2021. It seems strange to say it. I remember way back in the '60s, I thought that when the year 2000 happened, I would be an ancient old woman full of wisdom and grace.

Well at 66, I don't feel ancient. I have a little more wisdom and a lot more grace. But those things come with time, failure and success. Because we have to fail to gain wisdom and grace.

As I write this in November of 2020, I don't know what 2021 holds in store for me. I do know that I have lived long enough that no matter how I feel about the election, COVID, or any of the other million things we seem to be disagreeing or arguing about, life goes on. Maybe not the way I want or you want, but it does go on.

I grew up in a Lutheran, German family who played cutthroat pinochle on Saturday night and got up and went to church Sunday morning (in an old country church they helped build). They had loud, big disagreements about many things on Saturday night, but they respected each other's differences. They taught me grace. They taught me we aren't always going to agree, that everyone is passionate about what they believe in. But they taught me family is stronger than those differences, and our differences should be respected.

We are all part of the same family. Can we show each other grace in this new year?

Becky

How to Use this Catalog

Example: Sidemarker Lamp

PART	ILL#	DESCRIPTION	APPLICATION	REQD	PRICE
36-4455	(1)	FRONT SIDEMARKER LAMP "A"	AMBER 73-80	(2)	\$5.95

On the description line of part you see "**A**", this means there is a special note about this particular part.

At the bottom of the page the part appears on you will find a shadow box that will describe to you what the special note for this part is.

Example:

Note: "A" Without chrome trim.

This note is telling you that this part, **#36-4455**, doesn't have chrome trim.

Part Number Definitions

- **T** After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.
- **Z** Remanufactured Part - Core charge will be applied then refunded after receipt of a rebuildable core.

Listing Explanation

PART: The part number you order, i.e. **#36-4455**.

ILL #: Illustration reference number, i.e. (1) is the Front Sidemarkers Lamp.

DESCRIPTION: Name of part, i.e. Front Sidemarker Lamp.

APPLICATION: Model and year part fits, i.e. Chevrolet Blazer/Suburban and GMC Jimmy/Suburban 1973-1980.

REQD: Quantity of the part required for one truck, i.e. two (2) Front Sidemarkers Lamps are required for one truck.

PRICE: The low price you pay for one part, i.e. Front Sidemarker Lamp is \$5.95, making your total net cost \$11.90 + Delivery & Handling for two Front Sidemarker Lamps required for one truck.

Please Note: Product drawings are only representations. Products supplied may vary from illustrations in this catalog.

ALL ITEMS ARE PRICED EACH IN THIS CATALOG.

"Kit" means the components that are required to do a replacement for one part, check required column. "Set" means a number of parts that complete one truck.

Explanation of policies is on pages 208 and 209.

-R Remanufactured Part - No core charge.

- * After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

1973-80 Vehicle ID Number (VIN)

All 1973-80 series 10 and 20 have a portion of the VIN number stamped on the engine and the transmission. This identification number consists of the division number, model year, assembly plant and the vehicle assembly sequence number. The VIN Identification and Rating Plate is located attached to the left hand door pillar.

C C Y 1 6 8 Z 100327

Division _____
 C = Chevrolet
 T = GMC

Chassis Type _____
 C = 2 Wheel Drive
 K = 4 Wheel Drive

Engine Description _____

1973-75 Model	1976 Model
Q = 250 6 Cyl	D = 250 6 Cyl
X = 307 V8	V = 350-2 V8
V = 350-2V8	L = 350-4 V8
Y = 350-4V8	U = 400-4 V8
U = 400-4V8	S = 454-4 V8*
Z = 454-4V8 *	

1977 Model	1978 Model
D = 250 6 Cyl	D = 250 6 Cyl
U = 305 V8	U = 305 V8
L = 350-4V8	L = 350-4 V8
R = 400-4V8	R = 400-4 V8
S = 454-4V8	S = 454-4 V8

1979 Model	1980 Model
D = 250 6 Cyl	D = 250 6 Cyl
U = 305 V8	G = 305 V8
L = 350-4V8	L = 350-4 V8
R = 400 V8	M = 350-4 V8
S = 454 V8	R = 400-4 V8
	W = 454 V8

* = 6000 lb and under GVW.

Series _____
 Chevrolet GMC
 1 = 10 1 = 15 1/2 Ton
 2 = 20 2 = 25 3/4 Ton

Body Type _____
 6 = Suburban
 8 = Blazer, Jimmy

Model Year _____
 3 = 1973 6 = 1976 9 = 1979
 4 = 1974 7 = 1977 A = 1980
 5 = 1975 8 = 1978

Plant Code _____
 F = Flint, MI

Production Assembly Sequence Number _____

The easiest way to tell if your Suburban is a 1/2 or 3/4 ton is to look at the bolt patterns on your wheels. Suburbans with 5 or 6 bolt patterns are 1/2 ton, Suburbans with 8 bolt patterns are 3/4 ton.

*** W/TBI = With Throttle Body Injection

1981-91 Vehicle ID Number (VIN)

1G8 E C 1 6 L X B F 100001

Division/Make _____

How to Identify Your Transmission

TH350, TH400, TH700R4 and THM-R2 Transmissions can be identified by the location or absence of the Modulator, and by the shape of the transmission pan.

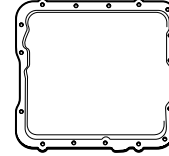

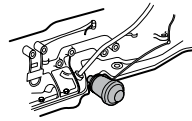

- TH350 - Modulator is located at the back of the transmission case.
- TH400 - Modulator is located on the side of the transmission case.
- TH700R4 - Has no modulator.
- THM-R2 - Has no modulator.

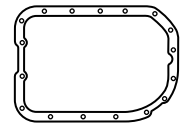

TH350
Modulator Location

TH400
Modulator Location

TH700R4
Square Pan with
16 Bolts
No Modulator

THM-R2 (4L80E)
Pan with 17 Bolts
No Modulator

Note: Transmission for model years 1990-91 will carry the old designation codes along with the new HYDRA-MATIC designation codes. Beginning with the model year 1992 only the HYDRA-MATIC designations will be used.

1973-91 Suburban Engine Identification**Vehicle Identification Numbers (VIN) - See Page 7**

The 6-cylinder engine numbers are stamped on a pad on the right hand side of the engine at the rear of the distributor. The V8 engine numbers are stamped on a pad immediately forward of the right hand cylinder head.

1973-91 Suburban History

- 1973** Introduced 2 speed electric windshield wiper motor. Wiper arms are partially concealed by the hood and metal portion of blades have a matte black finish. Introduced power flow through ventilation, air enters the Suburban through louvers at rear of hood panel. Pivot type vent in each door. Curved door windows.
- 1973-78** Woodgrain panel option which was approximately 10" wide through center of truck.
- 1973-80** Plain aluminum tailgate panel used with Chevrolet or GMC embossed in center of panel.
- 1974** Bright metal drip molding over doors.
- 1975-80** Vinyl adhesive molding. Standard clip on aluminum molding also used. Brushed aluminum or plain aluminum tailgate trim panel. Separate emblem attached to the lower right side of brushed aluminum back panel.
- 1978** A RMC Trim label was released by GM Engineering Dept. which advises a rolling change of 1979 trim installed on the 1978 model year.
- 1979** A RMC Trim label was released by GM Engineering Dept. which advises a rolling change of 1980 trim installed on the 1979 model year.
- 1980** Official introduction of the square headlight with chrome grille. Round headlight used on painted grille. Last year for GM to use custom VIN number.
- 1981** Hood and front fenders were restyled for improved aerodynamics. Models lost up to 279 pounds through lighter glass, bumpers and body parts. On 4WD models, front quad shocks and automatic front locking hubs that worked at speeds up to 25 mph were available. Electronic Spark Control was introduced on the 305ci engine, standard on 2WD half-ton models. 350ci was standard on all other models. 400ci engine was dropped.

- 1982** High Sierra trim was added to GMC models, Sierra Grande package was dropped. 6.2L 379ci diesel available. 700R4 4-speed automatic with overdrive available.
- 1983** Parking lights moved from the front bumper to the lower grille corners. The horizontal center bar on the grille was painted body color on Chevrolet models.
- 1984** Anti-chip coating added to lower fenders and body area. Parking brake system improved. New cruise control allowed 1 mph increase and decrease.
- 1985** Chevy grilles received wider horizontal center bar. Windshield wiper system was revised. Clutch operation was changed to hydraulic.
- 1986** Serpentine belt system was added to gas engines.
- 1987** All gas engines were available with throttle body electronic fuel injection, allowing better fuel economy, reduced emissions and more power.
- 1988** Scottsdale trim replaced Custom Deluxe. SLX and SLE replaced Sierra, High Sierra and Sierra Classic trim levels. New fixed antenna and trip odometer were added. 350ci became standard engine, replacing the 305ci.
- 1989** All trim levels received minor interior and exterior changes.
- 1990** Rear wheel anti-lock brakes were standard. 7.4L received Electronic Spark Control.
- 1991** 350ci and 454ci engines received reliability improvements. 4-speed electronic automatic with overdrive 4L80-E transmission offered.

LMC TRUCK is in no way affiliated with the General Motors Corporation nor do we intend to imply that. The names General Motors, GMC and Chevrolet are used for reference only.

Applications listed in this catalog are based on original factory information. However, variances will occur due to non-documented substitutions, and changes made during the vehicle's production.

1973-91 Blazer and Jimmy Engine Identification

The 6 cylinder engine numbers are stamped on a pad located on the right hand side of the engine at the rear of the distributor. The V8 engine numbers are stamped on a pad immediately forward of the right hand cylinder head.

Vehicle Identification Numbers (VIN) - See Page 7

1973-91 Blazer and Jimmy History

1973	Redesigned models featured curved side glass and an optional hardtop. A conventional tailgate was offered on open utility versions; hardtop versions included a rear gate with a manual roll-up window. A conventional 4WD system was available with 6 cylinder or manual transmission models; full-time 4WD was available on models with a V8 or automatic transmission. Chevrolet trim levels were Custom and Cheyenne. GMC trim levels were Custom and Sierra. 250ci 6 cylinder was standard.
1974	Factory installed padded roll bar and swing-out spare tire carrier were standard. Steel belted radials were optional.
1975	Parklights received clear lenses. Sliding side windows were available on hardtop models. Custom deluxe trim was standard on Chevrolet, High Sierra package offered on GMC models. 400ci V8 engine was available.
1976	New steel half-cab roof design with integrated roll bar and full size doors. Soft-ride suspension was standard.
1977	Optional factory soft-top. Exterior decor package was offered. Inside hood latch release and intermittent wipers. 305ci V8 was available.
1978	New standard front bucket seats and removable folding rear seat. Floor was recessed behind front seat for more rear legroom. Seat belt design was improved. Power windows and locks were added.
1979	Integral headlight/parklight. Concealed fuel filler door. Greater use of corrosion resistant steel. Last year for 400ci engine.
1980	Silverado package was available. Sierra Classic trim package replaced High Sierra. Full-time 4WD dropped. Radial tires were standard.

1981	Hood and front fenders were restyled for improved aerodynamics. Models lost up to 263 pounds through lighter glass, bumpers and body panels. Parklights moved to bumper. Tinted glass standard for all windows. On 4WD models, front quad shocks and automatic front locking hubs that worked at speeds up to 25 mph were available. Electronic Spark Control was introduced on the 305ci engine.
1982	Hardtop was only model available. 6.2L 379ci diesel available only on 4WD models. 700R4 4-speed automatic with overdrive introduced.
1983	Parklights moved from the front bumper to the grille. The horizontal center bar on the grille was painted body color on Chevrolet models. 2WD was no longer available. 305ci became standard engine.
1984	Anti-chip coating was added to lower fenders and body area. Parking brake system improved.
1985	Hardtop was available color matched to body color. Chevy grilles received wider horizontal center bar. Windshield wiper system was revised. Clutch operation changed to hydraulic.
1986	New front bucket seats with reclining seatbacks were standard. Serpentine belt system added to gas engines.
1987	Gas engines were available with throttle body electronic fuel injection, allowing better fuel economy, reduced emissions and more power.
1988	350ci standard; only other engine available was 6.2L Diesel. New fixed antenna and trip odometer were added. Pulse wiper control was improved.
1989	Scottsdale trim replaced Custom Deluxe. SLX and SLE replaced Sierra and Sierra Classic. Combination lap/shoulder belts added.
1990	Rear wheel anti-lock brakes standard.
1991	350ci received fuel injection and reliability improvements.

LMC Truck Cover ... Who Knew Protecting Your Vehicle's Finish Could Be So Inexpensive!

LMC universal fit truck covers provide protection from the elements and are not affected by temperature extremes. In summer a cover keeps the interior cooler and helps protect from the sun's damaging rays, which can cause fading and deterioration. In winter it can keep the snow and ice off your glass and finish.

Fabric will not stretch, shrink, rot or mildew. Elastic is sewn in front and rear hems to ensure snug fit. Call or go online and order your truck cover today.

Antenna must be removed or an antenna grommet attached to your cover before use. See below for more information on antenna grommet.

LMC 1000 **\$59.95** **GOOD** each

For Moderate Weather Conditions

Durable synthetic fabric has the look and feel of more expensive covers. Water resistant, yet breathable and features double-stitched seams for maximum strength.

Chevy/GMC SUV		
38-8806	Blazer/Jimmy	1973-91
38-8808	Suburban	1973-91

LMC 3000 **\$99.95** **BETTER** each

Superior Protection at a Great Value

Superior breathable 3-layer synthetic fabric is highly water resistant, even during downpours and provides a soft cushioning layer that protects your paint. No-leak construction is achieved through ultrasonic welding, and UV-stable materials ensure a long life, making them ideal for long-term vehicle storage.

Chevy/GMC SUV		
38-8816	Blazer/Jimmy	1973-91
38-8818	Suburban	1973-91

LMC 4000 **\$169.95** **BEST** each

Best Protection for Your Truck

Highly water resistant 4-layer synthetic fabric has fleece-lined bottom layer with durable outer layer, breathable 2nd layer, protective 3rd layer, soft fleece 4th layer. Patented UV Stabilizer and ultrasonic seam welding ensure a long life. Features tie-down strap and buckle attached with strap pocket built into cover for easy storage.

Steel Body Panels and What to Expect

All sheet metal is inspected before it is shipped and careful steps are taken to package parts so there is no damage during shipping. Due to the nature of the product, sheet metal is easily damaged and scratches, dents, dings and other imperfections are normal and not considered damaged. These kinds of imperfections should be expected and can be easily fixed during installation and the paint preparation, sanding and priming stages of your restoration. It is recommended you inspect all sheet metal that is delivered before the delivery driver leaves. Test fitting of all panels before installation is recommended and the use of alignment shims and other adjustments during the install may be required.

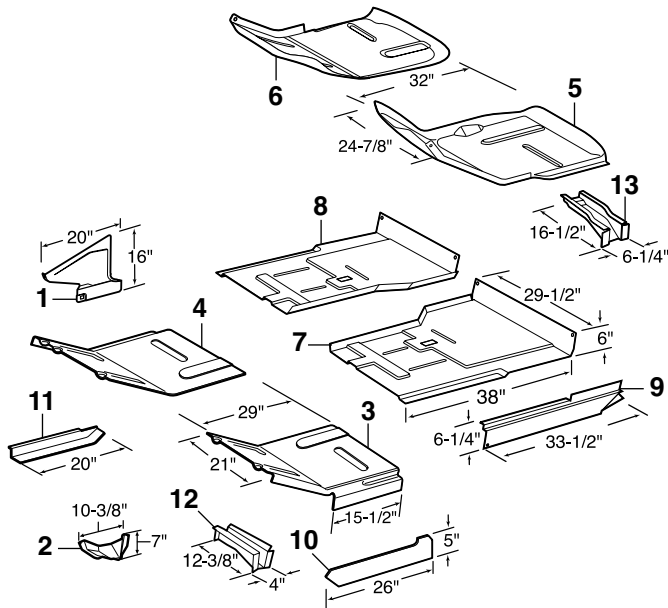

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

1973-80 Hood Brace Kit

This Hood Brace Kit helps prevent kinks in hoods that were common on the 1973-80 pickups and crewcabs. Kit includes two braces and self-tapping screws for installation. Call or go online and order yours today.

Silicone Sealant is recommended for installing the Hood Brace Kit to keep water out and prevent rust from forming.

Billet Hood Hinge Sets

30-3905-BL

30-3905-PL

Transform the look underneath your hood with this Eddie Motorsports Billet Aluminum Hood Hinge Set. Designed to replace stock stamped steel hood hinges, they are CNC machined to perfection in the USA from 6061-T6 billet aluminum. These billet hinges feature nitrogen filled gas struts and sealed ball bearings at all pivot points for smooth

ABS Hood Insulation Kits

ABS Hood Insulation Kits Do Not Fit Cowl Induction Hoods

39-2271

Heat-resistant textured ABS Hood Insulation Kit covers up the underside of your hood and is available with or without officially licensed logo. Each kit includes pre-cut foil-backed insulation material, 14 oz. spray adhesive, 1 roll of aluminum tape, center punch, drill sleeve, mounting hardware and illustrated instructions. Drilling may be required on models not originally equipped with hood insulation.

1973-91 Cowl Induction Steel Hoods ... Give Your Truck a High Performance Look

1973-91 Chevy Blazer, Suburban

1973-91 GMC Jimmy, Suburban

Cowl Induction Steel Hood helps cool the engine for increased airflow and increased performance. The outside cold fresh air carries a denser air/fuel mixture to an engine's combustion chambers than the warm underhood air. Hoods are made from primed high-quality steel with full inner frame that reuses original factory latch and hinges for an easy bolt-on application and must be painted.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

POR-15 Restoration Products

POR-15 is a high-performance rust preventative black paint designed to extend the life of new and rusted metal surfaces. It dries to a rock-hard, non-porous finish that will not rust, chip, crack or peel.

Dries in 2 to 5 hours; body fillers and paint can be applied over POR-15. For maximum effectiveness, degrease metal surfaces with Cleaner Degreaser, then prime with Metal-Prep.

Approximate product coverage:
1 pint = 48 sq. ft.; 1 quart = 96 sq. ft.

Dry Time Accelerator reduces the cure time of POR-15 by 30-50% without affecting the final physical properties of the paint. One 8 ounce bottle treats 64 pints or 32 quarts of POR-15.

PART	DESCRIPTION	PRICE
37-8411	POR-15 SEMI-GLOSS-1 PINT	\$34.95
37-8412	POR-15 SEMI-GLOSS-1 QUART	\$52.95
37-8408	POR-15 GLOSS-1 PINT	\$36.95
37-8409	POR-15 GLOSS-1 QUART	\$52.95
37-8418	DRY TIME ACCELERATOR	\$29.95

High Temp Paint is an extreme temperature finish that maintains color without burning off or discoloring on manifolds and headers. Withstands high temperatures up to 1200°F and resists cracking, chipping and peeling. It is weather-, salt- and moisture-resistant. Available in gray or aluminum color; can be brushed or sprayed on. Recommend sandblasting for optimal surface preparation.

Approximate coverage: 8 oz. covers a set of big block V8 headers with two coats.

PART	DESCRIPTION	PRICE
37-8484	HIGH TEMP PAINT-GRAY 8 OZ	\$21.95
37-8485	HIGH TEMP PAINT-ALUM 8 OZ	\$21.95

Metal-Prep provides adhesion for POR-15 on any metal surface. Gently etches metal, neutralizes rust and creates an ideal anchor for coatings such as POR-15, while leaving a zinc phosphate finish to ensure chemical bonding of paint and steel. Metal-Prep must be used on galvanized metal, aluminum, stainless steel and smooth, polished or new metal surfaces prior to applying POR-15. Metal-Prep is water-based so it is not caustic, corrosive, toxic or flammable.

PART	DESCRIPTION	PRICE
37-8415	METAL-PREP 1 QUART	\$18.95
37-8416	METAL-PREP 1 GALLON	\$36.95

Cleaner Degreaser cleans and degreases in one application without messy residues, noxious fumes or flammable solvents. Removes grease, oil, mildew, algae, musty odors, soap films and wax from canvas, vinyl, plastics, nylon, wood, fiberglass and all metal surfaces.

Cleaner Degreaser should be used as a surface prep prior to using Metal-Prep and POR-15.

