38-4894 Adjustable Thermostat, sold separately, operates fan only when needed. Adjustable Thermostat is adjustable from 150°-240°F.

Quick Re-Installation Kit contains everything needed to reinstall cooling fan if removed.

1973-89 High Amp Alternators

More amperage is needed to run today's modern accessories. High amp alternators are direct replacements for original alternator and will give your truck the charging power it needs.

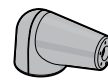

Features include high output with excellent idle performance; hand-wound, custom-designed stators; gold-plated battery post for better electrical connections; and "Proof of Performance" tag.

Ground Straps

Many electrical problems can be traced to poor engine and body ground. Protect yourself from these problems by installing a ground strap between the engine and frame of your truck, this will ensure you have a proper ground for your coil, spark plugs and computer control module. For complete protection, add a ground strap from the frame to the body. Straps are made of tin coated stranded copper braid for durability and are simple to install.

Universal Windshield Washer Kit

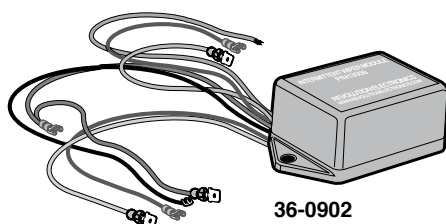

Universal Windshield Washer Kit includes everything needed to replace worn or broken windshield washer system and adapts to any 12V vehicle. Washer bottle holds 1.5L of fluid and fluid levels can easily be read without removing the cap.

36-4083

The kit includes washer bottle with attached cap, washer pump, 6-1/2 feet of washer hose, push-button switch with wire harness, nozzles and T-connector. Mounting brackets with hardware are also included.

PART	DESCRIPTION	REQD	PRICE
36-4083	WINDSHIELD WASHER KIT	(1)	\$19.95

1973-77 Intermittent Wiper Module

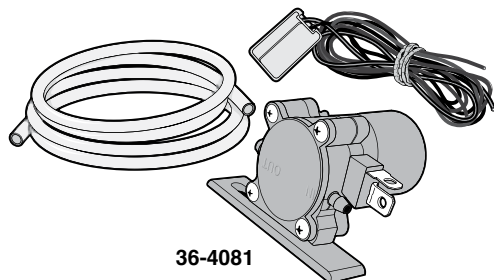

36-0902

This wiper module provides intermittent settings for 3, 5 and 8 second delay intervals. You can retain original wiper switch and motor for a factory look. Installs between the wiper switch and switch harness; includes detailed instructions for easy installation.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-0902	INTERMITTENT WIPER MODULE	1973-77 STD Cab 1/2 Ton, 3/4 Ton, 1 Ton "A" CHEVY GMC 73-77	(1)	\$72.95

Note: "A" Fits trucks with two-speed wiper motors.

Universal Windshield Washer Pump

36-4081

This pump adapts to any 12-volt vehicle and installs in minutes with simple household tools.

Features a gear-driven positive replacement pump to ensure a constant spray under all conditions. All necessary parts and instructions are included with pump.

PART	DESCRIPTION	PRICE
36-4081	UNIVERSAL WASHER PUMP	\$17.95

Heated Windshield Washer Kit

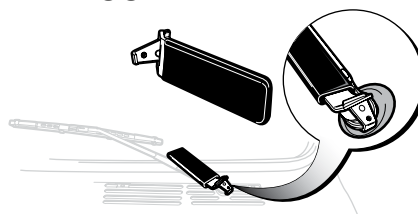

Heat your washer fluid to a temperature of 125-135°F for quick, effortless removal of frost, snow and ice this winter. Provides improved visibility for all driving conditions, while extending the service life of your windshield wipers by minimizing unnecessary wear. Ensures clog-free wiper spray nozzles for consistent spray pattern. Can also be used year-round to remove bird droppings, bugs, grime, road film and streaks.

Installs inline between windshield washer reservoir and spray nozzles. Connects directly to your battery with the included ground cable and fused power cable. Order yours today and see what a difference the Heated Windshield Washer Kit can make! Kit includes mounting bracket, hardware and instructions.

PART	DESCRIPTION	REQD	PRICE
36-4085	HEATED WINDSHIELD WASHER KIT	(1)	\$99.95

Wiper Arm Tool

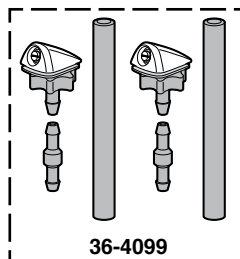

Wiper Arm Tool provides the leverage needed to safely remove and install wiper arms without damaging the vehicle.

Tech Tip: All locking pins or retaining nuts must be removed before using the Wiper Arm Tool.