PART	DESCRIPTION	PRICE
37-8413	CLEANER DEGREASER 1 QUART	\$12.95
37-8414	CLEANER DEGREASER 1 GALLON	\$26.95

POR-15 Self Etch Primer is a quick drying and easy-to-apply coating which enables a restorer to quickly topcoat POR-15 Rust Preventive Coating and other basecoats. You can even topcoat POR-15 that's been in place for months or years. This Self Etch Primer is NOT a high-build primer, it can be sprayed on almost any painted surface and can be top coated in 15 - 30 minutes. It bonds incredibly well to POR-15 Rust Preventive Coating, and all topcoats bond incredibly well to POR-15 Self Etch Primer. It can be sanded lightly, and, if desired, multiple coats may be applied.

PART	DESCRIPTION	PRICE
37-8401	SELF ETCH PRIMER-GRAY	\$34.95

37-8402

37-8403

37-8404

POR-15 Top Coat can be applied directly to a clean prepped metal surface, but when used as a top coat over POR-15 Rust Preventive Coating it provides the toughest, most permanent protection against rust and corrosion. It has exceptional long-term gloss and color retention when exposed to sunlight and the elements, non-porous, extremely scratch and chip resistant, won't crack, peel or chip. Can be applied directly to metal substrates, with no need for a primer or undercoat, and is formulated to form a robust barrier that sheds moisture.

Chassis Black has a semi-gloss appearance. For maximum durability Chassis Black should be clear coated.

PART	DESCRIPTION	PRICE
37-8402	TOP COAT-CLEAR	\$24.95
37-8403	TOP COAT-GLOSS BLACK	\$24.95
37-8404	TOP COAT-CHASSIS BLACK	\$24.95

Bed Liner is a water-based, rubberized coating ideal for protecting truck beds, and all other metal, aluminum, fiberglass and wood surfaces exposed to impacts and scuffs. It is UV stable and offers superior adhesion, impact resistance and flexibility. Features a textured semi-gloss black finish for good looks. Prior to application, surfaces should be degreased with Cleaner Degreaser and metal surfaces should be treated with Metal-Prep. Bed Liner can be applied over POR-15.

Approximate product coverage:
1 quart = 25-30 sq. ft.; 1 gallon = 100-120 sq. ft.

PART	DESCRIPTION	PRICE
37-8480	BED LINER 1 QUART	\$32.95
37-8481	BED LINER 1 GALLON	\$119.95

Fuel Tank Sealer coats the inside of your tank to stop rust and seal pinholes and weld seams. It's a non-porous, flexible film that is resistant to all fuels, alcohols and fuel additives. This environmentally safe sealer does not contain the harmful chemical Methyl Ethyl Ketone (MEK) and is non-flammable. Cleaner Degreaser and Metal-Prep must be used to prep fuel tank prior to using fuel tank sealer.

Approximate product coverage:
1 pint = to 12.5 gal tank; 1 quart = to 25 gal tank

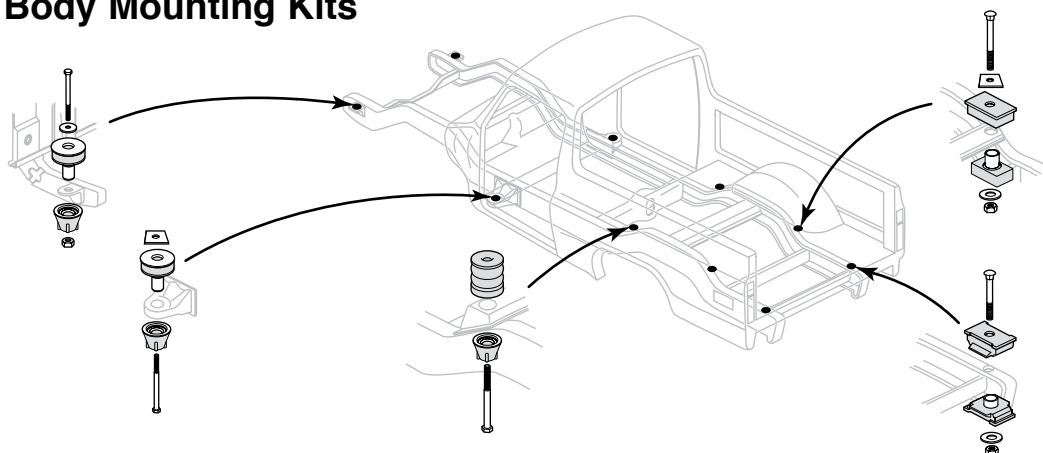

PART	DESCRIPTION	PRICE
37-8488	FUEL TANK SEALER 1 PINT	\$26.95
37-8489	FUEL TANK SEALER 1 QUART	\$44.95

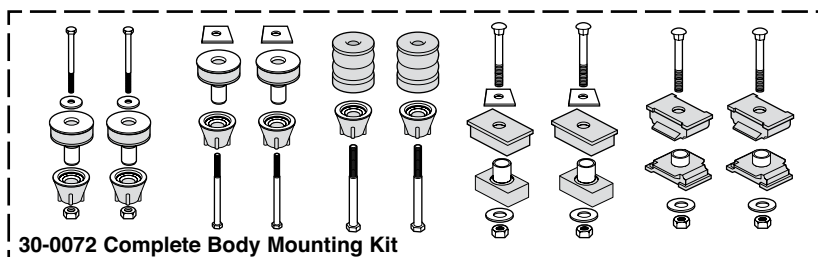

POR-15 Stop Rust Kit is designed to stop and/or prevent rust on metal surfaces and ensures the best results when applying POR-15 Rust Preventive Coating. The kit contains everything you need for the 3-step process, 8 ounce bottle of POR-15 Cleaner Degreaser, 8 ounce bottle of POR-15 Metal-Prep, 4 ounce can of POR-15 Gloss Black, two paint brushes, 1 pair of latex gloves, and detailed instructions and tips. The kit is ideal for small projects such as sub-frames, axle replacements, control arms, brake shields and much more! There is enough material in this kit to cover a 6 sq. ft. area with two coats.

PART	DESCRIPTION	PRICE
37-8405	STOP RUST KIT	\$24.95

Tailgates

1973-81 Chevy Blazer 1973-81 GMC Jimmy
 Without Removable Hardtop

For 1976 there are two types of designs used to attach the link and latch assemblies to the tailgate. Check your tailgate before ordering to ensure you order the correct part.

1st Design: Uses a BOLT to attach the link to the tailgate.

2nd Design: Uses a STUD to attach the link to the tailgate.

GM Restoration Parts **OE Quality Tailgate Reproductions**
 Reproduction Tailgates are produced from new tooling with 18-gauge OE quality steel, as original, for strength and durability. The sturdy tailgate base outperforms current collision-damage tailgates. Professional EDP (Electro Deposit Primer) coating offers a smooth surface. GM Officially Licensed Products purchased from an authorized GM Service Parts Operator (GMSPO) Licensee.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

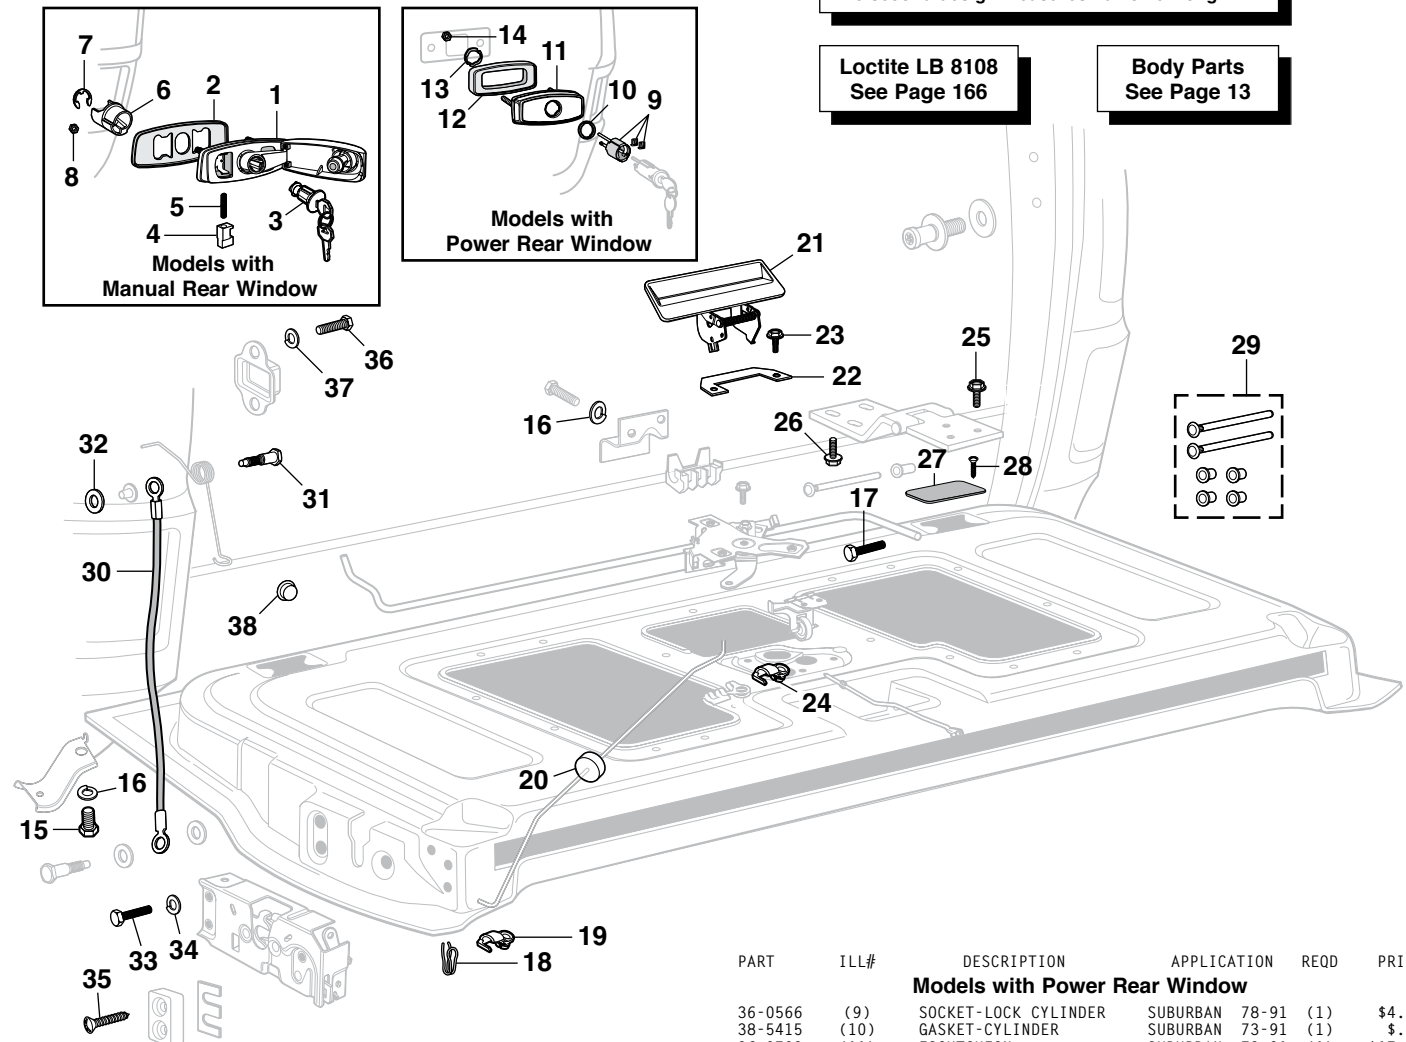

Tailgate Components

1973-91 Chevy & GMC Suburban

In 1989 the Suburban had two different tailgate supports. The first design measures 20-5/16" long. The second design measures 19-13/16" long.

Note: "A" For right hand applications it is necessary to remove the actuating lever by drilling out the rivet and install clip #30-0736 to allow installation of the latch control rod in its place.

Glass Tools

38-0796
\$.95

Windshield Stick A glass installer's most useful tool! Can be used to install or remove windows or window rubber. This plastic tool measures 8" in length for an easy grip.

38-0763
\$8.95

Hook Tool helps remove and install rubber mounted glass. The tool has an angled end for easier fitting of the glass inside the rubber seal. Features a round steel ball on the tip to protect against damage to the rubber seal, glass and painted surfaces.

38-0762
\$11.95

Rope-In Tool inserts 1/4" diameter nylon rope through its stem and seats it in the groove of the seal as it is pulled around the perimeter of the seal. With the glass properly positioned on the vehicle, simply pull the rope and the seal then pops over the pinchweld to hold the glass firmly in place. Includes enough rope to fit around even the largest truck windows.

38-0731
\$7.95

Locking Strip Tool is used to install the locking strip around windshields, side windows and rear windows. Features plastic screwdriver handle for a comfortable grip and steel shaft with double-ended tip for use on multiple applications.

Headlight Protection Film

36-0317

Headlight Protection Film is made from scratch-resistant, 30-mil thick press-polished PVC material that features a UV inhibitor to prevent shrinking and discoloration, combined with the strongest clear adhesive available for maximum durability and distortion-free light transmission. Proven to withstand a barrage of 1" diameter stones at speeds up to 120 mph with no damage to lens. Kit contains pre-cut film, installation squeegee and instructions. Without cutouts for headlight alignment pins where equipped.

Aluminum Running Boards Give You a Step Up

38-3736

Extruded Aluminum Running Boards feature rugged extruded aluminum finished with a brite-dip anodized coating for durability. Rough tape runs the entire length of the boards for secure stepping all year round.

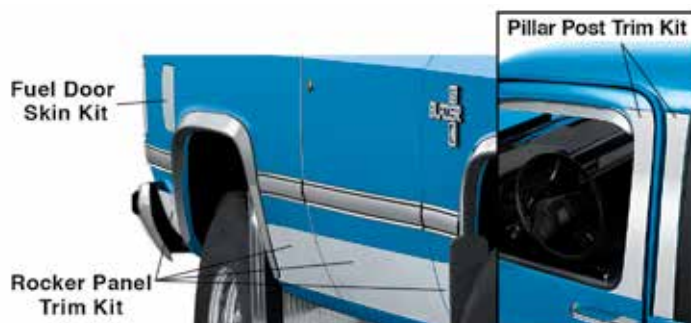

Diamond Tread Running Boards are constructed of thick gauge aluminum for strength and the diamond tread provides traction for secure stepping in all kinds of weather.

Full-size stone guards protect the Diamond Tread and Extruded running boards from road debris. Mounting brackets are made from heavy-duty steel for added strength. Running boards do not fit models with fender flares.

Custom Flexible Chrome Trim ... Design it – Cut it – Install it

Add design accents and trim on your vehicle in traditional patterns or create a unique custom look with Flexible Universal Chrome Trim. Available in four widths, any combination of the kits can be used to achieve a desired look. Chrome ABS Trim is scratch resistant, UV coated with a bright chrome finish and easily cuts with sharp scissors and features 3M™ adhesive peel-off backing. Pattern material is included for design and fitment of the flexible chrome laminate. Use provided sandpaper to clean up any edges or corners. Always double-check all measurements of materials needed for your design for your vehicle against available sizes of kits.

All Chrome Special Edition Grille

1973-88 Chevy Blazer, Suburban

1973-88 GMC Jimmy, Suburban

Made Exclusively for LMC Truck, this Special Edition Grille is made from precision machined tooling and is a blend of OEM and custom design to achieve a unique and timeless styling for a Neo-Classic Chevy or GMC truck.

This rugged plastic all chrome grille is injection molded so there will be no bent or warped bars, no dull finish and no cumbersome brackets or mounting hardware to worry about. Go from stock to style in minutes with easy installation. Bolts onto stock locations on most applications; comes with mounting instructions and new mounting hardware.

Chevrolet Bowtie and GMC Emblems are available; sold separately. Finish off the look with a polished Billet Bowtie Emblem.

1973-91 Custom Chrome Front Bumper Lighted

Custom Front Bumpers are stamped from new tooling using OE-quality steel for strength and durability. Bumper is buffed and polished for a smooth defect-free plating surface. The Triple Nickel Plating process creates a brilliant, high-quality mirror-like finish. Bumper has a 5 Year Limited Warranty on rust-through perforations. Lights are installed in the bumper, complete with all necessary wiring and installation instructions.

Fog lights provide a low, wide beam pattern for improved short-range vision in fog, rain or snow. Driving lights provide a longer, more focused beam pattern for improved long-range vision at highway speeds. Lights have an aluminum die-cast housing and three-tier protective finish coating, which makes the housing corrosion-free. State-of-the-art reflector, in combination with a strong semi-hardened crystal glass lens, gives maximum light output. Lights use a high efficiency halogen 12V 55W replaceable bulb and are OE quality, DOT and SAE approved. Lights come with a 3 Year Limited Warranty on assemblies (excluding bulb). Includes wiring harness, illuminated rocker switch and 12 volt relay.

- 1973-80 Bumper is equipped with two 3-3/4" diameter fog lights.
- 1983-91 Bumper is equipped with two 5-3/4" x 2" multi-surface reflector housing combination fog/driving lights.

For added style, replace the white halogen bulb with a halogen blue-coated bulb. The blue-coated bulb creates an intense white light which is popular in today's new cars and trucks. Get the cool look of HID (high intensity discharge) lighting without the high price.

Call or go online and order your Custom Chrome Front Bumper today!

1973-91 Stainless Steel Fender Trim Molding

Custom fit polished Stainless Steel Fender Trim Molding features a mirror finish that dresses up your truck while protecting your wheel wells. Guaranteed to fit and installs easily without bending or cutting.

Rubber trim and hardware are included; drilling is required to the bottom of the wheel wells for installation.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-7201	FENDER TRIM MOLDING	CHEVY GMC 73-91	(1)	\$79.95

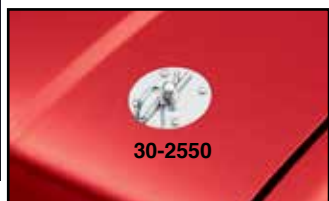

Flexy-Flares™ ... To Cover Those Wide Tires

Flexy-Flares™ provide protection from mud, dirt, gravel and salt and are a necessity in many states where wide tires must be covered by a fender. Constructed from EDPM synthetic rubber, they won't crack, peel or droop in extreme temperatures. These heavy-duty flares use a wire insert on outer edge for extra strength and added rigidity, and the built-in curvature allows the flare to fit the fenderwell without wrinkles or buckling. Flexy-Flares™ extend your fenders 3" and come with hardware packs for easy installation. **Set of 4**

Vent Window Lock Prevents Costly Break-ins

Help prevent break-ins with this universal Vent Window Lock Set. It is made from heavy-gauge steel, installs easily without tools and is removable when not in use. Order yours today!

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-1228	VENT WINDOW LOCK	SET OF 2	(1)	\$9.95

Windshield and Rear Window Installation Tips:

- Fit your new window rubber to your cab first, then install the window glass.
- Use a rubber friendly lubricant such as WD40 and the Windshield Stick (#38-0796) to ease installation and avoid damaging your window rubber.
- Window rubber shrinks; your new window rubber may appear slightly larger than the original prior to installation.

SHADED Window has a full light green tint with a dark band at the top of glass.

Windshield and Glass Sealant is silicone and seals windshields, windows, sunroofs and more. Flows into leaks like water but dries to form a flexible, tough, clear seal resistant to extreme temperatures, vibration, shock and most chemicals.

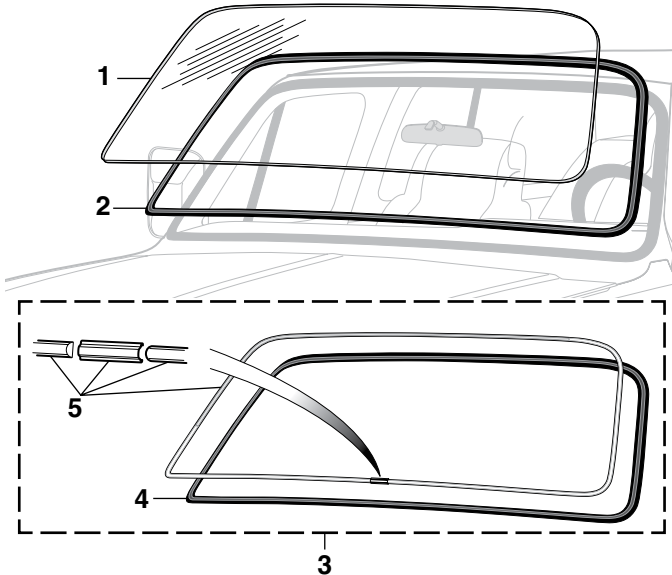

38-0783

STANDARD = Standard Rubber Seals do not have groove for trim.
CUSTOM = Custom Rubber Seals do have a groove for trim.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

Sliding Side Window Set

Sliding Side Windows replace original fixed and sliding side windows and are self-latching for safety and security. Premium pile weatherstripping keeps the elements out and provides smooth sliding operation. Glass is 1,000°F heat tempered, meets DOT and SAE specifications and has dark gray tint to keep the interior cool.

Turn Up the Heat with Heated Door Mirrors from LMC TRUCK !

Heated Door Mirrors eliminate the need to scrape ice and snow from mirrors; just flip a switch and watch the frost, ice or snow melt in minutes. LMC Truck has applied a unique conductive polymer heating element to the ever-popular Stainless Steel exterior flat glass door mirrors. This allows for high wattage heating at sub-zero temperatures.

When switched to "on" position, mirrors heat up for 10 minutes and then shut off automatically. If additional defrosting is needed, repeat the cycle. Set comes complete with left and right hand mirrors, mirror gaskets, mounting hardware, switch, switch holder, fuse, circuit board, wiring and installation instructions.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-5843	HEATED MIRROR SET	STAINLESS 73-91	(1)	\$129.95

Door Edge Peep Mirror

A Chrome Door Edge 4" Peep Mirror adds style and extra rear visibility to your truck. Attaches to the left or right side of the outer edge of the door window frame. A Chrome Convex 4" Peep Mirror provides a wider field of view than flat mirrors. A Chrome Peep Mirror Extension is available separately and adds 1-1/2" of length to the mirror arm for increased visibility. Reduce glare with a stainless steel 4" Peep Mirror Visor; sold separately.

PART	DESCRIPTION	APPLICATION	REQD	PRICE

Upgrade your power window harness for better power delivery to the window motors for modern day speed and reliability. The heavy-duty harness draws power directly from the battery compared to the original wiring that draws its power from the window switch. Harness has separate relays for up and down functions on both front doors. Comes complete with everything needed to splice into the truck's wiring and works with factory window switches. Installation instructions included.

Hand Riveter Set ... Makes Rivet Installation Easy

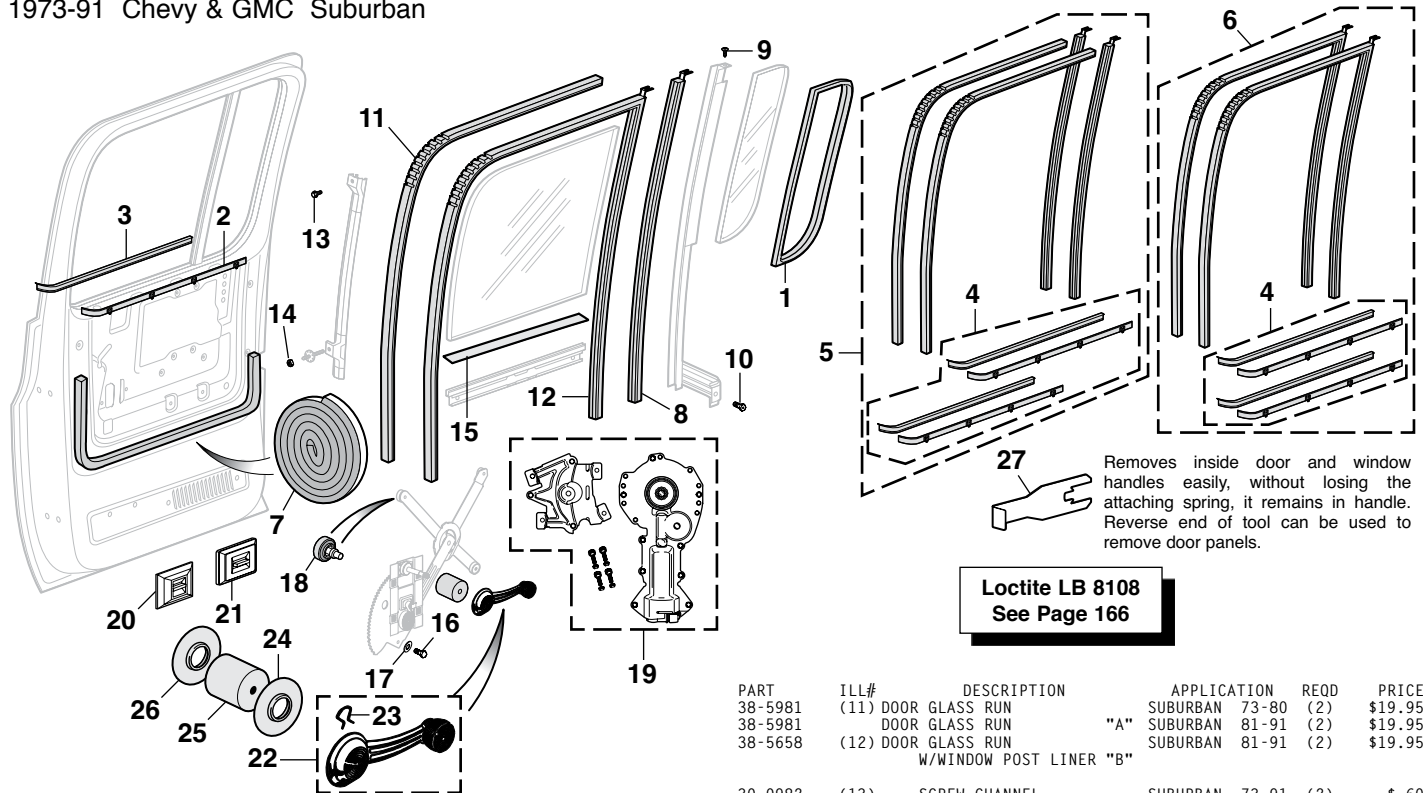

The Hand Riveter Set works great for body clips, door components, ID plates and sheet metal repairs. Comes with four nosepieces (3/32", 1/8", 5/32" and 3/16") and a wrench inside the gun's handle. 60 blind rivets included.

The Heavy-Duty Hand Riveter Set features extra long handles to give you more leverage setting rivets. A collection bottle keeps the workplace safe and clean. Includes 3/32", 1/8", 5/32", 3/16" nosepieces, plus 1/4" for larger projects like installing brackets and window regulators. Comes with a wrench and 50 blind rivets.

38-6457	CHROME WINDOW HANDLE SET	\$29.95

1973-76 Front Door Panel Sets

These new replacement door panels (not reproductions of the originals) are made from brand new tooling to more exacting standards than previously available. These door panels are manufactured from molded, heat-resistant plastic and then painted in the available colors. The paint is mixed with an ultraviolet inhibitor to help prevent damage from the exposure to sunlight.

LMC Exclusive Replacement Door Panel Sets accept all your original accessories or you may purchase new ones.

Panels are designed to accept:

- Door pockets; see page 79.
- Door panel trim sets; sold below.
- Original armrests, or you can replace your worn out or cracked ones with a new set that can be purchased separately; see page 77.

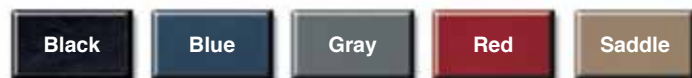

Door panels are sold in sets of two and include pre-attached window weatherstrips. Includes installation hardware and illustrated instructions.

All trim locations for #38-2568 Center Trim Panel or #38-2569 Trim Panel are pre-marked on the back of the door panel to make cutting the holes to match your truck's original door panels simple. Easy-to-follow illustrated instructions detailing this process are also included.

Door Trim Sets will also fit original door panels.

1973-76 Replacement Door Panel Sets are available in these colors.

1977-91 Replacement Door Panels

These new replacement door panels (not reproductions of the originals) are made from brand new tooling to more exacting standards than previously available. These door panels are manufactured from molded, heat-resistant plastic and then painted in the available colors. The paint is mixed with an ultraviolet inhibitor to help prevent damage from the exposure to sunlight.

LMC Exclusive Replacement Door Panel Sets accept all your original accessories or you may purchase new ones. Mounting hardware included.

Panels are designed to accept:

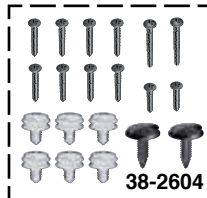

- Map pockets; see page 79
- Door panel trim sets and pull straps (if originally equipped)
- Door handle bezels
- Door panels are sold in sets of two and include pre-attached window weatherstrips.
- Your original armrests can be re-used or you can replace your worn out or cracked ones with a new set that can be purchased separately; see page 77.

#38-2601 Door Panels feature a pre-cut hole for the manual window crank handle. This hole can be enlarged using the pre-marked template on the rear of the door panel to fit a power window switch. Power door lock switch holes are also marked on the rear to make cutting the holes to match your truck's original door panels simple.

#38-2603 Door Panels have pre-cut holes for window handle, power window switch, power door lock switch and door panel trim.

#38-2509 (See page 75) Door Panels have all window handle, power window switch, power door lock switch and trim locations pre-marked on the back of the door panel.

#38-2601 and #38-2509 include easy-to-follow illustrated instructions detailing this process.

Look New Again ... The Easy Way!

Now You Can Be Sure All Your Interior Colors Match

ColorBond permanently changes the color of your interior. Sprays on and dries to the touch in 45 seconds, forming a complete bond in 10 minutes. Original grain pattern is never altered or hidden, no matter how many times ColorBond is applied. Will not crack, flake, peel or rub off from solid or flexible materials because the color becomes part of the surface.

\$16.95
each

Black #37-8375	Blue #37-8382	Burgundy #37-8387
Gray #37-8383	Red #37-8386	Saddle #37-8381

ColorBond can be used on:

- Vinyl
- Leather
- ABS Plastic
- PVC
- Polyurethane
- Polycarbonate
- Lexan
- Acrylic
- Recycled Plastics
- Carpet
- Cloth Upholstery

ColorBond is a semi-gloss finish that is OEM approved, UV stable and colorfast. Each 12 ounce can will cover 7 square feet. ColorBond Prep/Cleaner should be used prior to applying ColorBond.

37-8396 ColorBond Satin Clear Coat provides a protective finish that won't wash off. Protects against fading, cracking and heat deterioration. 12 oz Can \$16.95

37-8395 ColorBond Adhesion Promoter is required for the use of ColorBond on materials such as Polypropylene, Thermoplastic Elastomer, Polyolefin, Fiberglass and metal. 12 oz Can \$16.95

Black Underhood Paint

After

Before

37-8367
Black
\$16.95

Black Underhood Paint's specially formulated acrylic lacquer restores the finish of brackets, core supports, heater boxes and all underhood components. Withstands temperatures up to 250°F but is not designed to be applied to engine, manifolds or headers. 12 ounce can covers 6 square feet. Call or go online and order yours today!

\$12.95

ColorBond Exterior Trim Paint has all the innovative features of ColorBond Interior Paint but is specially formulated to provide a stronger, more durable bond for exterior trim use. Exterior Trim Paint delivers a superior finish to exterior trim plastics and painted metal trim including: bumpers, mirrors, fender flares, wiper arms and window trim. Each 12 ounce can covers 6 square feet. Use ColorBond Adhesion Promoter #37-8395 prior to application for a long-lasting finish.

Prep/Cleaner

37-8399
12 oz Can
\$11.95

ColorBond Prep/Cleaner is a fast drying, non-solvent, multi-surface cleaner. It cleans and prepares the surface for use of ColorBond.

Spitshine Tire Black and Silver Rally Wheel Paint ... Bring Back the Shine

Before

After

37-8370
\$16.95

37-8365
\$16.95

ColorBond Spitshine Tire Black is a specially formulated paint, not a clear silicone dressing, designed to restore a military shine to faded and scuffed tires for a minimum of two months. Spitshine is not greasy or tacky, so it won't attract unsightly dirt and dust. Each 12 ounce can is easy to apply; first, clean tires of any existing dressings, silicones and dirt with ColorBond Prep/Cleaner. Mask the wheel or rim and apply in light coats. Reapply Spitshine Tire Black if tires become scuffed.

Not for use on tires with white lettering or sidewalls.

ColorBond Rally Wheel Paint is a specially formulated acrylic lacquer that provides a brilliant silver finish to the original rally wheels and withstands temperatures up to 250°F. Each 12 ounce can covers 6 square feet. ColorBond Prep/Cleaner should be used prior to applying ColorBond.

Threshold Plate Set with LED Bowtie

Replacement Remote

37-8038

Officially GM licensed custom threshold plates are made from high-quality stainless steel with a brushed finish and etched accents. The long-lasting LED illuminated

bowtie in the center glows when either door is opened and turns off when closed and can be wired to an existing courtesy light switch or one can be purchased separately.

37-8038 can be changed to one of 20 static colors with adjustable brightness or set to one of 22 dynamic modes that cycles between all the colors that can be sped up or slowed down to your liking. All this can be done from the included wireless remote control.

Threshold Plate Set requires no drilling and installs using pre-attached 3M™ tape strips. Threshold Plate Set and Courtesy Light Switch Kit include instructions and come with everything needed to install.

Replacement Seat Cushions

Replacement Seat Cushions are manufactured with a precision cold cure molding process that exceeds original quality and are reinforced with a tough polypropylene mesh for stability and long life.

Some 1981 bench seat models were equipped with the 1973-80 style seat; check yours before ordering. The 1981-91 Seat Cushion has molded openings for seat belts to pass through.

1973-80 Replacement Center Console with Cup Holders

38-6925

Due to the nature of polyethylene, painting is not recommended.

Replacement console is the same dimensions as the original. Its one-piece construction is made of durable, black molded polyethylene, and mounts in original location. It also features a locking lid with one set of keys. Cup holders accommodate containers with a diameter of up to 3-1/4" and has convenient storage space between the cup holders for a garage door opener or cell phone. Use existing hardware or purchase new mounting screws below. Fits trucks with bucket seats.

This is a replacement console, not a reproduction of the OE center console. The original upper compartment metal trim cannot be used with this console.

Seat Belts ... Buckle Up for Safety

Seat belts are constructed of OE-quality herringbone webbing and feature a quick release push-button buckle to ensure the safety of you and your passengers. Federal regulations require seat belts in all trucks manufactured after July 1971.

Available Colors

3 Point Retractable Seat Belt Kit and Seat Belt Extender

3 Point Retractable Seat Belt Kits are a simple, direct bolt-in installation using the original seat belt mounting holes. #38-2246 includes mounting hardware for retractor to floor bracket and for shoulder belt. Reuse existing hardware to mount the retractor and the buckle to the floor or purchase new bolts. #38-2241 does not include mounting hardware. Reuse existing hardware.

38-2246-BL

38-2247-BL

Seat Belt Extender provides an extra 12" in length for added comfort. Instructions and hardware are included. For use with 3 Point Seat Belt Kits.

Molded Carpet ... Fits and Looks Like Original

Cut pile carpet is molded from the original floor pan for a perfect fit that covers the entire floor. It's made from 100% nylon with an OE type heel pad. The heavy 36 ounce jute padding under the front passenger area helps insulate against heat and reduces road noise.

Color coordinated original style heel pad is attached and an easy-to-install dimmer switch grommet is also included. The color coordinated vinyl binding helps prevent fraying and adds the finishing touch.

Shiftrod and Steering Column
Holes are Not Pre-cut

38-2792-LL
Complete Molded Carpet Set

IMPORTANT: Before choosing a floor covering, check the floor pan configuration of your vehicle. Was your vehicle originally equipped with an Automatic (Low Hump) or Manual (High Hump) transmission? Selecting the correct floor pan configuration is an important part of ensuring that your floor covering fits properly.

EVA Sound Deadener and Heat Shield Kits

38-2906

Installation Tip: To reach the maximum level of sound dampening and insulation, use Multi-Purpose Insulation #38-2829, see below, to cover any areas not protected by the EVA Sound Deadener and Heat Shield Kits. Use #38-0798 Spray Adhesive, #38-0792 Weatherstrip Adhesive and #38-0716 Aluminum Tape to install sound deadener, heat shield and insulation.

EVA Sound Deadener Kit: The EVA Sound Deadener Kit is die cut for easy installation. Made from OE type, 1/16" thick Ethyl Vinyl Acetate (EVA) which is an asphalt based material used for sound dampening. Applies directly to the cab floor. Reduces road noise and cab harmonics to give you a quieter ride and also helps to insulate against heat and cold. To further insulate against heat and cold, use in combination with the Heat Shield Kits.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-2888	EVA SOUND DEADENER KIT-FRONT 3PC	BLZ JIM 78-91	(1)	\$74.95
38-2888	EVA SOUND DEADENER KIT-FRONT 3PC	SUBURBAN 73-91	(1)	\$74.95

Heat Shield Kit: Heat Shield Kit is die cut to match the EVA Sound Deadener Kits for easy installation. Consists of 1/4" thick, 24 ounce needle punched jute padding on one side which insulates against heat and cold. The other side has two layers of fiber reinforced aluminum foil reflecting up to 97% of radiant heat which helps to keep you warm in the winter and cool in the summer.

Multi-Purpose Heat and Sound Insulation

38-2829

38-0798

38-0716

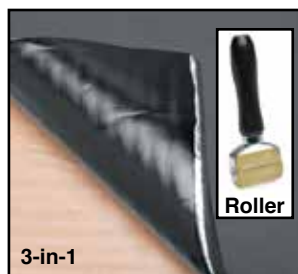

38-0792

Uses Space Age technology to insulate against heat, cold and noise under hoods, carpeting, headliners, door panels, firewalls or seats as well as other household uses. This 4-foot x 6-foot sheet is made of 3/8" sound deadening fiber padding. Highly reflective aluminum is bonded on one side to achieve 97% reflection of radiant heat. Use this Multi-Purpose Insulation with Sound Control Mat for maximum sound deadening. Call or go online and order both today! Use #38-0798 Spray Adhesive and #38-0716 Aluminum Tape or #38-0792 Weatherstrip Adhesive to easily install Insulation Material.

Sound Control Mat

Sound Control Mat reduces noise, vibration and heat created from the engine, road and structure of your vehicle. Can be applied to any interior surface area; cover as little as 25% of an area for a noticeable reduction. Each 2mm thick sheet consists of butyl rubber with a top layer of heat resistant aluminum that is easy to cut and conform to contoured surfaces, just peel and stick. Available in silver and black, each sheet measures 21" x 29".

3-in-1 Sound Control Mat combines the vibration absorption and heat resistant capabilities of the 2mm thick Sound Control Mat with an additional 5mm thick layer of foam for more efficient sound deadening. This makes it our most effective product for eliminating road noise and vibrations in your truck. Each sheet is 7mm thick and measures 19" x 31".

PART	DESCRIPTION	APPLICATION	PRICE

1/8" Thick Molded Industrial Polyvinyl (MIP) Floor Mats

Heavy-duty Molded Industrial Polyvinyl (MIP) Floor Mats are made of 1/8" thick industrial Polyvinyl and are resistant to moisture and temperature; therefore, they will not dry rot or crack and last years longer than rubber. They are vacuum molded from the original floor pan to cover the entire floor, making installation easy.

Mats are easy to clean and protect your interior from water, snow, mud and most chemicals. The MIP Floor Mat includes pre-cut 36 ounce jute padding under Blazer and Jimmy front passenger areas and under Suburban front and rear passenger areas to provide a higher level of insulation against heat, cold and road noise.

Floor Liners ... Tough and Durable Protection for Your Truck

Floor Liners protect your truck's carpet from water, snow, mud and most chemicals. Molded for an exact fit from a patented rubberized thermo-plastic material, guaranteed not to crack or break. Raised outer rim traps up to 2 gallons of liquid. Driver's side mat is equipped with an extra thick heel pad to offer heel protection and guard against wear in this high use area. Floor mats conform to the shape of your vehicle's floor and have an anti-slip back. Cleanup is easy, just wipe up small areas with a cloth or remove the mat and hose it off.