PART	DESCRIPTION	PRICE
38-1335	WIPER ARM TOOL	\$5.95

Universal Windshield Washer Nozzle Set

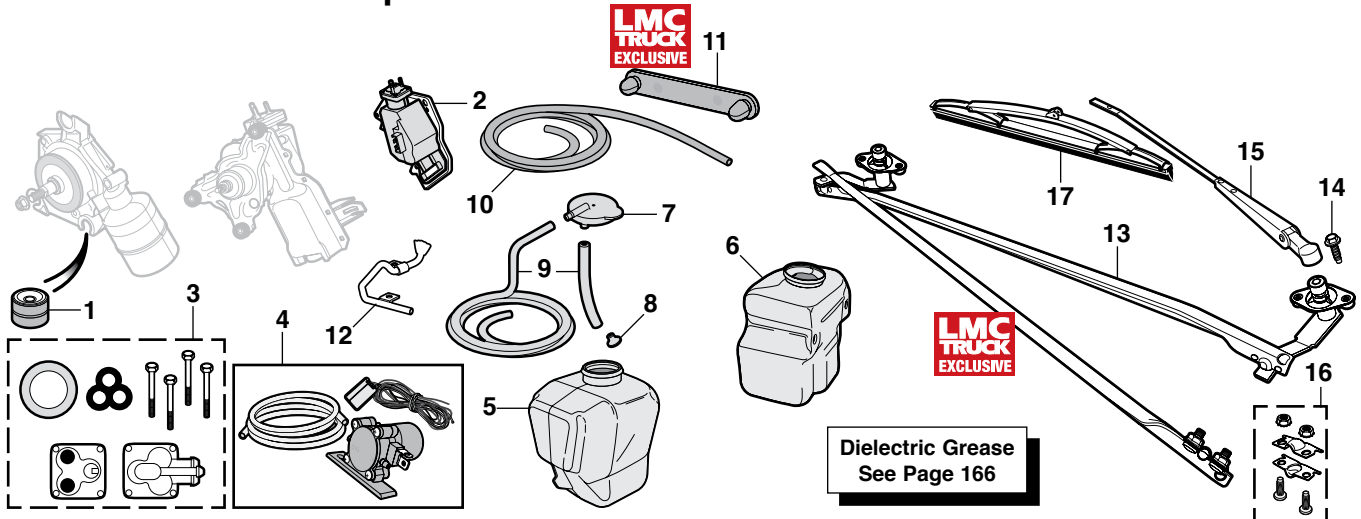

36-4099

Washer nozzle set replaces existing hood-mounted nozzles or can be added for a more effective spray. Kit includes two nozzles, connecting hose and spray adjust key. Drilling and extra hose are required on trucks not originally equipped with hood-mounted washer nozzles. Call or go online and order yours today!

1973-87 Universal Wiring Harness ... Finish the Job Right the First Time

Wiring Harness is designed for single headlight systems only. Can be adapted for use on dual headlight models with additional wire and original sockets. Harness will not work with an ammeter gauge. Does not include resistance wire for points ignition systems. For use on carbureted models only.

36-3662

Universal Wiring Harness is a comprehensive approach to rewiring your truck's electrical system. Factory assembled harness features a prewired fuse block with modern blade-type fuses and built-in additional circuits. Wiring Harnesses are available in 13 circuit and 20 circuit assemblies.

Highest quality terminals and color coded and labeled GXL/XLPE wire (cross-linked polyethylene, -60°F to 275°F abrasion resistant) are used. Includes conventional, GM SI internal regulated and 1-wire alternator leads; HEI distributor wiring; GM column mounted ignition switch connectors; headlight and floor mounted dimmer switches. Terminals are provided to make adapting to any aftermarket steering column easier. Standard features include starter wiring, tachometer lead, single headlight plugs, third brake light, horn relay, turn signal and 4-way hazard flashers, fuses, terminal ends and wire ties. Easy-to-follow instructions and schematics are included.

13 Circuit Wiring Harness includes two accessory, air conditioning/heat, brake/courtesy lights, CB radio, cooling fan, gauges/instruments, hazard, headlights, parklights, radio, turn signal and wiper.

20 Circuit Wiring Harness includes all of the features of the 13 Circuit Harness plus clock/lighter, cruise control, dash lights, fuel pump, power locks, power seats and power windows.

36-3662	WIRE HARNESS KIT-13 CIRCUIT	CHEVY GMC 73-87	(1)	\$359.95
36-3663	WIRE HARNESS KIT-20 CIRCUIT	CHEVY GMC 73-87	(1)	\$319.95

1973-87 A Wiring Harness Designed Specifically for Your Classic Truck

Note: This harness will not work on 1973-75 models with factory ammeter. Does not include resistance wire for points ignition systems on 1973-74 models.

36-3670

Wiring harness will rewire truck from headlights to tail lights and is able to add many options and accessories. The new ATO style 18-fuse, 29-circuit fuse panel fits in the original location and requires no modifications to firewall. Easy-to-follow installation manual and mounting hardware are included.

Harness is designed to accommodate truck's original switches and connections and work with many aftermarket components such as custom steering columns, electric fans, gauges, HEI distributors, stereos and more. The instrument cluster wiring disconnects from the main harness to assist service.

Standard features include headlight connectors, parklight connectors, front harness grommets, dome light wiring, underdash courtesy light wiring, original style rear light sockets with weatherproof boots. A/C wiring harness is not included.