Note: "A" Flanges on end of dash pad will need to be trimmed prior to installation.

Dash Pads are made with a foam-backed vinyl which is made with a protective UV coating to help prevent ultraviolet damage. They feature steel-reinforced inserts and use all factory mounting locations and hardware. No modifications needed for installation.

Color Dash Pads feature a black base painted in available colors and then coated with the same UV coating to help prevent damage.

Hardware is not included and must be purchased separately, see pages 93 and 95.

Available in 5 colors.

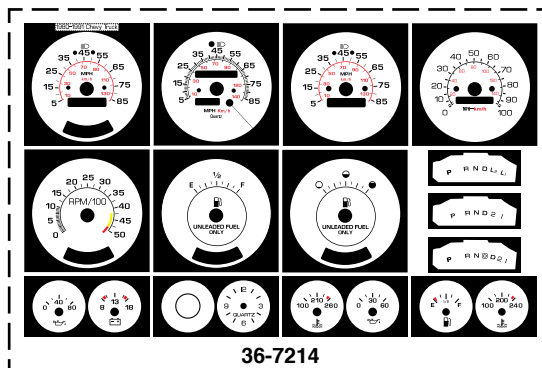

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

White Face Gauge Overlays

White Face Gauge Overlays are computer printed on vinyl and pre-cut for a precise fit. They install easily over stock gauge faces without removing the gauge needles (except clock) and use the stock gauge lighting. No worries of broken needles or need for recalibrating gauges. Overlays will not wrinkle or bubble in hot or cold temperatures and can be removed with direct heat. Installation instructions included.

Dakota Digital RTX Gauge Clusters

37-8870

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8870	GAUGE CLUSTER-RTX	CHEVY GMC 73-75	(1)	\$1230.95

RTX Gauge Clusters are focused on retaining the stock look without sacrificing late-model features. Every effort has been made to incorporate OEM design elements regarding the layout, face styling and indicators. A casual glance may dismiss these as original equipment, but once you turn the key and the LED backlighting comes on in your favorite color scheme, all doubts will be removed. A hidden rocker switch provides quick access to all settings and functions.

The digital message center can be configured to display just about any piece of information needed. Over 30 user-selectable LED color options are available with 12 factory preset color themes. Fully lit color needles, back-lighted color faces and a full color message center are dimmable for driving at night. Each analog gauge sweep (except speedometer) contains a red LED indicator for quick indication of a warning condition. Gauge clusters can also be completely configured through Bluetooth with Dakota Digital's Android and Apple free mobile app.

Includes water temp, oil pressure, and speed sensors. Existing fuel sending unit can be used. Detailed installation instructions and operation manual included. Optional expansion accessories add functionality and allow additional gauge readings to be displayed.

GPS Speed/Compass Sender

Dakota Digital GPS Speed/Compass Sender is a simple connection to the gauge cluster that adds accurate speed information, compass heading, altimeter data, and automatic clock syncing, all with fully automatic calibration! No DIP switches, no guessing, no inaccuracies, period

PART	DESCRIPTION	REQD	PRICE
37-8891	GPS SPEED/COMPASS SENDER	(1)	\$189.95

Gear Position Sensor

Dakota Digital Gear Position Sensor allows RTX and HDX gauge clusters to display the gear position in the message center on trucks with automatic transmissions. Features built-in outputs for reverse lights and neutral safety switch. Fits all transmissions with

included mounting brackets. Easy setup and calibration.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8890	GEAR POSITION SENSOR W/AUTOMATIC TRANSMISSION		(1)	\$104.95

Dakota Digital HDX Gauge Clusters

HDX Gauge Clusters add a modern look to your classic truck with a choice of black or silver alloy gauge-face styling. The built-in, capacitive-touch buttons let you easily change calibration and personal settings. Each needle hub is black nickel plated spun-aluminum to match the face-mounted buttons.

The digital message center can be configured to display just about any piece of information needed. Over 30 user-selectable LED color options are available with 12 factory preset color themes. Fully lit color needles, back-lighted color faces and a full color message center are dimmable for driving at night. Each analog gauge sweep (except speedometer) contains a red LED indicator for quick indication of a warning condition. Over 30 Different LED Color Options to Choose From

OBD-II/CAN Interface

Dakota Digital OBD-II/CAN Interface allows you to plug directly into the engine diagnostic port (on equipped models), extracting engine and transmission data from the vehicle's computer. The interface will collect and output the following information to Dakota Digital RTX and HDX gauge clusters: vehicle speed, engine speed, engine temp, check engine indicator, intake air temp, transmission temp, ambient temp, gear position and oil pressure. Available data varies by models.

PART	DESCRIPTION	REQD	PRICE
37-8893	OBD-II/CAN INTERFACE	(1)	\$94.95

Electronic Fan Controller

Dakota Digital Electronic Fan Controller has a fully programmable "fan on" and "fan off" temperature (selection range is 150°F - 250°F) to suit any setup. Works with a dedicated temperature sending unit or operates from a sending unit already installed. LED temperature display for simple programming. Key-off run time adjustable from 0-5 minutes. Compatible with single, dual or single two-speed fan applications. 70A relay included, a second relay will be required for dual fan or two speed fan operation, sold separately.

Classic Instrument Gauge Clusters

**7 Year Warranty
Made in the USA**

Gauge Cluster features a speedometer, tachometer and clock along with fuel, oil, temperature and volt gauges. The all-electric cluster is designed to reuse the factory dash bezel and gear indicator. Zeus Speedometer Technology (ZST) provides calibration at the touch of a button and ensures the smoothest pointer operation without requiring external control boxes. Cluster features bright LED illumination with built-in dimmer control. ZST accepts any speed signal such as a pulse generator, VSS, ECM, or GPS without the need for an additional interface.

Sending units for vehicle speed, water temperature and oil pressure are included. Gauge cluster has a programmable fuel gauge that works with original and aftermarket fuel sending units. Cluster does not have speed signal output used on trucks with TBI and factory ECU. Detailed installation instructions included.

New Vintage USA Gauge Clusters

Period-styled and themed gauges for your classic truck. New Vintage USA gauge clusters easily interface with original engines as well as high-tech late-model engines, ignition systems, PCMs and speed sensors including GPS. All parts are direct fit designs that fit the stock gauge mounting locations. The cluster harness will need to be spliced into the factory wiring. Made in Detroit, Michigan and backed by a 5-year warranty.

Each gauge cluster contains:

- Programmable speedometer (0-140mph) with trip meter and standard odometer.
- Tachometer (0-8,000 rpm), fuel, oil pressure, coolant temperature and voltmeter gauges.
- Works with factory fuel sending unit.
- Sending units for oil pressure, coolant temperature and vehicle speed.
- Easy-to-follow, detailed installation instructions included.

GPS Speed Sending Unit

Make speedometer calibration a thing of the past, with the GPS Speedometer Sending Unit for your New Vintage USA Gauge Cluster. No longer will you have to recalibrate your speedometer after tire or differential gearing changes, as the GPS signal updates quickly and provides a precise reading for your speedometer to display. Can be mounted under your dash.

Tachometer Conversion Kits

1978-87 Chevy Blazer, Suburban
1978-87 GMC Jimmy, Suburban

GM used three different fuel gauges in 1978-79 models. Determine which gauge you need by the photos shown.

Gauges Included with 36-1870

Gauges Included with 36-1871

Gauges Included with 36-1872

36-1873

Take the guesswork out of upgrading the instrumentation in your classic pickup with the Tachometer Conversion Kit. Each kit has been packed with every component required to convert your existing non-tachometer instrument cluster to a full tachometer package.

Each kit includes:

Tachometer Conversion Kits fit models equipped with factory gauges only.

- Tachometer
- Fuel gauge
- Tachometer wiring harness
- Tachometer mounting plate
- Mounting screws for tachometer mounting plate and fuel gauge
- Gauge cluster backing plate
- Printed circuit and retaining clips
- Instrument cluster lens and retainer
- Directional and high beam indicator lenses
- Spacers and detailed instructions

A-pillar Trim Set with Built-in Tweeters

1981-91 Chevy Blazer, Suburban

1981-91 GMC Jimmy, Suburban

LMC
TRUCK
EXCLUSIVE

A-pillar Trim Set with high-frequency speakers offer improved sound clarity. The 1" diameter integrated tweeters are rated at 25 watts RMS and can be rotated to fine-tune the stereo imaging.

A-pillar trim fits exactly as original trim. Each speaker has an inline filter on the wire leads that must be used to block out low and mid-range frequencies. Available in black and can be painted to match the color of your interior.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-8518	A-PILLAR TRIM SET W/TWEETERS "A"	CHEVY GMC 81-91	(1)	\$129.95
38-8528	REPLACEMENT TWEETER	CHEVY GMC 81-91	(1)	\$15.95

Note: "A" A-pillar moldings were original for 1981-91 models and can be used on 1973-80 models with slight modification.

Kick Panel Set with Speakers

38-8508

Molded Kick Panels with speakers sound great and enhance the appearance of your truck's interior. They feature 6.5" coaxial speakers with 80 watts peak power capacity and a frequency response of 80-18KHZ. Kick Panels can be painted to match the color of your interior, see page 76 for ColorBond.

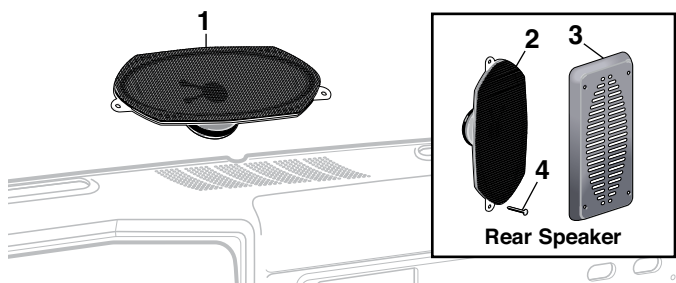

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-8508	KICK PANEL SET W/SPEAKERS "A"	CHEVY GMC 73-91	(1)	\$129.95

Note: "A" Hood release cable requires relocation for 1977-91 models.

8" Powered Subwoofer

**1 Year
Warranty**

This 8-inch powered subwoofer is housed in a rigid die-cast aluminum chassis for better heat dissipation and powered by a built-in 100-watt amplifier with 200 watts max output. Has frequency response of 35-100Hz and total harmonic distortion of 0.08%.

Features include a fully adjustable crossover network between 50-100Hz, independent gain (volume) and 0 or 180-degree phase control. Subwoofer can be connected to radio with low level input RCA connectors or wired directly to radio through the high level input using supplied wiring harness. Includes mounting brackets, wiring harness and wired remote bass control. Compact 9" x 2.75" x 13.75" size weighing 9 lbs.

PART	DESCRIPTION	APPLICATION	PRICE
38-8527	POWERED SUBWOOFER-8"	100 WATT	\$199.95

Full Range Speaker Set

Full Range Speaker Set is the perfect upgrade to add more thump behind the seat. Speaker enclosure is wedge shaped, made from MDF and protected by durable carpet. Enclosures are a mirror image of each other with each box containing one 8" woofer with port and a soft dome tweeter for 175 watts power handling, 60-22,000 Hz frequency response and 4

ohms impedance. Acoustic batting is used to increase sound quality and performance. Chrome spring loaded terminals for easy wire installation. Dimensions: 16-1/4" wide, 13-1/2" high, 7-1/2" deep at bottom, 3-3/4" deep at top.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-8599	FULL RANGE SPEAKER SET	175 WATT	(1)	\$199.95

USB/Auxiliary Input Extension Cable

38-8547

USB/Auxiliary Input Extension Cable gives you a convenient location to plug in external sources. Cable is 54" long and features USB and 3.5mm auxiliary connections. Black version includes under-dash housing.

PART	DESCRIPTION	REQD	PRICE
38-8547	USB/AUX EXTENSION CABLE-BLACK	(1)	\$29.95
38-8548	USB/AUX EXTENSION CABLE-CHROME	(1)	\$29.95

Dual Voice Coil Speaker

38-8565

Dual Voice Coil Speaker looks like original design but features today's cutting edge technology. It provides the best possible sound from the original speaker location and is pre-wired to plug into the radio instantly. It connects both channels of the stereo to one speaker and has 70% more cone area than dual cone

speakers, allowing better sound quality especially in lower bass frequencies. Features large cobalt ferrite magnets and foam surrounds and can handle 80 watts of power.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-8565	DUAL VOICE COIL SPEAKER	CHEVY GMC 73-91	(1)	\$59.95

Replacement Dash Speakers

38-8519

These high-quality Replacement Speakers are designed to replace factory stereo speakers. They feature a high-quality textured paper cone for better sound imaging, a dense foam surround resistant to drying and cracking and a high frequency response and can handle 60 watts of power. They also utilize large cobalt ferrite magnets with galvanized steel mounting brackets. *For use on models originally equipped with factory stereo.*

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-8519	STEREO SPEAKER SET	CHEVY GMC 85-91	(1)	\$44.95

Dual Front Speakers

Dual Front Speaker Assembly installs in original single speaker location and is pre-wired to plug in instantly to the radio, providing quality stereo sound to your truck. It features large cobalt ferrite magnets, foam surrounds and a high frequency response that can handle 80 watts of power. Base plate is made of duron with coaxial

speakers riveted in place and is cloth covered. *For use on models not originally equipped with stereo.*

1973-91 Chevy Blazer, Suburban
1973-91 GMC Jimmy, Suburban

The original headliner board for a 1976-91 Blazer/Jimmy and a 1973-91 Suburban was made of pressed fiberboard. Over time the headlining material separates from the fiberboard and falls down with the fiberboard usually deteriorated beyond repair. These ABS plastic-backed headliners are a simple, cost-effective, long-term solution to this problem.

Replacement Headliners are vacuum-formed ABS plastic covered with foam-backed perforated vinyl or cloth materials in colors that fit and function as original. Replacement headliners install as original using existing trim.

- Easy Installation
- No Special Tools
- Instructions Included

Highliner with Built-In Speakers ... For a Stereo System Above the Rest

Highliner uses four built-in, uniquely placed speakers which guarantee true stereo separation as well as less distortion and ensures clarity at lower volume levels by neutralizing the echo effect found in most pickups. Radio console is designed to accept optional aftermarket stereo cassette players, CD players or CB radios.

Highliner is manufactured from high-impact, leather-grained, black ABS plastic and can be painted to match the color of the interior. It installs easily and includes four 4" air suspension speakers with a 5.8 ounce magnet, which handles up to 10 watts of power. Features high-temperature resistant voice coils and comes with foam speaker baffle and suppression pads, antenna extension cable, bezel plate, installation hardware and instructions.

Shelf-It™ ... The Ultimate in Organized Convenience

Shelf-It™ is ideal for storing items within reach but out of sight. It is made of heavy-duty extruded aluminum and features a durable, soft, velvet-like finish. Installation is easy; simply remove sun visors and install mounting brackets in the existing sun visor holes. Mount Shelf-It™ to the brackets and then attach sun visors to the Shelf-It™; no drilling required.

Fuel Pump Control Module

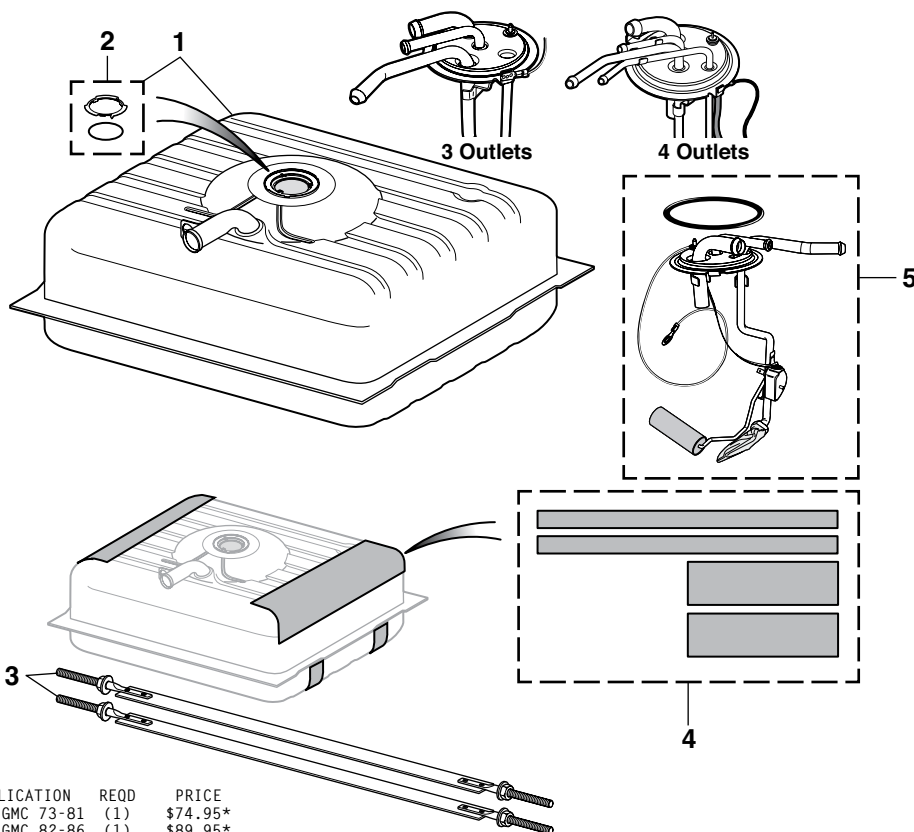

Updating your truck to an electric fuel pump? Wiring the pump to an on-off switch or to a simple ignition switched source isn't the best idea. If an accident occurs, your pump would run as long as the switch is active. With the Fuel Pump Control Module, when the key is turned, the fuel pump turns on to prime the system in a three-second cycle, just like modern vehicles. Then the module uses the tach signal so the pump only runs when engine is running, giving you quicker start-ups and improved operating safety.

PART	DESCRIPTION	PRICE
36-0906	FUEL PUMP CONTROL MODULE	\$64.95

Gas Tank and Components

1973-91 Chevy Blazer, Suburban

1973-91 GMC Jimmy, Suburban

1st Design: Uses a hook attachment at one end and nut attachment at the opposite end.

2nd Design: Uses a bolt attachment at one end and nut attachment at the opposite end.

2nd Design Gas Tank Straps can be used as a replacement for the 1974-77 1st Design Gas Tank Straps. Some modification may be required.

For the 1977 Suburban with 40 Gallon Gas Tanks there were two types of Gas Tank Straps used. Check your Suburban before ordering.

25 Gallon measures: 28-3/4" x 28-1/8" x 10-3/4"

31 Gallon measures: 28-3/4" x 28-1/8" x 12-3/4"

40 Gallon measures: 35" x 28-3/4" x 13-1/8"

NotchHead Line Clamps

30-1731

30-1736

NotchHead Line Clamps organize both hard and soft lines and clamp them in place to keep from being chafed on sharp edges or crushed under moving components. Easily secure lines without marring paint. Can also be used as separators for running hoses in parallel by bolting two line clamps together. Flexible lines easily snap in for quick installation and mock-ups. Mounting hardware included in each kit.

Heavy-Duty Gas-Charged Shocks

Heavy-Duty (HD) Gas-Charged Shocks limit unsafe roll or sway when cornering and regain control of spring and suspension movement.

KYB Shock Absorbers ...
Driving Control, Even Ride and Performance Handling

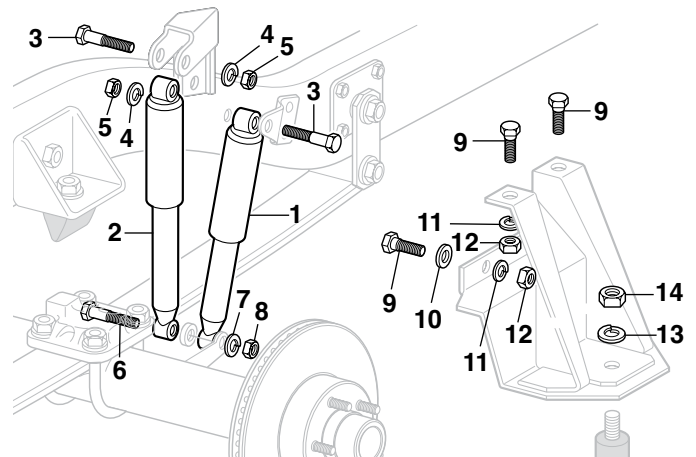

Gas-A-Just Shock Absorbers: Features higher gas pressure to provide unsurpassed control on even the most demanding roads. Eliminates the age old problem of performance fade by eliminating aeration and foaming, a problem with other shocks that use two-tube construction that allows air to mix with fluid.