Reproduction Wiring Harnesses

Reproduction Wiring Harnesses come complete with original connectors and wire colors for ease of installation. If your original harness is missing or damaged beyond recognition, you may need to purchase a wiring diagram for correct harness routing (see page 215 for wiring diagrams). **Wiring diagrams are NOT included with reproduction harnesses.**

Daytime Running Light Kit

Daytime Running Light Kit automatically turns on headlights whenever engine is running. Easy to install; just mount controller in the engine compartment with included hardware and connect crimp-connection wires.

PART	DESCRIPTION	PRICE
36-3590	DAYTIME RUNNING LIGHT KIT	\$26.95

Headlight Warning Buzzer

Headlight Warning Buzzer warns if headlights are left on when exiting the vehicle. It can be added to a truck that was never equipped with one or as a replacement for the original. Connects to fuse box and works with both glass and blade-type fuses. Easy-to-use instructions included.

PART	DESCRIPTION	PRICE
36-3617	HEADLIGHT WARNING BUZZER	\$11.95

14 Circuit Fuse Center Connects to Your Existing Wiring

14 circuit pre-wired fuse block can be connected to existing vehicle wiring or used as a starting point for custom wiring. Factory assembled and completely terminated fuse block includes wiring provisions for starting, air conditioning/heat, brake lights, coil (anti-theft feature), dome light, electric fan, emergency flasher, gauges/dash instruments, headlights, horn, radio (ignition hot), turn signals, wipers and alternator.

Features include blade-type fuses, flasher, horn relay, large selection of terminal ends and anti-theft feature to deter theft. Measures just 4-1/2" x 5". Includes easy-to-follow instructions. Call or go online and order yours today.

PART	DESCRIPTION	PRICE
36-3609	14 CIRCUIT FUSE CENTER	\$199.95

Split Braid Flex Loom and Wire Loom Installation Tool

36-2600

Unique black flexible braided construction features a 25% edge overlap that will allow for the sharpest of bends without distorting or splitting open. Lateral split design of the flex loom allows for easy installation of multiple wires. Self-wrapping feature ensures the flex loom will return

to its original size and shape without the need to use fasteners or tape. Protect your vehicle's wiring, cables, hoses and tubing from unnecessary wear while adding a clean look. Available in three sizes: 1/4", 1/2" or 3/4" diameter.

PART	DESCRIPTION	PRICE
36-2600	FLEX LOOM 20' L X 1/4" DIA	\$19.95
36-2601	FLEX LOOM 10' L X 1/2" DIA	\$19.95
36-2604	FLEX LOOM 8' L X 3/4" DIA	\$19.95

36-2597

Wire Loom Installation Tool makes feeding wires into split wire looms a snap. Insert the wiring into the channel of the tool, rotate the handle to lock wiring in place and insert the loom separator into the split loom. Gently pull the tool through the loom while holding onto the wires. Available in three convenient sizes.

PART	DESCRIPTION	PRICE
36-2597	LOOM TOOL 1/4"	\$8.95
36-2598	LOOM TOOL 1/2"	\$8.95
36-2599	LOOM TOOL 3/4"	\$8.95

12-Volt Accessory Power Outlet Kit

Accessory Power Outlet Kit powers any 12-volt accessory. Mounts easily under the dash with the included mounting bracket or installs into any 1-1/8" hole. Kit includes power outlet, cap and mounting hardware.

PART	DESCRIPTION	PRICE
36-3588	ACCESSORY POWER OUTLET-12V	\$9.95

CirKit Boss Fuse Center

CirKit Boss Fuse Center provides the only available solution in the marketplace where additional electrical circuits are required or accessory equipment requires ignition hot and constant hot capabilities. Safety feature ensures that add-on circuits will only work if ignition key is on. This 3 circuit center features two ignition hot circuits and one constant hot circuit.

PART	DESCRIPTION	PRICE
36-3611	CIRKIT BOSS FUSE CENTER	\$84.95

Wiring/Tubing Grommet Assortment

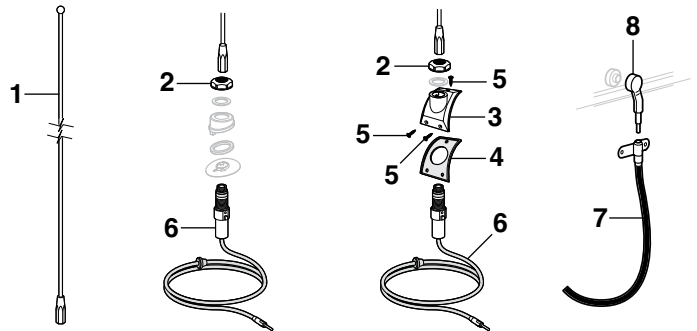

This 10-piece assortment of high-quality black rubber grommets protects wires and tubing from chafing when passed through sheet metal holes. Assortment contains: one each of 1/8", 3/8", 1/2", 5/8" I.D. and two each of 3/16", 1/4" and 5/16" I.D. grommets.

PART	DESCRIPTION	PRICE
30-1269	WIRING/TUBING GROMMET ASST	\$3.95

1973-89 OE Style Antenna

GM used two different types of Radio Antenna Bezels. One type had a round bezel that needed a ground ring to secure it to the fender. The other design had a larger square bezel that was attached to the fender by three screws.