GR-2 Gas Shock Absorbers: Features lower pressure for riding comfort with improved handling and response only gas shocks can provide at an economical price. The economical way to step up from hydraulic shocks to the quality ride and control of gas.

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

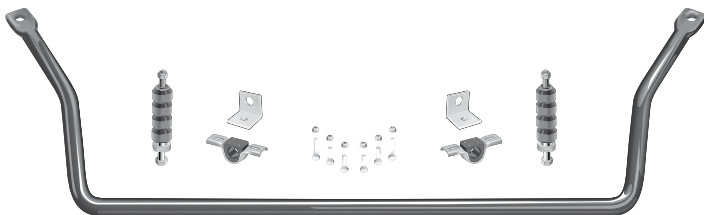

Tubular Front Control Arms

Tubular Control Arms are made of fully welded, heavy-wall tubing that is much stronger than the original design. New ball joints, bump stops, preassembled cross shafts and self-lubricating bushings are included. The upper control arms have 5° of additional caster for a more positive road feel and quicker return to center steering. The lower control arms provide increased ground clearance and work with end-link style sway bars. Control arms are a simple bolt-in installation and can be installed with either factory uppers or lowers, or as a full set.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8474	TUBULAR UPPER CONTROL ARM SET	73-91 2WD 1/2T	(1)	\$329.95

3" Body Lift Kit ... Makes Room for Larger Tires

37-6533

Read This: Installation of a body lift will change the center of gravity and the handling characteristics of the vehicle. Because of the higher center of gravity and larger tires, the vehicle will handle and react differently both on and off road. You must drive it safely! Extreme care must be taken to prevent vehicle rollover or loss of control, which could result in serious injury or death. Avoid sudden sharp turns or abrupt maneuvers and always make sure all vehicle occupants have their seat belts fastened.

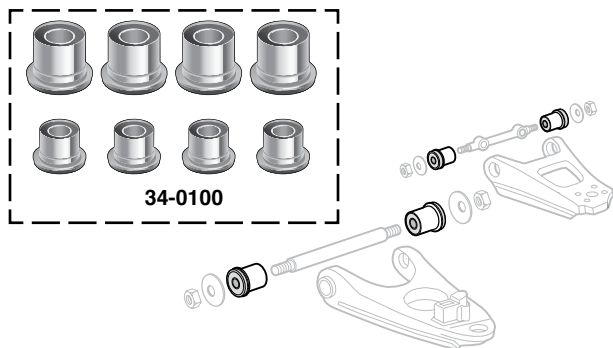

A Body Lift spaces the body away from the frame to make room for larger tires without altering the suspension. Body Lift Kit includes reinforced nylon spacers, compression tested to 50,000 psi and plated grade 5 hardware.

Since the stock suspension is not affected, and larger tires are normally part of the plan, new shocks are recommended.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-6532	3" BODY LIFT KIT	BLZ JIM 73-91	(1)	\$139.95
37-6533	3" BODY LIFT KIT	"A" SUBURBAN 73-91	(1)	\$199.95

Note: "A" Will not fit models equipped with diesel engine.

Polyurethane Control Arm Bushings

34-0100

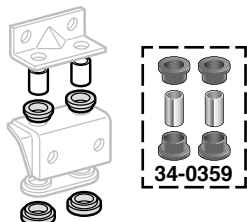

Front Control Arm Bushings are a must for increased control on cornering. Bushings come complete with plated outer shells and are pre-lubricated with a synthetic teflon compound that inhibits squeaks.

Drop Spindle Sets

37-8505

Drop Spindle Sets feature an updated design with a lighter, cleaner casting that also moves each wheel 3/4" inboard to help retain factory track width and provide fender-to-tire clearance.

Drop Spindles are the best way to lower the front of a truck without changing or affecting other components. Original ride quality and suspension geometry are retained.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8505	DROP SPINDLE SET-2-1/2" "A"	2WD 1/2 73-91	(1)	\$269.95
37-8506	DROP SPINDLE SET-2-1/2" "B"	2WD 1/2 73-91	(1)	\$264.95

Note: "A" Models equipped with 1" wide front brake rotors.
"B" Models equipped with 1-1/4" wide front brake rotors.

Drop Coil Spring Sets

37-8516

Drop Coil Springs are a quick and easy way to lower a truck. Use just coils or combine with Drop Spindles for an even lower ride. If dropping the front of a truck 2" or more with coil springs then shorter front shocks are needed.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8515	DROP COIL SPRING SET-1"FRONT	2WD 1/2 73-91	(1)	\$159.95
37-8516	DROP COIL SPRING SET-2"FRONT	2WD 1/2 73-91	(1)	\$159.95

Drop Shocks ... For Lowered Trucks

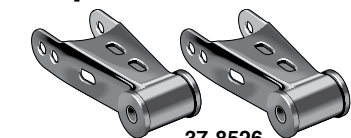

37-8581

If dropping the front of a truck 2" or more with coil springs then shorter front shocks are needed. Drop Spindles do not affect

suspension and do not require shorter shocks. If dropping the rear 4" or more then shorter rear shocks are needed.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8581	DROP SHOCK-FRONT	2WD 1/2 73-91	(2)	\$59.95

Drop Shackle Set

37-8526

Use the Drop Shackle Set to lower the rear of your truck 1" to 2".

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8526	DROP SHACKLE SET-1"-2"	2WD 1/2 73-91	(1)	\$59.95

Crossmembers ... For Lowered Trucks

37-8459

Tubular Transmission Crossmember is designed specifically for lowered trucks with stock or custom exhaust systems. Crossmember bolts into existing holes on lower frame rail and matches up to all factory engine and transmission combinations. Low-profile design provides plenty of room to tuck exhaust up over the crossmember and keep it from hanging below the frame rail. Made with a durable silver powder coat finish and includes installation hardware.

Crossmember is lighter and stronger than original and is designed for TH700-R4, 4L60, 4L60E, 4L80, and 4L80E automatic transmissions.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8459	TUBULAR TRANSMISSION CROSSMEMBER	CHEVY GMC 73-91	(1)	\$79.95

2 Ways to Lower Your Truck

Drop is based on the original factory ride height as measured from the top of the wheel arch to the ground. Original ride height is approximately 2" higher in the rear. The stance (difference in height between the front and rear) is not affected when you lower the front and rear an equal amount. To make your truck look level, you need to lower the rear approximately 2" more than the front.

Factory Truck Stance

-2" front

Lower

-2" rear

-2-1/2" front

Drop

-2" rear

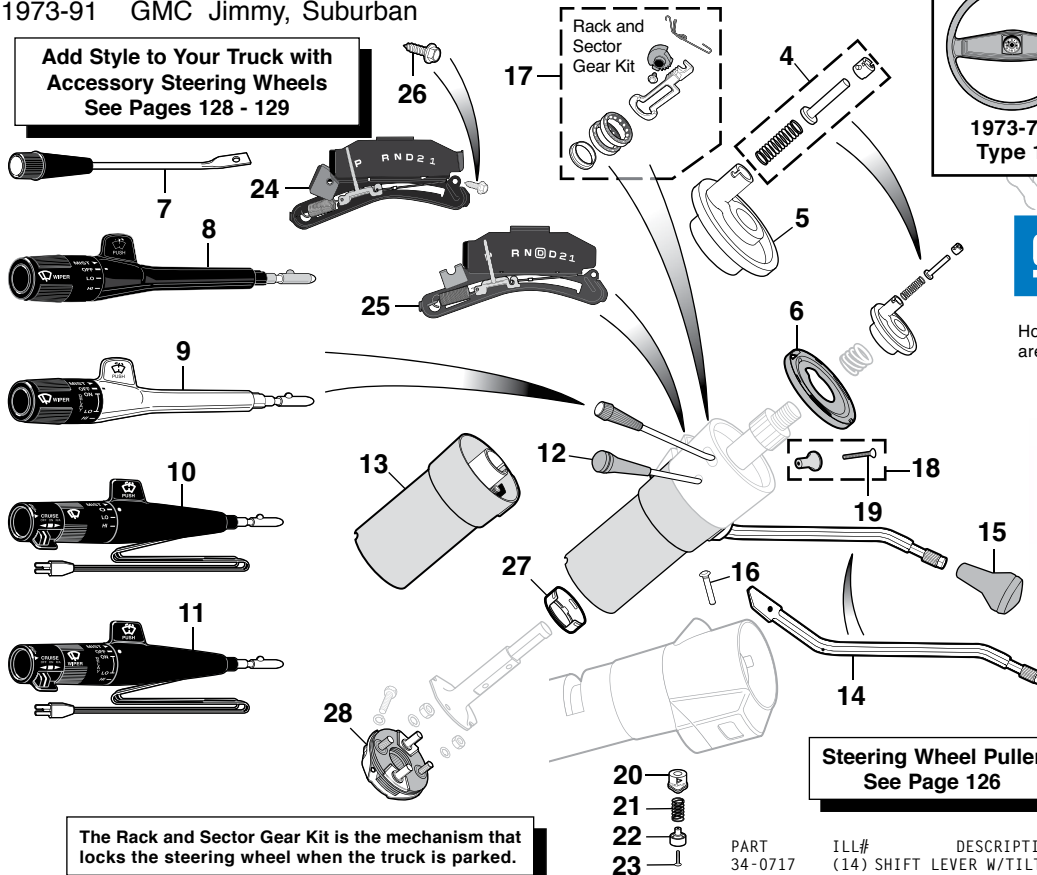

LOWER - Lower your truck with shorter Drop Coil Springs in the front and Spring Shackles in the rear. This is the most economical way to lower your truck.

DROP - Drop the front of your truck with Drop Spindles and the rear with Spring Shackles. Drop Spindles are the best way to lower your truck because they do not affect other suspension components. Original front suspension geometry and ride quality are maintained.

Manual Steering Gears

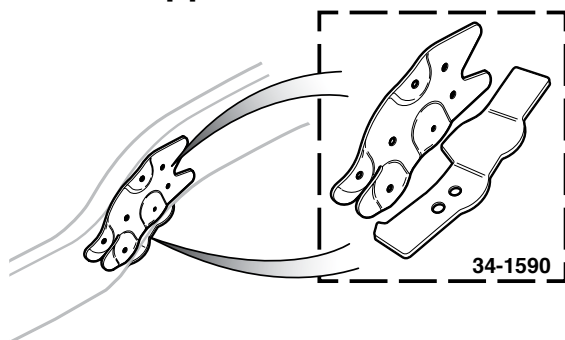

1973-87 Chevy Blazer, Suburban
1973-87 GMC Jimmy, Suburban

Core Refund Information - Steering Gear:
A rebuildable core will have no excessive wear. No disassembled units. No worn, broken, scored, damaged, cracked, frozen or rusted housings. No broken or damaged mounting points. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

PART	DESCRIPTION	APPLICATION	REQD	PRICE

Frame Support Kit

Frame Support Kit reinforces weak areas on the frame common on 4WD models due to high loads placed on the steering gear or the addition of larger tires or a front locker and provides extra strength around the steering gear mount. Kit includes formed, 1/8" thick steel plates that mount on the outside and lower frame rail. Welding required for installation. Instructions included.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-1590	FRAME SUPPORT KIT	4WD	73-91 (1)	\$69.95

In-Line Power Steering Filter Helps Prevent Power Steering Failure

Power Steering Filter is a serviceable magnetic filter element that helps prevent contamination from dangerous metal particles and installs easily in the return hose of the power steering pump. Measures 1-1/4" diameter x 3" long and fits power steering return hoses with a 3/8" inner diameter. Check yours before ordering. Includes hose clamps and instructions.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
32-1961	POWER STEERING FILTER	ALUMINUM	(1)	\$21.95

Tilt Steering Column Repair Tools

38-1213

Lock Plate Compressor

Threads on to steering shaft and compresses the lock plate to allow removal or installation of the lock plate retaining ring when accessing the turn signal switch on tilt steering columns.

38-1214

Pivot Pin Remover

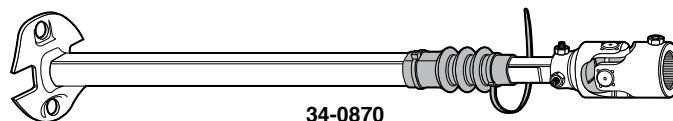

Removes the pivot pins on tilt steering columns to allow access to the ignition rack and the steering column bolts that inevitably loosen up over time.

PART	DESCRIPTION	PRICE
38-1213	LOCK PLATE COMPRESSOR	\$12.95
38-1214	PIVOT PIN REMOVER	\$7.95

Heavy-Duty Steering Shaft Assemblies

1973-91 Chevy Blazer, Suburban

1973-91 GMC Jimmy, Suburban

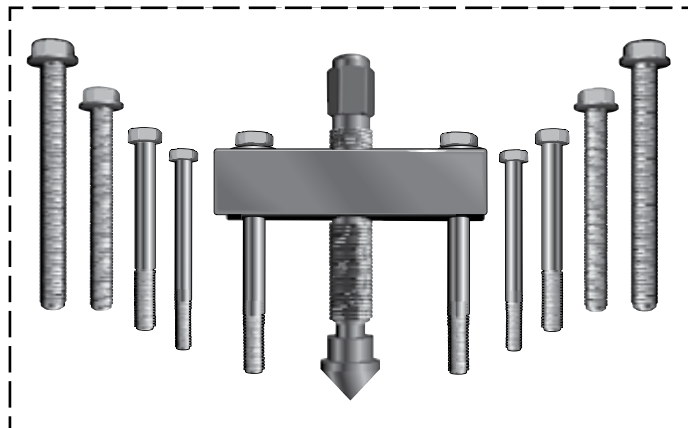

34-0870

Heavy-Duty Steering Shaft Assemblies are made from chrome moly steel billets and incorporate needle bearings for precise road handling. The universal joint uses sealed, permanently lubricated needle bearings making it maintenance free. This Assembly adds a measure of safety to the steering system with needle bearing U-joints and a telescoping shaft. If there is play in the steering system, your truck will have loose and vague steering. You may feel a looseness when you hit a bump or truck may wander in crosswinds. Order yours today!

Proudly made in the USA and carries a Five-Year/50,000 Mile Warranty (whichever comes first) against defects in materials and workmanship.

Power Rack and Pinion Kit

A bolt-on Power Rack and Pinion Steering Kit for a square body truck. Rack mounts using the same mounting locations as original steering gear and idler arm. The rack has been made with the correct ball center dimensions to eliminate bump steer, reduce steering effort, and greatly improve handling and overall feel. Kits are designed to fit trucks with small block Chevy V8 engines without air conditioning.

Kit includes:

- Power Rack and Pinion – with mounting bracket
- Power Steering Pump Kit – includes pump with reservoir, mounting brackets and hoses
- Steering Shaft Kit – includes steering shaft and U-joints
- Mounting hardware and instructions

Tilt Wheel Steering Column ... For Your Classic Truck

This is a new adjustable tilt wheel steering column built specifically for your truck, not a universal column that requires modification. Column includes a built-in ignition switch and is available in ready-to-paint brushed steel or show-quality chrome. Two wiring plugs are included but not hard wired; use the plug that matches your wiring. Installation is easy. The original under dash mount bolts directly to the column, and the original floor support is used. The original turn signal harness plugs into the column. The ignition uses the terminals from your original ignition switch plug. Simply remove the terminals from the original plug, and snap them into the new mating plug included with the column. Column is backed by a 3 year warranty. If you have a 1974-78 truck, your original steering wheel will fit this column. If you have a 1973 truck or want a different steering wheel, you will need one of the steering wheels listed on page 128 and either a #38-1182 or #38-1186 Install Kit, or choose the Chromed Billet Steering Wheel listed on page 129.

A Column Install Kit is required if you are replacing a non-tilt column.

You will also need a Shift Indicator listed below.

Steering Wheel Puller - See Page 126

Chrome Column Shift

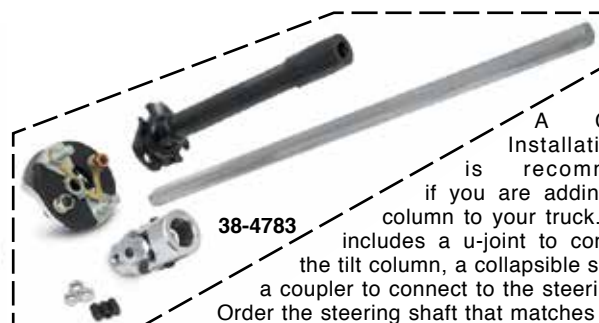

Built-In Ignition Switch

Paintable Floor Shift

Paintable steering columns are bare steel and must be painted to protect from rust.

48-1139-C

38-4783

A Column Installation Kit is recommended if you are adding a tilt-column to your truck. The kit includes a u-joint to connect to the tilt column, a collapsible shaft and a coupler to connect to the steering gear. Order the steering shaft that matches the size and splines on your steering gear.

38-1127

38-1128

These 14" diameter, 3 spoke steering wheels have a half-wrap design featuring a billet back with a wood or leather grained vinyl front. Facing ring is available in hand-rubbed wood or black leather grained vinyl.

Each steering wheel requires a horn button and an installation kit; sold separately below. Horn buttons are available plain or logoed and in black or polished finish.

Billet Horn Buttons include mounting hardware.

Back View

Wood Steering Wheel has been stained a rich mahogany color and urethane-coated for better heat resistance and long life. Leather Grained Vinyl Steering Wheels are available in matte black powder coat or high-polished finish. The one-piece billet backing ring has contoured finger notches.

Quick Ratio Power Steering Gear

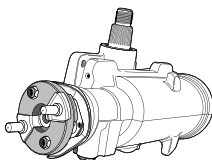

Trucks Without Hydraboost or Diesel Engine

1973-76 Chevy Blazer, Suburban

1973-76 GMC Jimmy, Suburban

34-0748

34-1021-Z

Improve the steering response and handling of your truck with a Quick Ratio Power Steering Gear. The Quick Ratio Gear only requires 3-1/4 turns lock-to-lock compared to the factory gear that requires 4-1/2 turns. Remanufactured from an

original style power steering box and includes a new steering coupler for a bolt-in installation.

Core Refund Information - Steering Gear: A rebuildable core will have no excessive wear. No disassembled units. No worn, broken, scored, damaged, cracked, frozen or rusted housings. No broken or damaged mounting points. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

All New Quick Ratio Power Steering Gear

34-1012

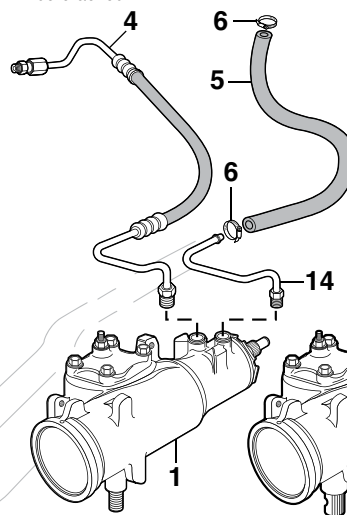

34-0743

The 500 series power steering gearbox is manufactured using all new components and features a 14:1 sport ratio to provide superior directional control, steering response and road feedback. A nice performance upgrade from the stock 800 series power steering box, it requires only 3-1/4 turns lock-to-lock vs. 4-1/2 turns for the stock gearbox. Bolt-on installation works with the stock pitman arm and power steering hoses. Requires use of steering coupler #34-0743, sold separately, see below.

A **Steering Stabilizer Kit** is basically a horizontal shock absorber that helps to stabilize the steering system. The kit not only helps to stabilize the steering, but can also help in the prevention of "Bump Steer", when the steering wheel jerks suddenly as a result of hitting a pothole or object in your path. These kits will also help to reduce normal wear on vital suspension pieces, and make tires last longer. This kit is especially helpful for Suburbans whose original equipment tires have been replaced by larger or wider ones.

34-2360	(10)	STABILIZER KIT	"A" 2WD CHEVY GMC 73-91	(1)	\$64.95
---------	------	----------------	-------------------------	-----	---------

Note: "A" For models without 454 engine with oil cooler.

Polyurethane Tie Rod Boots

Replacements for when disassembly ruins existing rubber boots. Lasts longer, seals longer and looks better. They seal out contaminants and prevent loss of lubricant.

Drum Brake Pliers

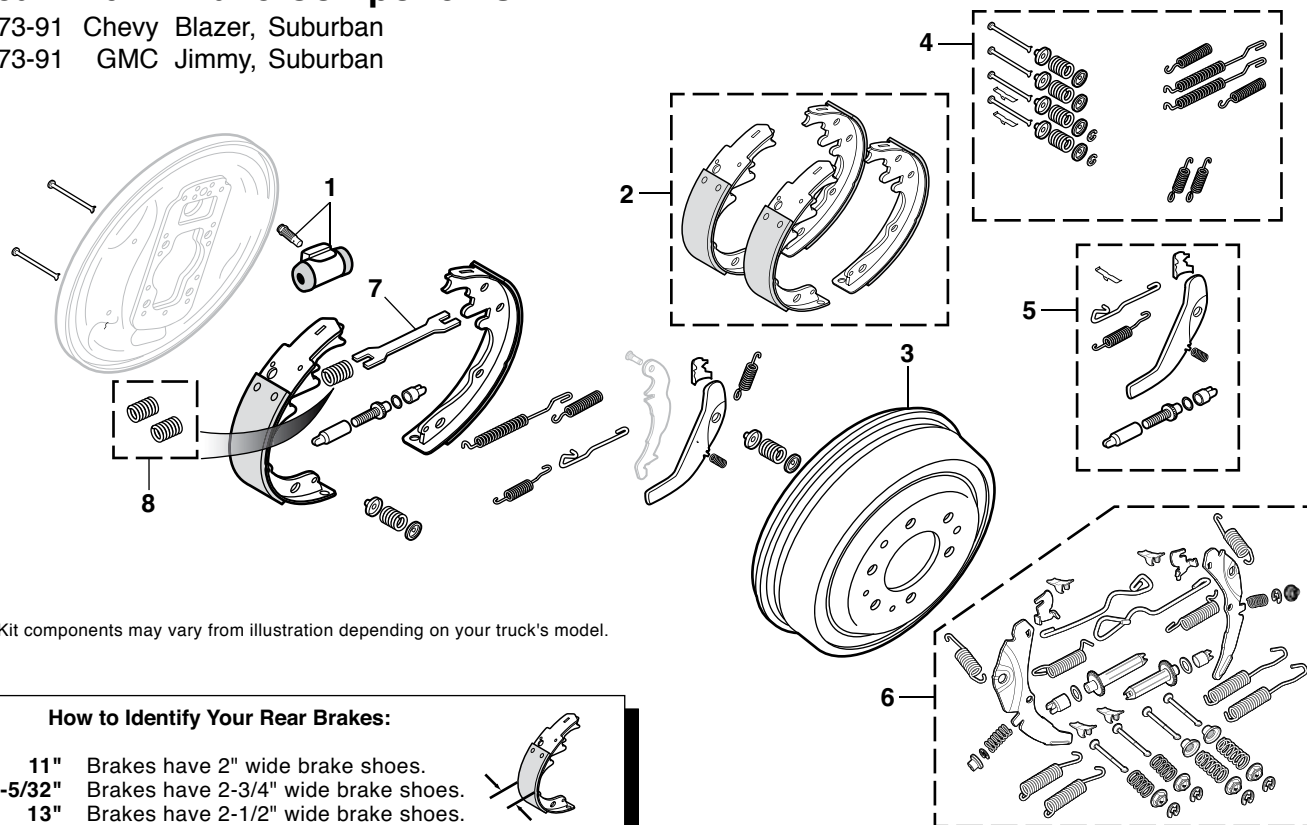

38-1288

PART	DESCRIPTION	PRICE
38-1288	DRUM BRAKE PLIERS	\$7.95

Rear Drum Brake Components

1973-91 Chevy Blazer, Suburban

1973-91 GMC Jimmy, Suburban

How to Identify Your Rear Brakes:

- 11" Brakes have 2" wide brake shoes.
- 11-5/32" Brakes have 2-3/4" wide brake shoes.
- 13" Brakes have 2-1/2" wide brake shoes.

Rear Disc Brake Conversion Kit

37-8546

Rear Disc Brake Conversion Kit converts rear drums to 12" rotors with single piston calipers. Rear disc brakes improve your truck's braking system and provide reliable, all-weather performance. Kits are available with either standard or cross drilled/slotted rotors for better performance, longer life and cooler braking temperatures.

Rear Disc Brake Kit will work with 15" or larger wheels. Disc Brake Proportioning Valve #37-8546 is also required.

Kit contains 11" standard or performance cross drilled/slotted rotors, single piston calipers with semi-metallic pads, parking brake cable extenders, brake hoses, pre-bent rear brake lines, mounting brackets and hardware.

Front Disc Brake Components

1973-91 Chevy Blazer, Suburban

1973-91 GMC Jimmy, Suburban

Caliper sets include: Bushings, O-rings, Grommets and Bleeder Screws. Disc brake pads are sold separately.

Core Refund Information - Calipers: A rebuildable core will have no excessive wear. Caliper must be assembled. No worn, damaged or cracked castings. No damaged bleeder screw threads or seat. No worn or elongated mounting points. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

Hydraulic Brake Assist Kit

Replace your manual or vacuum-assisted brakes with a powerful and compact modern hydraulic assist unit that puts out 1,800 psi at the wheels for improved braking performance and safety. Kit will work on any motor with a power steering pump, since vacuum to the booster will no longer be required.

Street Beast Kit contains a direct fit hydraulic brake assist unit, master cylinder, firewall mounting bracket, high pressure and return lines, pedal rod and mounting hardware.

Stainless Steel Brake Hose Sets

1973-91 Chevy Blazer, Suburban

1973-91 GMC Jimmy, Suburban

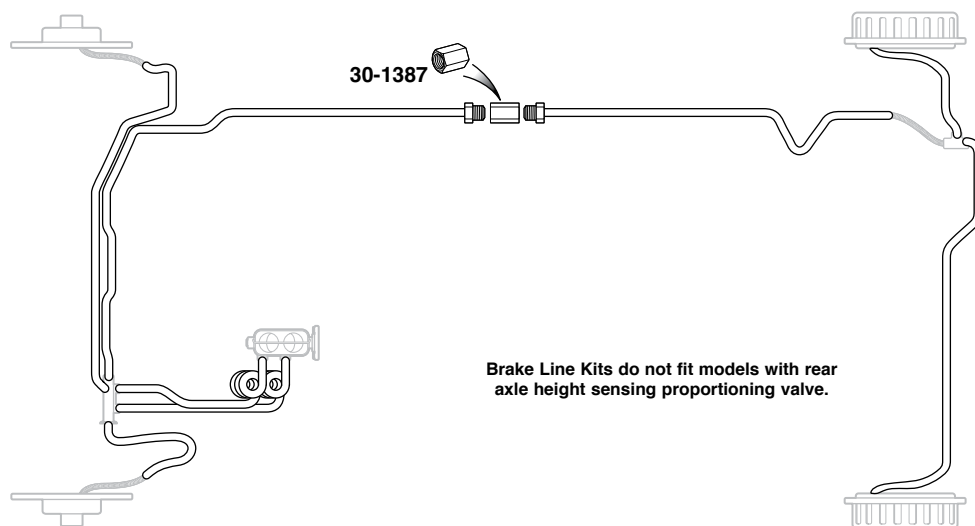

Stainless Steel Brake Hoses feature stainless steel braided hose with factory assembled, zinc-plated fittings. These hoses increase braking performance and reduce pedal travel by eliminating hose expansion common to rubber hoses. Each set comes with all necessary hardware and fittings.

Rod End Clutch Linkage Kit

1973-84 Chevy Blazer, Suburban

1973-84 GMC Jimmy, Suburban

A new Rod End Clutch Linkage Kit replaces a worn factory clutch linkage that has failed due to metal-to-metal contact. Adjustable linkage rods feature a spherical bearing end for smooth and maintenance-free clutch operation. The durable, teflon-lined bearings are self-cleaning and require no lubrication.

For off-road applications, the rod end design allows up to 15 degrees of pivot to accommodate for frame flex, thus reducing the risk of the clutch bellcrank coming off of the factory pivot points. Kit includes upper pushrod, lower pushrod, hardware and instructions. Call or go online and order yours today!

38-4558

The PERFECT TORC Transmission Controller is the stand-alone electronic transmission control unit you've been waiting for. Installation and initial setup is easy, and the controller is supplied with base calibrations for your transmission type, so you can be up and running immediately after installation. The PERFECT TORC Transmission Controller can be tuned using the provided calibration software and a Windows-based laptop, and basic tuning options are available without ever plugging into a laptop. With a digital display, two separate shift tables, and the ability to perform on-the-fly calibrations, the ultra-reliable and vibration-resistant controller supports paddle and simple push button shifting. The system is designed to work seamlessly with GM 4L60/65E and 4L80/85E transmissions on fuel-injected, carbureted, and diesel engines.

Note: GM 4L60E transmission must be 1996 or newer. GM 4L80E transmissions must be 1995 or newer.

PART	DESCRIPTION	PRICE

Transmission Shift Linkage Kit

The Transmission Shift Linkage Kit is ideal for vehicles that have undergone a steering column swap, transmission swap or simply need to upgrade from the old binding or sloppy automatic transmission shift linkage. Kit includes stainless steel shift rod, splined selector shaft bushings, fully adjustable linkage arm, spherical rod ends, hardware and instructions. For use on GM TH350, TH400 and TH700R4 transmissions.

Auxiliary Transmission Oil Cooler

Auxiliary Transmission Oil Cooler reduces the operating temperature and extends the life of a truck's transmission. Pressure tested at 150 PSI with ultrasonically soldered aluminum tube and fin construction for reliability, this transmission cooler is compatible with OEM cooler systems and has an 18,000 lb. GVWR capacity when installed in line with existing transmission cooler. Features 3/8" push-on hose barb connections for quick and easy installation. Core dimensions are 7-1/2" x 8-3/4" x 3/4". Includes mounting hardware, hose and clamps.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-5600	AUX TRANSMISSION OIL COOLER	CHEVY GMC 73-91	(1)	\$42.95

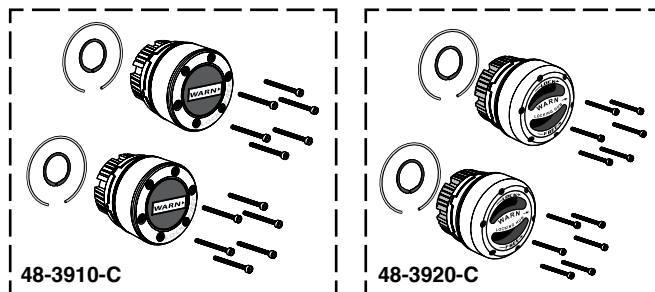

WARN Locking Hub

A WARN Locking Hub has an alloy housing and internal wave spring to give positive engagement of four-wheel drive to the front end. It is a quick and inexpensive replacement. Choose from the Standard Hub with plastic dial or the Premium Hub with brass-plated aluminum dial for optimum strength. For models with part-time 4-wheel drive.

1973-80 Chevy Blazer, Suburban

1973-80 GMC Jimmy, Suburban

How to ID a DANA-SPICER Axle

All Spicer axles are identified with a manufacturing date and Bill of Material Number stamped on the right or left hand tube. The axle model number will be cast into one of the webs as shown or it can be on the nose.

The Bill of Material Number will always contain six digits followed by a dash number. Bill of Material Numbers are listed where necessary for axle identification. When a Bill of Material Number is listed, it means the item will only fit axles stamped with that Bill of Material Number, e.g. 610320-1.

Disposable Black Nitrile Gloves

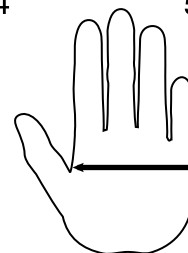

Disposable Black Nitrile Gloves are made from durable, powder-free 6 mil thick patented material for superior strength and tear-through resistance.

Gloves feature a fully textured finish for better grip with a two-ply construction that is tough enough to withstand exposure to grease, solvents and oil. Sold as a box of 100.

Glove Sizing:
Place your hand on a flat ruler with your index finger next to the zero line:

3-1/2" = Medium
4" = Large
4-1/2" = X-Large

Full-Time to Part-Time 4-Wheel Drive Conversion Kit

Locking Hubs Required
See Pages 144-145

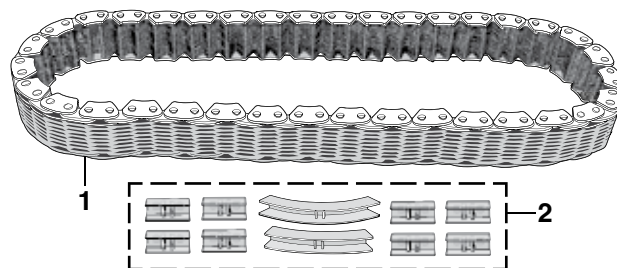

This 4x2 Conversion Kit converts a New Process 203 full-time transfer case to part-time operation. Benefits include reduced front driveline wear, better gas mileage, improved on-road driveability and decreased turning radius. Once installed, the kit provides for low and high range operations in both 2WD and 4WD modes. To ensure proper lubrication of the transfer case, it is recommended the vehicle be driven in 4WD mode for a few miles each week. Installation instructions included. Requires use of locking hub set, sold separately; see pages 144-145.

A Full-Time to Part-Time Conversion Kit enables the transfer case to operate in the following modes: 4 Lo, 2 Lo, Neutral, 2 Hi (Normal Street Use) and 4 Hi.

W/NP203 = Models with Full-Time 4WD

4WD Transfer Case Components

Transfer case chains can stretch due to heavy use or high mileage and cause damage to the transfer case housing increasing the chance of expensive repairs.

Transfer case shift fork pads allow smooth shifting between 2WD and 4WD modes by engaging the shift collars inside the transfer case. Pad failure can prevent shifting between drive modes, possibly damaging the gears inside the transfer case.

Switch-Ball™ Set

37-7433

Switch-Ball™ Set - Constructed from premium grade steel with nickel-chrome plating, the Switch-Ball™ Set has an exclusive 'J' Groove design that ensures that the ball is installed on the shank and engaged by a coupler, making the hitching system safe and secure. Weight bearing capacity rests on shank to relieve stress away from the ball, thus freeing the coupler from friction and binding for a smoother and safer towing.

Change between three different trailer hitch ball sizes quickly and easily. No attachment pin to remove or tools required to switch ball sizes. Weight ratings for each hitch ball size are: 1-7/8" = 3,500 lbs., 2" = 6,000 lbs. and 2-5/16" = 8,000 lbs.

LED Hitch Light

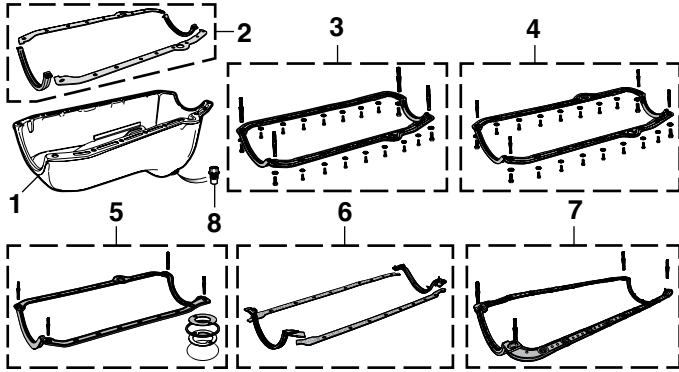

The LED Hitch Light improves rear visibility when backing up or when connecting to a trailer. The light slides onto a 2" ball mount and can easily be removed with the quick disconnect when not needed. Made from rugged ABS plastic, the LED Hitch Light features dual 12 LED light arrays with 168 lumens of light output and a current draw of only .224 amps. A weatherproof on/off switch is mounted on the back of the hitch light. Measures 8"W x 3-1/4"H x 3"D. Wiring harness and instructions included.

EZ Oil Drain Valve

EZ Oil Drain Valve allows quick oil changes with little to no mess. Compact design has no lever to catch on obstacles. Adaptors are not required and easily installs with socket or wrench. Aluminum crush washer (included) ensures tight, leak-free seal.

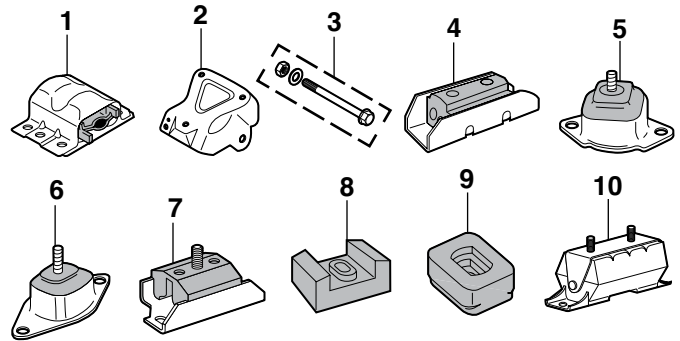

Simple operation; push in cap, twist to the right and drain. Once drained, push in and twist to left to close. Spring-tensioned, double o-ring seal guarantees a long, leak-free life.

Oil Pump Priming Tool

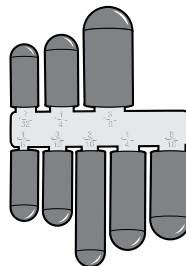

38-1308

Before starting a new or rebuilt motor for the first time, it's critical to prime the lubricating system to prevent premature wear. Failure to pressurize the oil could result in a dry start that can cause camshaft, bearing and/or piston ring failure. An Oil Pump Priming Tool makes this process easy — just remove the distributor, insert the priming tool and turn it clockwise with a 3/8" drill. The tool has a machined aluminum collar that simulates the distributor and helps to eliminate damaging side loading of the oil pump drive while priming.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-1308	OIL PUMP PRIMING TOOL	V8 73-91	(1)	\$19.95

Rubber Vacuum Caps

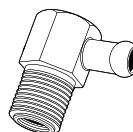

These Rubber Vacuum Caps are great for blocking off unused vacuum ports and lines, to prevent leaks and poor engine performance. Excellent for capping lines and hoses while testing carburetors, emission control systems, vacuum lines and more.

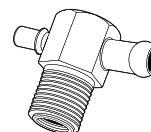

Caps are made from durable heat-resistant black rubber. Assortment contains one each of the following sizes: 5/32", 7/32", 5/16", 3/8" and two each of 3/16" and 1/4".

PART	DESCRIPTION	REQD	PRICE

Manifold Vacuum Fittings and Plugs

30-1430

30-1432

30-1434

30-1435

Manifold Vacuum Fittings are used to connect to engine vacuum operated components such as power brake booster, transmission modulator, vacuum advance, HVAC components, etc. These are often overlooked or broken during attempted transfer when swapping engines or intake manifolds. Manifold Vacuum Fittings are available in a 90° or T-style fitting. The 90° fitting has a single 3/8" vacuum port and the T-style fitting has a 3/8" and 1/4" vacuum port. Both styles are available in zinc-plated steel or chrome-plated aluminum.

For those simply needing to plug the vacuum port in the intake manifold, order #30-1434. To plug the water ports in the intake manifold or water pump, order #30-1435.

Exhaust Headers

Hedman Headers offer excellent exhaust flow, reduced back pressure and improved performance. Includes hardware, 3" collector to 2-1/2" exhaust reducer, gaskets and instructions needed for installation. Headers are painted black. Tests have shown a 1.1 second improvement in 0 to 60 second times. Expect up to a 20% increase in horsepower and up to a 10% increase in gas mileage. Call or go online and order yours today!

Increases in fuel efficiency and horsepower are based on a truck operating at factory specifications. Increases may vary according to the condition of your truck and driving habits.

When installing headers it will be necessary to cut the existing exhaust pipes to attach the included exhaust reducers. In most cases, new lead pipes will need to be fabricated. For trucks with power steering, a Power Steering Spacer Kit #36-6023 is needed for proper belt alignment.