Amplified Hide-Away Antenna

Amplified Hide-Away Antenna allows you to get AM/FM reception without having to use standard fender-mount or window antenna. Features active magnetic field circuitry for enhanced radio reception and 105" cable allows installation almost anywhere in your vehicle. Connects to standard antenna plug and radio's power antenna wire (if equipped) or a switched 12V positive power source. Never worry about stolen or damaged antenna again.

PART	DESCRIPTION	REQD	PRICE
38-1145	HIDE-AWAY ANTENNA-AMPLIFIED	(1)	\$29.95

Electronic Musical Horn Plays 46 Sounds

Electronic Musical Horn plugs into a cigarette lighter or power point to play sound three times and stop automatically or can be used as a loudspeaker with included microphone. Auxiliary input allows you to play music from your MP3 player or iPod. Command module is 7" wide by 3" high and mounts using included adhesive backed hook and loop patches. No drilling is required.

Adjustable rotary on/off volume control allows for easy sound level control, five bright LED lights on control module instantly indicate system mode and a 4" diameter weatherproof horn mounts under the hood. For 12 volt negative ground systems.

1973-91 Cab Roof Light Kits ... Add Visibility and Big Rig Style

Cab Roof Light Kits are available in amber or clear. Kits meet SAE specifications when used with included bulbs. The two outside lights (clearance lights) and three inner ones (marker lights) give oncoming traffic a visual fix on the truck for additional safety.

All kits come complete with lights, bulbs, wire harness, quick splice connectors and a dash mount panel with toggle switch plus indicator light which allows the Cab Roof Lights to be operated independently of the headlights.

1973-91 Custom Headlights ... Brighter Light for Greater Distance

These OE-quality headlights feature an aluminum die-cast housing with a protective finish coating, making the housing corrosion free. Maximum light output is produced by brighter light focused on the road for a greater distance.

The strong, semi-hardened, crystal clear glass lens does not diffuse the light like traditional headlight lenses. A high-efficiency white halogen 12V 60/55 watt replaceable bulb is included. DOT and SAE approved.

Halogen Blue-Coated Headlight Bulbs

Halogen Bulb Tech Tip: Always handle halogen bulbs by the plastic base to prevent contaminants on the glass from shortening the life of the bulb.

Replace the white halogen bulbs with a halogen blue-coated bulb. Blue-coated bulb creates an intense white light, giving the cool look of HID (high intensity discharge) lighting without the high price; call or go online and order yours today!

Superwhite Bulb Set Produces 30% More Light

Superwhite headlight bulbs produce 30% more light while retaining the street legal wattage. Superwhite bulbs use a proprietary mixture of premium gases that includes Xenon, which cools the light filament, improving the efficiency and light output of the bulb, unlike standard halogen bulbs which use less efficient argon gas.

Superwhite bulbs operate in the Kelvin color temperature range of 4000-4200K, producing a brighter, white light. Traditional halogen bulbs operate at 2600-3000K, emitting a more yellowish appearance. Sold in sets of two. Call or go online and order yours today!

1973-91 LED Cargo Lamp Conversion Kit

37-0369

36-4251

Before

After

Enjoy the benefits and intensity of LED lights while retaining the original look of your classic truck. This LED high-tech conversion kit bolts right into the stock cargo light housing and adds brightness while using only 15% of the energy required by incandescent bulbs. Benefits include: 100 degree viewing angle, no filament to burn out and LEDs which illuminate 140 times faster than conventional incandescent bulbs. Converts the cargo light into very bright and visible LEDs.

For maximum lighting intensity, replace your aged, weathered cargo lens with a new lens.

This Tail Light Set features full LED lighting for all functions including 56 super-bright red LEDs for stop, tail and turn signal functions and 12 white LEDs for reverse lamps.

Choose from multiple operating modes for brake and turn signal light functions, from standard operation for both or single-flash brake lights and sequential turn signals. These modes can be selected on the integrated switch or turned off completely.

LED Tail Light Sets include all-new light housings, original style lenses and lens-to-housing gaskets for a weathertight seal.

1973-91 LED Tail Light Conversion Kit

Enjoy the benefits and intensity of LED tail lights while retaining the original look of your Classic Truck. This LED high-tech conversion kit bolts right into the stock tail light housing and adds safety and brightness while using only 15% of the energy required by incandescent bulbs. Benefits include: 100 degree viewing angle, no filament to burn out and LEDs which illuminate 140 times faster than conventional incandescent bulbs. Converts the tail, stop and turn signals into very bright and visible LEDs.

Kit includes: 4 LED arrays (two per side) with 28 high-intensity LEDs per side, solderless connectors, LED-to-truck electrical harness, stainless steel brackets and installation instructions.

For maximum lighting intensity, replace your aged, weathered lenses with new lenses.

1973-91 Custom Tail Light Sets

Custom Tail Light Sets have an ultra clear or smoke lens with a chrome, black or carbon fiber housing and red reflector lens that uses original clear bulbs.