Headers listed below are USA Street Legal **ONLY** on models not equipped with factory catalytic converter

Turbo Mufflers ... Reduce Noise without Restricting Power

Turbo Mufflers are specially designed to reduce and control noise without excessively restricting power.

They are made from the finest quality materials and can be used as OE replacements as well as on custom exhaust systems.

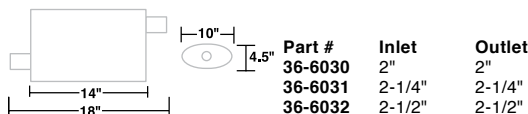

36-6030

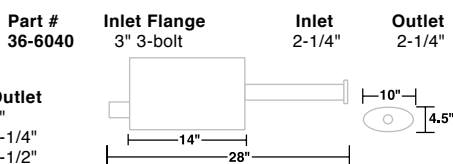

36-6040

Turbo Mufflers have a galvanized, double wrapped muffler casing for maximum rust protection. Louvered baffles eliminate vibration and spun end caps provide a gas tight seal. Reverse flow design allows muffler to be inverted.

Turbo Header Mufflers have the same features as Turbo Mufflers and they have a 3" 3-bolt flange to bolt-up to most headers.

PART	DESCRIPTION	PRICE
36-6030	MUFFLER 2" X 2"	\$94.95

PART	DESCRIPTION	PRICE
36-6040	HEADER 2-1/4" X 2-1/4"	\$99.95

Header Wrap

Increase performance by keeping hot exhaust gasses inside the headers for maximum velocity, improved exhaust scavenging and protecting sensitive engine components from high temperatures.

Header Wrap is able to withstand temperatures up to 1,200°F and is made from vermiculite-coated, textured fiberglass yarn woven into a strong, flexible wrap that can easily be cut with scissors.

Available in 25 or 50 foot rolls of 1" or 2" widths. Two 50 foot rolls of 2" wide are generally enough to wrap standard V8 headers. Stainless steel locking cable ties keep the wrap securely in place.

Header Wrap can void warranty of some headers. Check header manufacturer's warranty before installing.

Headers with tight bends should use 1" wide wrap for coverage. Overlap wrap 1/4" for optimum heat dissipation.

Complete High Performance Bolt-On Exhaust Systems Connect without Welding

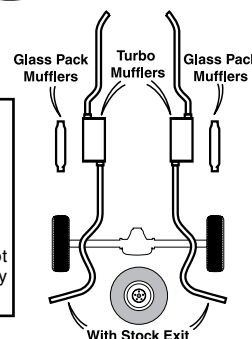

With 2-1/4" tailpipes, these Dual Exhaust Systems reduce exhaust restriction and back pressure for increased horsepower and better fuel economy. Complete with bolt-on connectors that adapt to your stock manifold ... no welding necessary! All parts and hardware for standard installation are included.

The standard stock exhaust system of a truck with a 350 engine is a single 2-1/2" pipe. This means that you will be getting an 80% increase in exhaust flow, increasing horsepower by up to 18% and improving fuel efficiency and low end torque at the same time. Increases in fuel efficiency and horsepower are based on a truck operating at factory specifications. Increases may vary according to the condition of your truck and driving habits. Manufactured from 16 gauge aluminized steel. Lasts up to twice as long as conventional plain steel systems.

Made with modern tube benders utilizing mandrel bends ensuring each bend is smooth flowing, increasing exhaust flow by up to 20% over stock systems. Call or go online and order yours today!

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

LS-Series Engine and Drivetrain Swap Components

Two of the more challenging aspects of an engine swap are engine mounting and exhaust routing. Worry no more.

The Adjustable LS Engine Mount Plate Set and the Hedman LS Swap Headers are designed to work together to eliminate a lot of the guesswork of component selection when installing a Chevy LS1/LS6 or Vortec 4.8/5.3/6.0L V8 into a 2WD truck.

LS Engine Mount Plate Set

The **LS Engine Mount Plate Set** will install an LS engine into a truck that is originally equipped with a small block V8. There are two variations to choose from: one set mounts the LS engine in the original chassis mounting position and the other mounts the engine back 1" for better weight distribution and additional clearance for engine driven accessories. Engine Mount Plates accept small block Chevrolet engine brackets and mounts; sold separately.

LS Swap Header Set

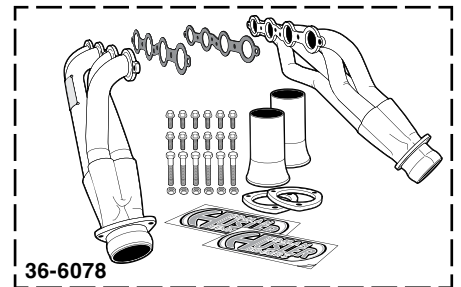

The **LS Swap Header Set** is available in a black painted, shortie, block-hugger design and an uncoated mid-length design, both allowing for easier installation and exhaust routing.

The block-hugger headers feature 1/4" thick mounting flanges and 1-5/8" primary tubes flowing into a 3" flange type collector. The mid-length headers feature 3/8" thick mounting flanges and 1-3/4" primary tubes flowing into a 3" weld-on ball and socket-type collector. They are supplied complete with mounting hardware, gaskets and installation instructions. O2 sensor bungs are available separately. Not legal for sale or use on pollution controlled vehicles.

Fits models with floor shift linkage. Column shift linkage may require modifications for clearance. Installations using 4L80 transmission require bell housing tabs to be trimmed for header clearance.

Stand-Alone LS / Vortec Swap Engine Harnesses

Every BP harness is color coded to factory colors and includes labeled factory-style connectors, convoluted tubing, firewall grommet and heat wrap where needed. After making a few simple chassis connections, it's truly as easy as laying out the harness and plugging it in. Harnesses do not have provisions for EGR, A.I.R., EVAP or rear O2 sensors. Made in the USA.

LS1 Swap Harnesses are optimized for a 5.7 LS1 engine, with LS1 intake manifold and engine accessories.

Vortec Swap Harnesses are optimized for a 4.8-6.0 engine, with truck intake manifold and engine accessories.

Chrome Oil Filter Cover

Installs in seconds; simply slip it over your oil filter and secure it with the set screw on the cover. Fits most oil filters. Be sure to measure your oil filter before ordering. Because of some filter locations, it may be difficult to slip this over an installed oil filter; be sure to check for clearance before ordering.

Loctite Ready Gasket makes leak-proof gaskets for temperatures from -75°F to 450°F. Blowout resistant, sensor-safe and ideal for sealing differential covers, valve covers, water pumps, thermostat housings and more. Applies with a standard caulking gun, dries black.

PART	DESCRIPTION	PRICE
38-0767	5 OZ TUBE	\$14.95

Loctite Copper Anti-Seize Stick protects against high-temp seizing and galling of fasteners up to 1,800°F. Perfect for spark plugs, exhaust manifold bolts, thermostat housing bolts and oxygen sensors.

PART	DESCRIPTION	PRICE
38-0765	20 GRAM STICK	\$5.95

Strip Caulk is a non-hardening, non-shrinking waterproof black caulking material with great adhesion properties and is temperature resistant from -400°F to +500°F. Perfect for sealing around hoses, tubing, wiring or any other hole, joint, seam, void or gap to prevent fumes, moisture or noise penetration. Easy to apply and can be painted immediately. Contains twelve 1/4" x 12" strips.

PART	DESCRIPTION	PRICE
38-0779	STRIP CAULK	\$3.95

Loctite RTV Red is a high-temperature silicone gasket maker and adhesive. It forms a tough, flexible seal that is resistant to most chemicals without hardening, shrinking or cracking. RTV Red has a temperature range of -75°F to +600°F and is sensor-safe.

PART	DESCRIPTION	PRICE
38-0774	2.7 OZ TUBE	\$6.95

Loctite Threadlocker prevents loosening of threaded fasteners caused by vibrations. Seals and protects threads from rust and corrosion. Allows disassembly with standard hand tools.

PART	DESCRIPTION	PRICE
38-0771	.2 OZ TUBE	\$6.95

Loctite LB 8108 is a high-performance synthetic grease that provides superior lubrication and protection on bearings, hinges, latches, linkage, seat tracks, slides, springs and other automotive applications. Available in a 10.1 ounce aerosol can.

PART	DESCRIPTION	PRICE
38-0748	10.1 OZ AEROSOL	\$6.25

Loctite Dielectric Grease extends the life of electrical components by protecting them from moisture, salt and corrosion. Also prevents spark plugs from fusing to boots. Use on fuses, battery terminals, ignition components and other electrical connections.

PART	DESCRIPTION	PRICE
38-0770	.33 OZ TUBE	\$4.95

Loctite Spray Adhesive dries clear with superior bonding strength. Excels at attaching upholstery cloth, carpeting, insulation and has many other uses. Not recommended for use on headliners.

PART	DESCRIPTION	PRICE
38-0798	10.5 OZ CAN	\$7.95

Permatex Windshield and Glass Sealant is a silicone sealant for windshields, windows and other glass. Flows into leaks like water and dries to form a flexible, tough, clear seal that is resistant to extreme temperatures, vibration and most chemicals.

PART	DESCRIPTION	PRICE
38-0783	1.5 OZ TUBE	\$5.95

Loctite Rubberized Undercoating is a heavy-duty undercoating that seals, protects and insulates frames, floor pans, wheel wells and other body panels. Rubberized for maximum durability.

PART	DESCRIPTION	PRICE
38-0766	16 OZ AEROSOL	\$6.95

Vinyl Edge Sealer Pen is an ultraviolet light-blocking, fast-drying, clear acrylic sealer that protects the edges of vinyl decals, graphics and the ends of adhesive chrome body moldings. It features a wedge applicator tip for a smooth, even application.

PART	DESCRIPTION	PRICE
38-0921	.3 OZ PEN	\$14.95

3M™ Adhesive Tape is a high-performance, double-sided tape for all types of accessories, both interior and exterior. The tape's foam core allows it to expand and contract with temperature changes and to conform to surface irregularities and gaps. Includes three 1" x 12" strips.

PART	DESCRIPTION	PRICE
38-0788	3M TAPE	\$8.95

Loctite Weatherstrip Adhesive is a strong and flexible waterproof adhesive for bonding all types of rubber weatherstripping. Withstands vibration and extreme temperature variations; dries black.

PART	DESCRIPTION	PRICE
38-0792	5 OZ TUBE	\$6.95

Penetrating Graphite Oil is a waterproof lubricant for all metal products. Keeps brake cables, speedometer cables, hinges, locks and other metal applications working smoothly. Helps prevent corrosion and rust.

PART	DESCRIPTION	PRICE
38-0747	.5 OZ TUBE	\$2.95

Seam Sealer provides superior adhesion and flexibility without cracking or peeling. Its self-leveling qualities make it an excellent sealer on cowl, floor, doors and wheel house seams. Skin time is 1-2 minutes and can be painted in 30-60 minutes. Applies with a standard caulking gun.

PART	DESCRIPTION	PRICE
38-0781	11 OZ TUBE	\$9.95

Castrol Brake and Clutch Fluid exceeds DOT 3 and DOT 4 specifications and is recommended for all vehicles with these requirements. Unique synthetic formulation provides maximum protection against vapor lock failure. Available in a 12-ounce bottle.

PART	DESCRIPTION	PRICE
38-0785	CASTROL FLUID	\$5.95

Flo-Tek Aluminum Performance Cylinder Heads

With Flo-Tek Aluminum Cylinder Heads, you no longer have to choose between performance, quality and price. Out of the box, these heads deliver exceptional flow numbers – power ideal for the street and strip. Cylinder heads include phosphorous bronze valve guides, high-quality valves with high-nickel valve seats, and premium springs. Heads are drilled and tapped for accessories.

Flo-Tek premium alloy castings are inspected and assembled in the USA.

Note: Chevy small block heads are a straight plug design and tapped for use on valve covers with either center bolt or perimeter bolt pattern.

Edelbrock Aluminum Performance Intake Manifolds

PERFORMER RPM: A dual-plane, high-rise manifold designed with a 180° firing order produces incredible top-end horsepower while retaining great throttle response. Their larger plenums and runners match high-lift cams, free flowing exhausts and other modifications of a performance engine. Great for street or strip.

RPM AIR-GAP: The RPM Air-Gap offers the same proven qualities of the Performer RPM but with the addition of Edelbrock's patented Air-Gap. The Air-Gap design features an open air space that separates the runners from the hot engine oil for a cooler, denser charge for more power.

Remote Starter Switch

Remote Starter Switch allows you to start or crank your engine without help. Ideal for conducting compression tests or bumping engine to top dead center for valve, distributor or camshaft adjustment. 36" long leads have alligator clips with insulated boots and feature a push button style switch and grip.

PART	DESCRIPTION	PRICE
38-1278	REMOTE STARTER SWITCH	\$9.95

Retro Air Cleaner

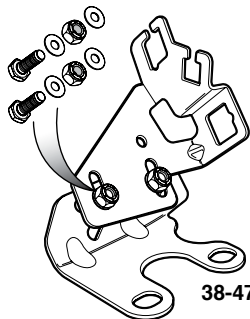

38-1789

Retro Air Cleaner gives a classic styling look with improved air filtration technology. Air cleaner top is made from heavy-gauge steel and powder coated in a black semi-gloss finish. Fits any 5-1/8" diameter carburetor neck and is notched at the rear to provide clearance for HEI distributors. A "rocket" wing nut, carburetor stud, paper filter element and decal are included. Available in two sizes.

Small: 15-1/2" wide; 12" x 3-7/16" tall element
Large: 18-1/4" wide; 14" x 4" tall element

Throttle Cable Bracket

38-4708

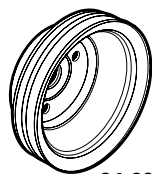

Ideal for use in vehicles that have undergone engine and/or transmission swaps. Fits 1995 and earlier GM small block and big block V8 engines. Includes provisions for throttle, detent/throttle valve and cruise control cables. It mounts using the two rear intake manifold bolts and is adjustable for use with varying cable lengths and intake manifold heights. Call or go online and order yours today!

Holley Sniper EFI

38-4508

38-4509

Holley Sniper EFI provides one of the best and most economical ways to update the performance and drivability of your classic truck. Put an end to cold start issues, hesitations, vapor lock and poor throttle response. Sniper EFI gives you all the power and reliability of electronic fuel injection with none of the tuning issues commonly associated with carburetors.

With the self-tuning abilities of the Holley Sniper EFI, installation is as simple as removing your 4 barrel carburetor, installing the EFI, running fuel lines, answering a few simple setup questions on the handheld tuner, starting the truck and letting the EFI tune itself as you drive.

Wiring doesn't get any easier. It's a simple four-wire connection, and you don't have to be a computer whiz to use it. You don't even need a laptop. Just answer a few simple questions about your engine, and the Sniper EFI system automatically creates the base map and starts tuning on its own.

Supports 250-650 horsepower with four injectors. Features an integrated ignition timing control and coil driver. A high resolution, color 3.5" touchscreen is used for initial setup, tuning, and gauge display. Includes all necessary sensors, brackets and wiring, along with a thoroughly

detailed instruction manual to ease installation and setup. Available in black or shiny, ceramic finish.

A high pressure fuel delivery system is required for operation of the Sniper EFI; #38-4510 Inline Fuel Delivery Kit is sold separately.

Not legal for use on pollution controlled vehicles.

Holley In-Tank Retrofit Fuel Modules

38-4598

With over 100 years of expertise in fuel systems, Holley is unrivaled in the industry. Holley In-Tank Retrofit Fuel Modules allow you to easily convert your truck's original fuel tank into a fuel-injection compatible tank with basic tools and no complexity. The universal, return-style systems fit fuel tanks up to 12" deep, and Holley's brilliant HydraMat (included) virtually eliminates any chance of fuel starvation or poor running conditions due to air entering the fuel system. The innovative

corrosion-free life in a low-profile design that can be rotated to fit in any position needed for your application. Available with either a 255 or 450 lph (liters per hour) fuel pump.

Throttle Body Spacer

38-1936

38-1795

Improve performance and fuel economy ... The Throttle Body Spacer causes the fuel to travel further, which improves fuel dispersion making it easier for the fuel to ignite and burn thoroughly. Receive increased throttle response, a 10-15% improvement in torque and gas mileage increase of up to 8%. Easily installs between intake manifold and throttle body injection unit. Will not affect computer function.

Fuel Line Extension Set lengthens the fuel lines and is recommended for easier installation of throttle body spacers.

Edelbrock 600 CFM Performer Series Carburetor

Direct Replacement for OE

38-4440

Bolts on and performs right out of the box - a direct replacement for stock Quadrajets. Calibrated to match Edelbrock Manifolds and others of similar design for a no-hassle combination.

These dependable carbs are made of durable components with no

plastic parts or power valves to blow. Their two-piece design with no gaskets below the fuel level means no leaks and easy adjustments without taking the carb off of the motor.

Comes with installation kit and instructions. Includes both timed and full vacuum ports for ignition advance.

#38-4440 - 600 cfm Electric Choke with square flange - Includes timed vacuum ports, EGR and fuel vapor outlet. Metering Jets: Primary .098, Secondary .095; Metering Rods: .073 x .047. Step-up Spring: Orange (5" Hg)

Performance Powr-Flo Throttle Body Spacers

38-4640

Powr-Flo Throttle Body Spacers are CNC-machined from billet aluminum and feature a bore engineered to increase velocity of airflow into intake manifold. This allows more air to reach combustion chamber for denser air charge and increase in fuel efficiency. The result is improved throttle response and power gains in mid-range and upper rpm operating ranges. Includes gaskets, hardware and instructions for a simple, bolt-on installation with no other vehicle modifications required.

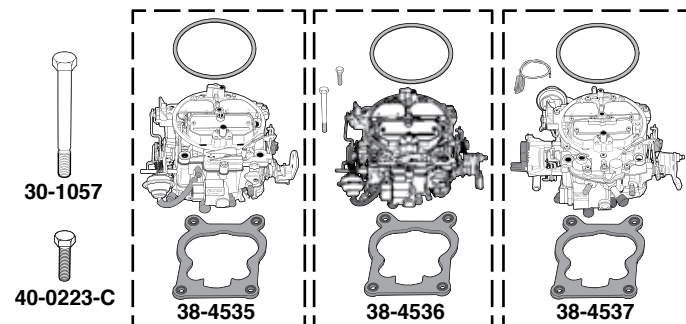

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-4640	POWR-FLO SPACER	305 350 87-91	(1)	\$84.95

Performance Stage 2 Quadrajets Carburetors

JET Performance starts with a complete disassembly of a hand-selected Quadrajets carburetor core that has been cleaned and inspected. The casting plugs are sealed with epoxy to prevent leak-down into the intake manifold. All circuits are checked for proper sizing and the calibration is checked for proper jets, primary metering rods and secondary metering rods. The carburetor is then reassembled using the highest quality components with a new float, choke pull-off and bronze throttle shaft bushings.

All Stage 2 Quadrajets carburetors undergo the following upgrades: fully recalibrated idle, off idle, main, accelerator pump and high speed circuits to match any modifications done to the engine such as intake manifold, headers, ignition or mild cam change. A Stage 2 carburetor delivers improved idle quality, instant throttle response and maximum torque and horsepower.