Lens assemblies comply with all federal regulations. All required test functions are indicated on each lens assembly, as required by law. Custom Tail Light Sets easily replace stock factory lenses.

Chrome Tail Light Trim #36-4290 cannot be used with Custom Tail Light Sets.

LED Tailgate Running Light Kit ... For Added Visibility

LED Tailgate Running Lights provide added visibility to following vehicles and have a distinctive styling popular for big Dually tailgates. A good alternative location for these lights is above the rear window. Lights are a two-piece design with the lens snapping to a chrome-plated plastic body. Concealed mount screws and neoprene gasket ensure a clean, easy installation. Five light kit comes complete with wire harness and mounting hardware.

Driving Light Set

38-1274

Driving lights provide a longer, more focused beam pattern for improved long-range vision. Features include reinforced steel housing with black finish and adjustable chrome mounting bracket with 10mm mounting stud; and state-of-the-art reflector which gives maximum light output from a 4-1/2" diameter light. Lights are complete with illuminated push button switch, 12-volt relay, all necessary wiring, mounting hardware, protective lens covers and high efficiency halogen 12V 55W replaceable bulbs.

For added style, replace the white halogen bulb with a halogen blue-coated bulb. The blue-coated bulb creates an intense white light which gives the cool look of HID (high intensity discharge) lighting without the high price.

Underhood Lamp Kit

Underhood Lamp Kit adapts to any 12 volt truck and helps illuminate the engine bay. Necessary installation hardware is included. No need for wiring to a switch, bulb socket base is gravity activated; lamp comes on when hood is raised and goes out when lowered. Mount underneath hood and connect

lamp wire to any constant hot vehicle wire. Moisture proof in-line fuse is integrated into wire for protection.

Installation Tip: Since all hoods and mounting locations are different, a slight adjustment to mounting bracket may be needed to assure light goes out when hood is closed. After mounting bracket and wires have been installed, apply pressure to the mounting bracket to change the angle as needed.

Collector's Guide

GMC Light-Duty Trucks: By James K. Wagner. Book takes an in-depth look at the distinctions between GMC models and significant technical features over the last 100 years. It details the expansion of models prior to World War II, GMC's contributions to the military effort, and the major postwar styling and functional redesigns between 1947-55. Highlights breakthrough engineering efforts with the V-6 engine program that set GMC apart from other brands and summarizes the past 30 years of the GMC brand describing the diversity of models including compact pickups, vans and sport utility vehicles. Softbound, 128 pages, 130 b&w illustrations.

What You Need to Know Before Ordering:

We are excited that you've decided to make us a part of your journey! Whether you are rebuilding from the ground up or just adding some distinctive touches to your vehicle, we are proud to give you a hand.

In addition, we'd love to see what you've been up to with your projects, so please log on to lmtrucklife.com and share your stories and pictures.

Understand that we are not trained automotive technicians. We want you to consult with mechanics regarding technical advice. Technical information is also included in the workshop manuals shown in this catalog. Please take the time to consult these resources if you feel you need to.

On those occasions that we've run out of a part on your order, chances are that it's already on its way to us. These items are listed as backordered on your invoice and will be sent your way as soon as possible. If you're not interested in waiting for your backordered product, just call our customer service line at (800) 222-5664, and we will cancel it and refund any money that has been paid.

You can also write "No Backorders" on your order form before you send it to us, and we'll make sure only to ship the products we currently have in stock.

Some parts have extra charges. Please consult below to make sure you understand these charges and so you aren't surprised later.

Part Number Definitions

-T - After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$150.00 charge for delivery in the 48 contiguous United States. Orders outside of 48 states will be quoted. Due to packing and/or transportation requirements, please allow additional time for delivery.

*** -** After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

**** -** After the sell price means Oversize Part Charge. Your order will incur a charge of \$50.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

-Z - After a part number means Remanufactured Part. Core charge will be applied then refunded after receipt of a rebuildable core.

-R - After a part number means Remanufactured Part. No core charge.

And one more thing, the part our lawyers make us say: We reserve the right to refuse service or shipment to anyone. We reserve the right to collect a service charge of \$20 for a returned check and to hold any shipments until the fee is collected.

Thank you for your support. Best of luck with all your projects!

What You Need to Know Before Returning:

If only we lived in a perfect world! Unfortunately, we don't, and things can go wrong. When that happens, we do our best to try to make things right again. But we need your help as well.

All returns must be in like new condition and in the original packaging. Please include a copy of your invoice, as that will make the process quick and easy.

We refund your payment the same way you paid. Refunds of less than \$1 will not be made except by customer request.

We can't be responsible for damages, so please package your returned items carefully.

If you can ship the item back to us ground or USPS within the 48 contiguous United States, you don't need to call for authorization. Just send it to us at:

15450 W. 108th St. Lenexa, KS 66219

If we shipped you the wrong item, send it back, and we'll send the right item and reimburse you the ground rate for your return.

We can't accept anything that has been installed (unsuccessful attempts do count), disassembled, drilled, welded, cut, painted, or modified in any way, so please make sure to check and doublecheck the fit before starting any work.

If you are returning a kit, it needs to contain all the parts you received. No partial kits may be returned.

Electronic media (CDs, DVDs) cannot be refunded once they are opened. However, if it is not working properly, it can be exchanged for the same part number.

Please call our customer service line for a return authorization if your part was delivered outside of the 48 contiguous United States.

If you want to return something you bought over a year ago, please call our customer service line for return authorization.

You must call Customer Service when returning a Truck Freight item.

Customer Service Line: (800) 222-5664

¿Habla Español? (855) 456-2288

A 20% non-refundable restocking fee will be added to anything that's over a year old (unless the extended manufacturer warranty is still in effect, of course) as well as to any unauthorized Truck Freight returns.

And the legal part again: We have the right to refuse any return we deem unfit for resale. We also have the right to refuse any shipments where the shipping charges, duties, customs, etc., are not prepaid.

- Orders must be pre-paid. Orders received before 3:00 p.m. Central Time will ship same day.
- Gift Cards can now be redeemed through the mail or by phone.

What You Need to Know About Shipping within the 48 Contiguous States

We do our best to keep our shipping charges as low as we can. However, some items we carry need some extra space or special handling, so these may require extra charges to ensure they get to you in the most reliable, safest way. Please check your shipment as soon as you can to make certain that everything is accounted for and nothing is damaged. We do everything in our power to ensure your product arrives undamaged.

Shipping charges are based on the "Parts Total" on your order. This chart shows the basic charges for Ground.

New Shipping Prices

Order Parts Total	Ground Delivery
Up to \$10.00	\$ 4.00
\$10.01 to 25.00	6.00
25.01 to 50.00	8.00
50.01 to 100.00	15.75
100.01 to 150.00	23.75
150.01 to 250.00	29.75
250.01 to 350.00	34.75
350.01 to 500.00	37.25
500.01 to 999.99	40.75
1000.00 and Up	Free Ground ▼ Free Truck Freight ▼

If you are ordering Oversized Parts (indicated with a * Or ** throughout this catalog), or if you are placing an extra large order, please allow for extra packing and delivery time.

In order to qualify for the free Ground shipping or free Truck Freight, your entire \$1000+ order must be placed at one time. We may have to split your shipment, but we will pick up the shipping charges.

Truck Freight and Oversized Parts are not available for Saturday delivery.

Customer Service Line: (800) 222-5664
¿Hablo Español? (855) 456-2288

If you are shipping within Kansas, you will be charged state and local taxes. This also applies if you pick up your order in person at the City Counter, unless you have a Kansas State Resale Exemption form on file with us.

What You Need to Know About Shipping to APO and FPO Addresses

We are thrilled to be able to ship to those who are serving our country; however, there are some limitations on these shipments. We are unable to ship Truck Freight items to you at this time. All orders will be shipped complete, via Insured Priority Mail through the USPS. Size limitations will apply. Please make sure before you place your order that what you are ordering will be accepted and is deliverable to you in your location.

What You Need to Know About Shipping USPS Priority Mail to Alaska, Hawaii and the U.S. Territories

This chart shows shipping charges on orders up to \$500 that qualify to ship USPS Priority Mail. Parts must be 108 inches or less and weigh 70 pounds or less to qualify for USPS Priority Mail. If any part does not meet these qualifications, your order will be delivered by ground for additional charges.

Order Parts Total	USPS Priority Mail Alaska, Hawaii & U.S. Territories
Up to \$20.00	\$ 19.95
\$20.01 to 50.00	25.95
50.01 to 75.00	36.95
75.01 to 100.00	41.95
100.01 to 150.00	45.95
150.01 to 250.00	54.95
250.01 to 350.00	65.95
350.01 to 500.00	71.95
500.01 and Up	Quote ♦

All orders will ship complete. Any additional delivery charges will be added to your total as needed, including Oversize Part charges or overweight charges. ♦ You will be contacted with charges.

We will need a daytime phone number with your order. If there is a problem with your order, we will attempt to contact you three times. If we are unsuccessful, your order will be cancelled 5 days after that third failed attempt.

What You Need to Know About Shipping to Canada

Your orders will be shipped ground "Door to Door," which includes brokerage, duty and tax. Charges will be based on the value of your shipment. Document and preparation fees are included. Please call our customer service line for assistance.

What You Need to Know About Shipping Internationally

All international orders ship complete. Shipping charges must be prepaid in U.S. funds. Brokerage, duties, taxes, and fees associated with the order are paid by the customer. We do not accept personal checks on international orders.

What You Need to Know When Shipping Problems Occur

Please open your package(s) as soon as possible and make certain that everything is accounted for and nothing was damaged in shipment. Damaged shipments are the responsibility of the carrier and must be reported to the carrier within 15 days of receipt.

If the package looks damaged when it arrives, open it with the delivery person present, so that they can make an immediate report of damages and discrepancies. If the damage is not obvious at the time of delivery, or if the package was left for you by the shipping company, contact their customer service as soon as possible to make your claim.

On Truck Freight shipments, it is your responsibility to check your order and have the driver note any damage on the freight bill before you sign for your item(s).

Please keep all packing, packaging and contents until your claim has been settled with the shipping company.

What You Need to Know About Shipping a Rebuildable Core Part

Without the constant inflow of rebuildable cores, items can become discontinued and unavailable.

Some items carry a Core Charge which can be reimbursed by your sending in a core that can be rebuilt into a usable part for someone else. These items are marked throughout the catalog with a -Z in the part number. In order to get your Core Charge refund, the part you send in must be clean, complete and rebuildable according to the standards set on that item's catalog page.

Please send us the core part back with a copy of your invoice. If your core is acceptable, we will refund your money in the same way that you paid the Core Charge plus any shipping charges. To be reimbursed for your core return shipping charges, please include a copy of your shipping receipt.

New Rules for Out-Of-State Sales Taxes

On June 21, 2018, the United States Supreme Court fundamentally changed the rules for collection of sales tax on out-of-state transactions. In its decision the Court effectively stated that individual states can require online sellers to collect state sales tax on their transactions. Many states already have, and more will continue to, impose sales tax collection on companies.

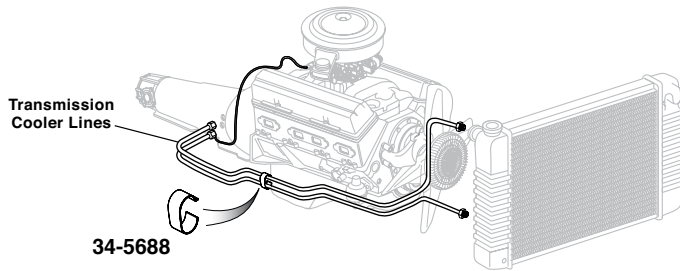

Based on this ruling we will be collecting taxes if you reside in a state that requires us to do so.

If you are planning on sending an order by mail, please be sure to check your State and Local Sales Tax rates.

1973-91 All Chrome Special Edition Grille

Made Exclusively for LMC Truck, this Special Edition Grille is made from precision machined tooling and is a blend of OEM and custom design to achieve a unique and timeless styling for a Neo-Classic Chevy or GMC truck.

This rugged plastic all chrome grille is injection molded so there will be no bent or warped bars, no dull finish and no cumbersome brackets or mounting hardware to worry about.

Go from stock to style in minutes with easy installation. Bolts onto stock locations on most applications; comes with mounting instructions and new mounting hardware.

Chevrolet Bowtie and GMC Emblems are available; sold separately. Finish off the look with a polished Billet Bowtie Emblem.

The Best Truck Show I Never Attended

Johnny Stacy and His 1981 C10 Silverado

I spent my freshman year of high school in Savannah, Georgia. I needed a ride so that I wouldn't be embarrassed, and I could run around with the guys I played ball with. Then I met a couple of seriously cool custom car builders in Brunswick, GA. My dad was searching for parts and started discussing a 2WD K5 Silverado they had parked behind the building that he really liked. I started throwing my ideas of a 1st Gen Camaro 1971 RS/SS at them and they guided me into the idea of a custom C10 truck build. I wasn't sold on the idea at first, but I came around to the idea of a C10 build when I started looking at parts availability and the inexpensive costs of the parts. C10s were everywhere, they were American steel and looked tough. They have become very popular to buy, so I just needed to find one I could afford.

My dad warned me that we can look and make an offer only if the truck is worth working on. We were both surprised that for once in history that truck looked better in person than it did in the photos. It's usually great in pictures and rusted junk when you get there. My dad was looking at the option equipment and told me this was a 1981 C10 Silverado called a short wide. I wasn't sure what all that meant, but I liked that he said it was solid metal and he thought he could help me get it running and driving quick and cheap. I was IN!! I wanted the truck.

Then I pulled my dad to the side and then I told him what the man was asking for the truck, \$1500. I thought he was gonna flip, but he laid out

the plan. It was simple, I could offer him \$400 and pull out cash, and if he said anything other than, "Get outta my yard," then I could go all in with my \$470. The man appreciated that I wanted to fix up the truck and it would be my first ride. I gave my word I would get it back on the road and treat it with respect. I pulled the cash out as he scratched his head and then he smiled and agreed to let me have the truck. I felt like I just won the lottery. I had my very own truck to fix up and drive. I earned it and nobody could take it away.

It was mechanically rough, but we were pretty sure the motor was good. The tranny was another matter. I saw the dust cover was gone on the TH350, and my dad said that was probably why it was sitting in that farm field for sure. I spent my days and evenings helping my father lay tile, house painting and doing chores for parts money. My dad gave me money for the tranny rebuild, which I repaid over months. It took me about a month, but I had the truck running rough and moving on its own power. The brakes were another story.

My dad lost his job and ended up back in Texas, our home. I was still in Savannah with my mom and sister. He called me excited one day because he saw a C10 Nationals Truck Show advertised at Texas Motor Speedway. I got to attend with my dad, and I saw a young kid win a "Young Builders Award" for helping his dad with tools. My mind was immediately racing on winning that award the following summer. I knew I could win if I fixed the mechanical, electrical, brakes, suspension, interior and wiring issues on my truck. So like my father always preaches, I made a plan because, "Without a plan, you have no way to measure progress and finish."

Your Truck ... Your Story

Imctrucklife.com

The focus of my build had to be the interior. I felt like that is where I was going to make my best statement. I need my interior to stand out and scream that the quality of my work was great. My budget made every project on the truck a juggling act. I created 10 lists with the costs for 10 different interior ideas. I finally settled on redoing the dash and the custom TMI interior from LMC Truck. I loved the look and I found I saved money on the door panels when compared to all of the OEM door panel components. It also simplified the installation. I carefully gathered used interior pieces, cleaned them, sanded them smooth and painted them black to match. I rebuilt all of the electrical components inside my doors and got everything working again with parts from LMC, and I used the LMC catalog as a parts diagram when I was trying to figure out how to rebuild the inside of the doors. Also, by going with the TMI interior, I could afford to replace my steering wheel with a custom wood one.

Plan A was your standard, get body right, paint and reassemble truck better than the factory. Well, a few factors later, and creating a budget, I realized that my dad had no way of loaning me that kinda money. The body guy gave me a price that was over my entire budget. I had to get creative to finish this truck and get it to a truck show. I struggled for a couple weeks and lost sleep trying to come up with a plan to get my truck in decent shape on a \$2,400 budget, money my dad said he would scratch up for me to use. We sold some tools and junk around the house to make up some parts money. It was still not enough for a pristine truck. Then it hit me like a bolt of lightning. I could build a shop truck. I always love the old advertisements I see on "American Pickers" for gas stations, and I quickly searched for rat rods or shop trucks online. I could embrace the patina of the old truck sitting in that Georgia farmer's field and spend all my budget on the stuff that really counts like the electrical, lights, the interior, getting the motor running great and possibly lowering the truck to make it look tough. My older brother, Chase, is an artist and he could design and paint the doors with me.

The plan was to remove the front clip, clean up/paint/dress up the motor/tranny and paint all of the engine compartment. However, I got a really cool call from LMC that I was going to get a chance to compete for Young Builder of the Year. But I only had another 2 months to finish the truck because I was to make the Goodguys LMC Truck Show in March 2020. My nerves were shot. I was in the middle of varsity baseball season and school. In addition, my parents' HOA threatened my parents because I was working on my truck at home. The HOA only let me work another 3 weeks. So, my Plan B became Plan C: I had to be happy to just finish rebuilding my front suspension, replacing the inner fenders and battery tray, not painting the motor and reinstalling the entire front clip within 3 weeks. I worked late nights and finished it.

I obtained my Texas driver's permit on that Wednesday so I could drive on the freeway! I finished tightening up the electrical, mechanical and interior work at 11 pm Thursday and drove the truck maybe 10 miles total since I owned it. My dad was not happy that we were about to drive a truck 260 miles to a truck show, in the rain, that had never been tested.

My truck ran AWESOME!!! We drove from San Antonio all the way up to Ft. Worth and he said, "It runs like a sewing machine. Good job!" That was pretty epic. I'm not gonna lie, I was kinda shocked. I found out the truck wasn't charging and the alternator was bad at 7 pm the night before. I fixed it and never told him. Hey, we made it.

Now, my parents debated driving to the show because of rain and the Covid-19 epidemic, but I reminded them how much I had to bleed for them and to fix my truck. I put everything I ever owned or made into my truck and I just wanted to show up to the show, even if I didn't win anything. It was too much work to wimp out on the last day. So I got them to go with me, reluctantly, to Texas Motor Speedway on Friday. We drove up in bad rain. We checked in and they had closed down the Speedway due to flooding. I didn't mind that so much as long as I got in the next day. Then, my dad tells me at 9 pm Friday March 13th that the entire show was cancelled by the mayor for Covid-19!! I told him, "No no no no no, Dad! I am driving into Texas Motor Speedway, even if I have to ram the fence to get through!!" I

was kinda serious. This was serious. I was shut out from even showing my truck to the Goodguys and LMC Truck judges? Oh, heck no!! So, I did what any determined American man would do, I talked my way through the security and followed a big truck through the tunnels at TMS. I COULDN'T BELIEVE I GOT IN! It was awesome! I took a few pictures to prove I was there and tried to find LMC and the Goodguys to show them my truck. And then I saw the LMC Truck trailers. I was super excited to find Becky Hanrahan and the guys from LMC Truck. It was all worth it right there. I felt like I had finished my plan from all that 9 months.

We made memories on the road to TMS and back. That weekend started off really badly with thunderstorms and the Covid-19 pandemic threats, but we made lemonade on the trip. We stopped at my future school, TCU, and in Hico, Texas. It was awesome. We took pictures and made memories at the Truck Show that never was. It was the best truck show I never attended. I would like to thank my parents and all the people who helped me with my first truck build. Huge thanks to LMC Truck for all their technical help on the phone, the videos they have and my girl, Becky. The manager at my Discount Tire was awesome. He gave my dad the wheels cheap enough to get him to put it on his credit card and really made the truck look tough. My friend Tyler helping me weld. My friend Rooster for helping me finish the artwork on my doors. My friend Johnny Ray for helping me order my drop kits cheap. Never forget your friends. *Read the full story on LMCTruckLife.com.*