JET Adjustable Fuel Pressure Regulator Kit

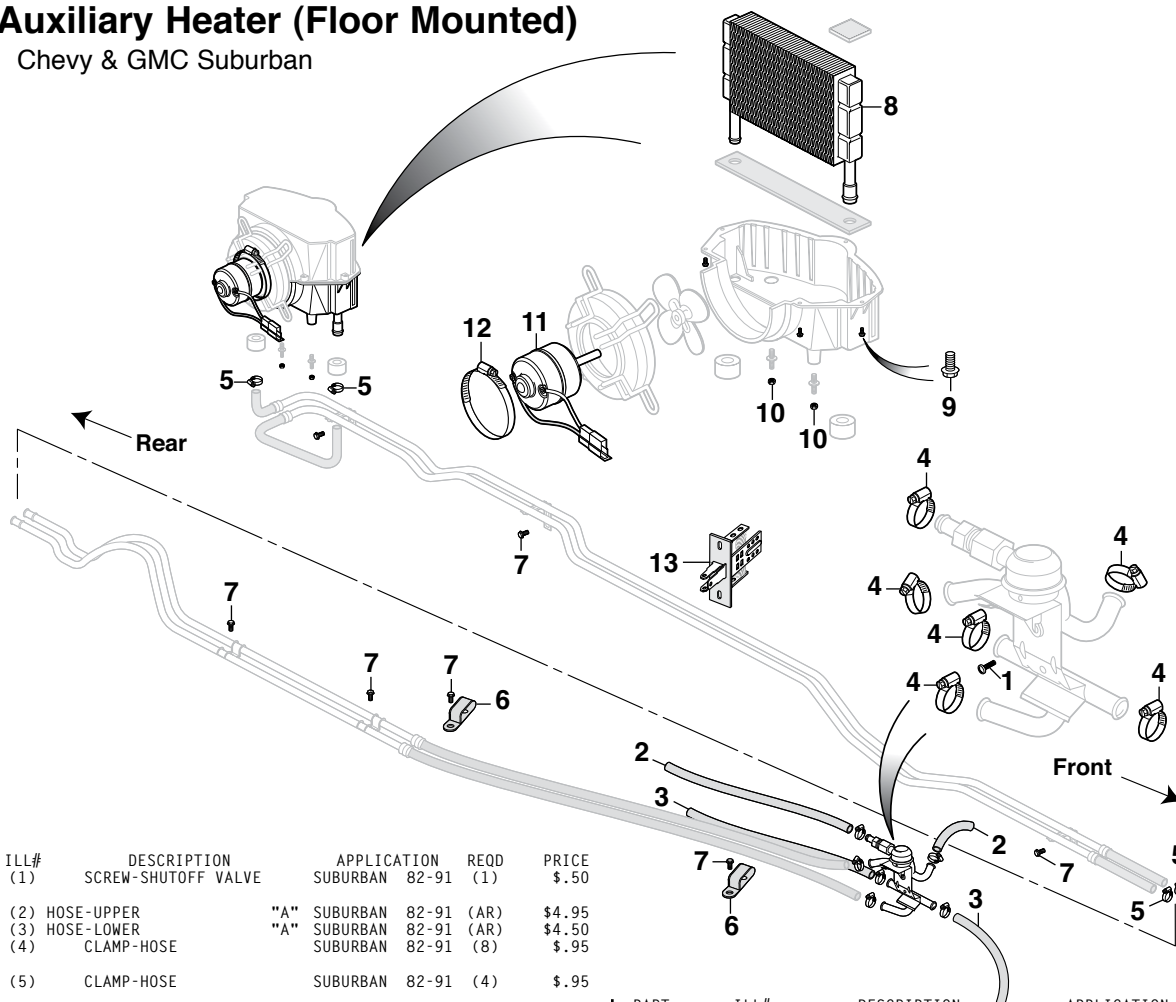

38-1937

The JET Performance Adjustable Fuel Pressure Regulator Kit is a direct replacement for the factory unit and contains a billet adjustable fuel pressure regulator with a steel insert on the adjuster to prevent stripped threads. Includes all necessary gaskets and a heavy-duty replacement diaphragm. The fuel pressure regulator kit allows for precise tuning of fuel pressure to accompany other performance modifications such as performance air filters, air intake kits, exhaust system modifications, throttle body spacers, performance camshafts and intake manifold upgrades, etc. Restores lost performance due to a worn out stock regulator. Kit reuses factory spring.

Radiator and Hoses

1973-91 Chevy Blazer, Suburban

1973-91 GMC Jimmy, Suburban

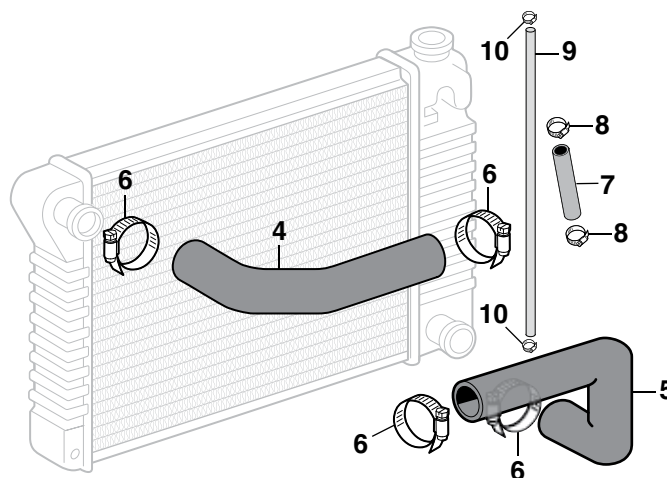

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Radiator Core Size: The height and width of the central part of the radiator that consists of parallel rows of tubes and fins.

Transmission Oil Coolers: These radiators are equipped with automatic transmission oil coolers. The oil cooler portion of the radiator is not used on manual transmission trucks.

Rows: The number of parallel rows of tubes in the radiator core.

There are many factors that determine which radiator is used in your vehicle. Measure the tube and fin area of your radiator and match it up to the Radiator Core Size Chart to find out which one you need.

Dual Electric Cooling Fan Assembly ... For Improved Cooling, Fuel Economy and Power

Part #	Size	Motor	CFM	Amp Draw
38-4889	26"W X 15"H X 3.23"D	2 X 130 watt	2310	14.4
38-4890	26"W X 15"H X 3.62"D	2 X 160 watt	2600	24.8

IMPROVES Dual Electric Cooling Fan Assembly provides increased horsepower and improved MPG. Electric fans provide increased cooling at idle when needed most and eliminate the draw of a mechanical engine-driven fan. Increased airflow across A/C condenser gives cooler, more consistent A/C temperatures at low engine speeds.

Dual Electric Fan Assemblies have a quiet S-blade design and include a wiring harness, relay, adjustable fan temperature switch, mounting brackets and installation instructions.

A/C Cooling Fan Harness activates the electric cooling fan when the A/C compressor clutch is engaged. Kit includes heavy-gauge wire harness, relay, 30 amp fuse, electrical connections and installation instructions.

Air Conditioning Compressor Upgrade

Air Conditioning Compressor Upgrade is an all new, bolt-in aluminum 10 cylinder compressor that replaces the cast iron, 6 cylinder axial A6 style compressor originally equipped. Features an aluminum body that is 52% lighter than original material and has a more efficient design that yields less engine drag thus increasing fuel efficiency and improving engine and cooling system performance. Fits original axial compressor mounting brackets and hose assemblies and is compatible with R12 and R134A refrigerant.

Electric Cooling Fan Kit Keeps Your Engine Cool

Electric Cooling Fan and high-performance motor give maximum air delivery while working off the electrical system. Fan blade and shroud are constructed of glass-filled nylon for strength and durability; includes mounting hardware as well as easy-to-follow instructions.

Fan Mounting Bracket Kit is recommended for optimum mounting strength and performance on all electric cooling fans.

#38-4894 Adjustable Thermostat, sold separately, operates fan only when needed. Adjustable Thermostat is adjustable from 150°-240°F.

Quick Re-Installation Kit contains everything needed to reinstall cooling fan if removed.

Heater Hose Fittings, Carburetor Stud Kits and Pipe Plugs

These often overlooked items are always a good idea to have on hand when working on intake, carburetors, engine plumbing or vacuum accessories.

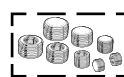

High-quality **Aluminum Heater Hose Fittings** are available in clear or black anodized finish with straight or 90 degree bends. The threaded NPT (National Pipe Thread) fitting ensures a leak-free seal and the single-barbed outlet allows proper hose connection.

Air Conditioning Systems

1973-91 Chevy Blazer, Suburban
1973-91 GMC Jimmy, Suburban
Models with Front Air Only

LWP - Long Water Pump
SWP - Short Water Pump

Increase the cool factor of your truck by installing an A/C System. Kits with compressor are designed for use with small block Chevrolet engines. Order the corresponding compressor mounting bracket and engine pulleys based on water pump length and desired compressor mounting location. Kits supplied without compressor are ideal for vehicles that have swapped engines and/or already have installed an A/C compressor as part of the engine's accessory drive system. All systems are designed for use with R134A refrigerant.

These are complete A/C, heat and defrost systems that are controlled by a custom electronic slide control that fits into the factory dash opening. The evaporator unit is interior mounted under the dash and installs to the firewall. Custom metal block-off plates for the underhood side of the firewall eliminate the bulky original evaporator/heater box

32-0561

and provide a clean, smooth appearance. A/C and heater fittings pass through the mounting plates with a custom rubber grommet. Condenser assembly attaches to the original mounting locations in the core support. Receiver drier is mounted to the front of condenser with custom tubes designed to fit neatly through the core support to allow for clean, simple hose routing. Step-by-step, fully detailed illustrated instructions included.

Kits for non-A/C cabs include dash vents, dash vent panel and templates for cutting existing instrument bezel and glove box. Kits for factory A/C cabs include duct/vent adaptors to work with existing dash vents.

Brackets and Pulleys

When adding A/C to Chevrolet small block V8 engines with v-belts a 2 groove water pump pulley and a 2 groove crankshaft pulley will be required. Models with power steering will require a 3 groove crankshaft pulley.

32-0858

Front Air Conditioning System W/Front Air Only

1973-84 Chevy Blazer, Suburban

1973-84 GMC Jimmy, Suburban

A/C Hose Assemblies may vary in appearance from illustration depending on your Suburban's model.

Blower Motor/Fan Note: Replacement blower motors and fans are "Bolt-on" type; the fan is attached to the motor shaft with a nut. Many of the original GM fans and motors were a "Press-on" type and cannot be used with "Bolt-on" fans and motors; both the motor and fan must be replaced if your original configuration was "Press-on". (All replacement motor shafts are 5/16" diameter.)

AT = Automatic Transmission
W/AC = With Air Conditioning
W/O AC = Without Air Conditioning

Core Refund Information - A/C Compressor: A rebuildable core will have no broken or stripped mountings, no damaged port threads, cracked, frozen or rusted housings. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

Note: "E" Fan is 2-5/8" high.
 "F" Fan is 3-5/8" high.
 "G" Fan is "press-on" type.

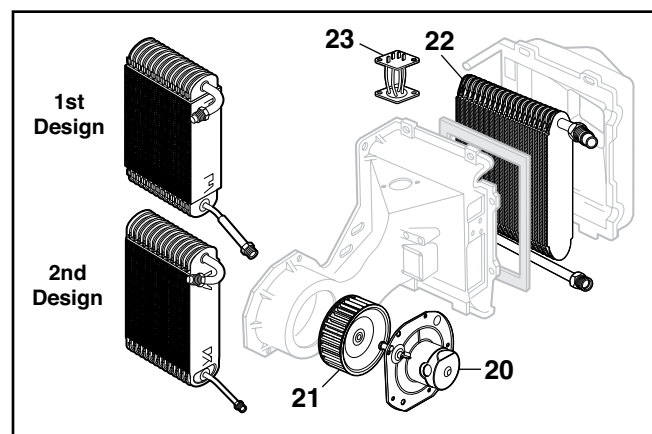

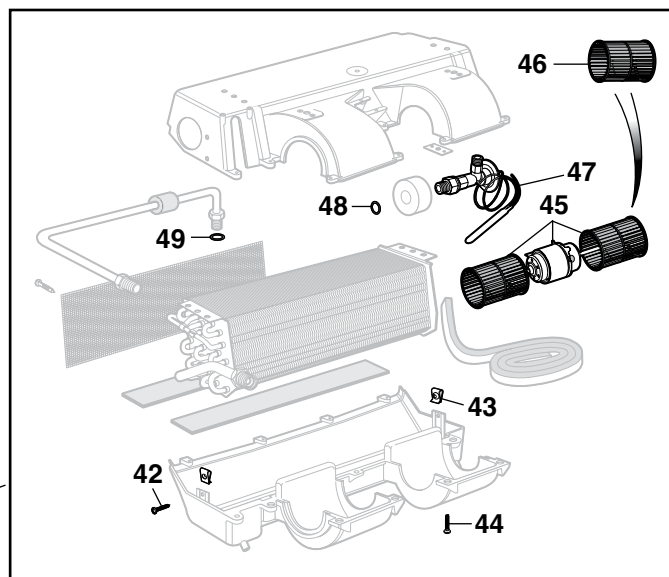

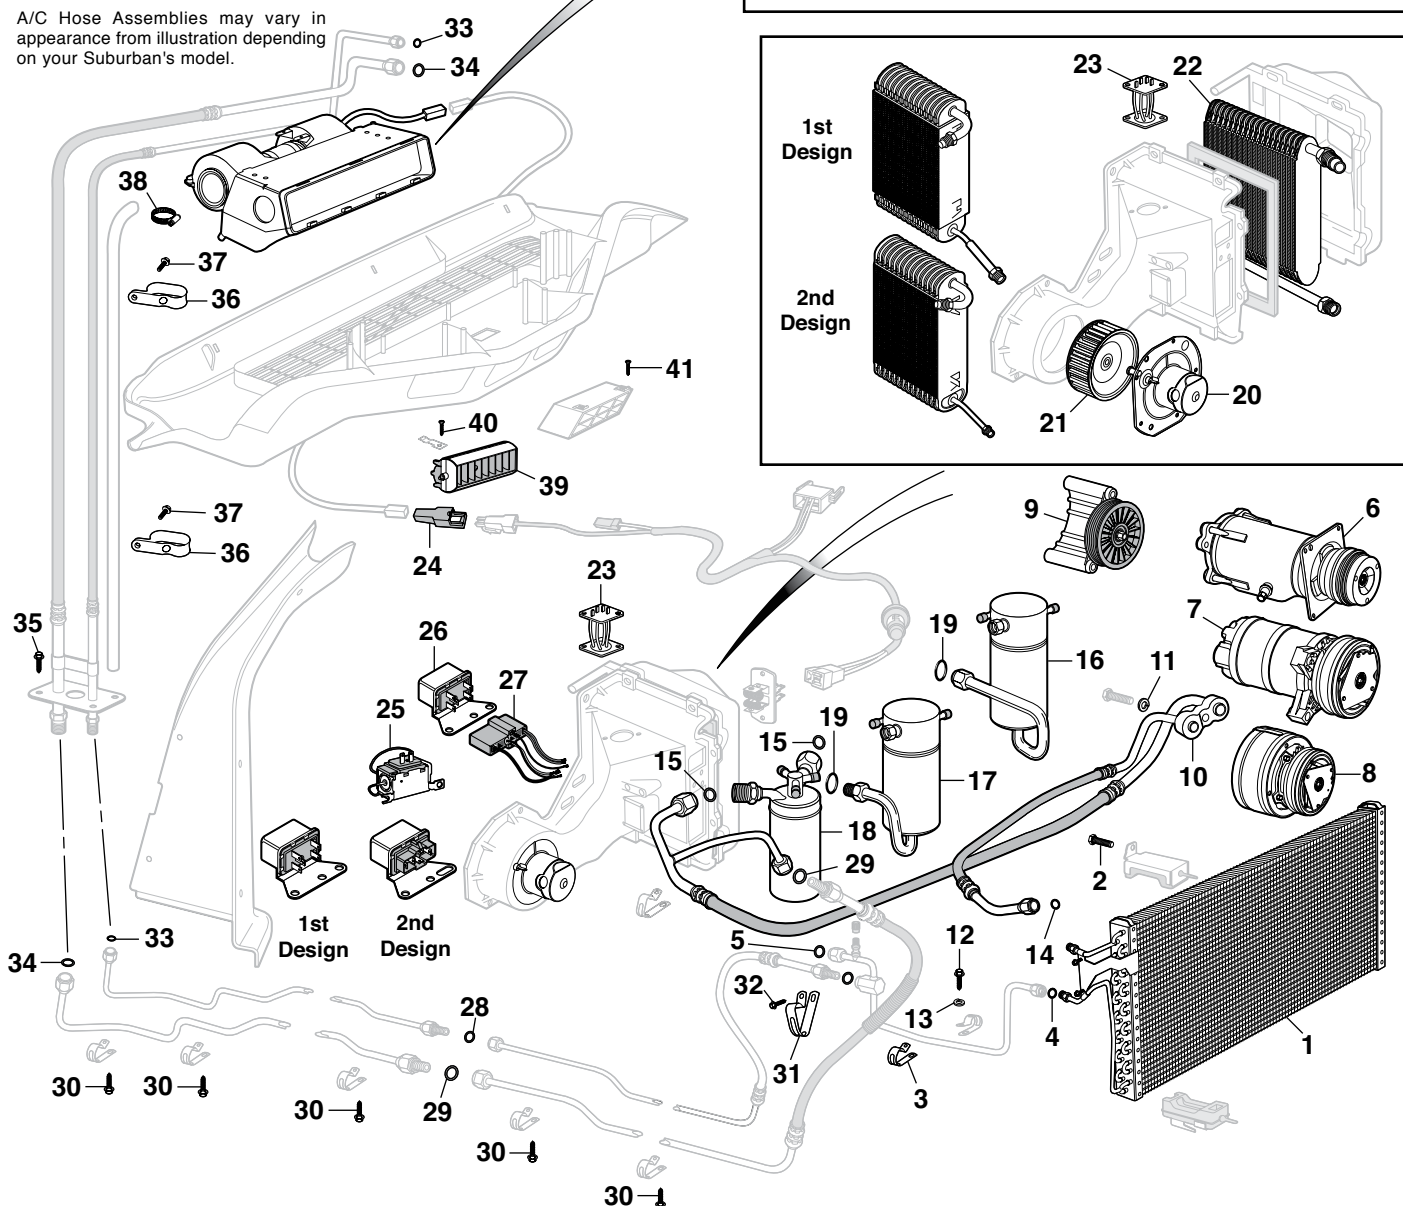

Rear Air Conditioning System w/Rear Air

1973-91 Chevy & GMC Suburban

Illustration #20 and #21 Blower Motor/Fan Note: Replacement blower motors and fans are "Bolt-on" type; the fan is attached to the motor shaft with a nut. Many of the original GM fans and motors were a "Press-on" type and cannot be used with "Bolt-on" fans and motors; both the motor and fan must be replaced if your original configuration was "Press-on". (All replacement motor shafts are 5/16" diameter.)

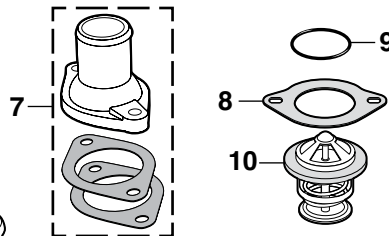

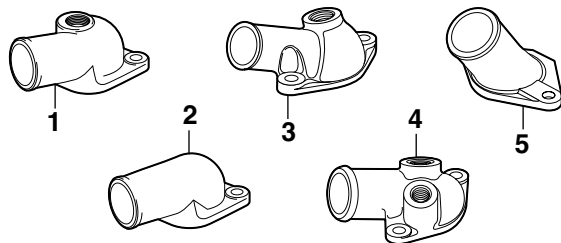

A/C Hose Assemblies may vary in appearance from illustration depending on your Suburban's model.

HEI Conversion Kit ... When It's Better to Be Pointless

HEI Conversion Kit converts a mechanical breaker point ignition system into an electronic ignition for improved performance and reliability. Kit includes a new performance HEI distributor that fits small and big block Chevy engines, a high performance ignition wire set, an HEI powerlead and an ignition wire crimp tool. The higher voltage output of an HEI distributor allows larger spark plug gaps for added power, smoother throttle response and better fuel economy. Just locate a 12V power source, make the wiring connection to the included HEI powerlead with OE style connector and then plug in to the cap. The distributor is ready to install and comes complete with heavy-duty cap and rotor with brass terminals; 4 terminal ignition module and a 50,000 volt coil; low resistance, high performance 8mm black silicone ignition wire set with pre-terminated spark plug boots; all necessary distributor end terminals, boots and detailed instructions; and 1 wire hookup to ensure easy installation.

Due to varying exhaust manifold and header styles, ignition wire sets must be cut to length and the distributor end terminals must be crimped with the included ignition wire crimp tool. Choose your application based on the spark plug boot configuration (straight, 45° or 90°) that will work best for your truck. Call or go online and order yours today!

12-Volt Accessory Power Outlet Kit

Accessory Power Outlet Kit powers any 12-volt accessory. Mounts easily under the dash with the included mounting bracket or installs into any 1-1/8" hole. Kit includes power outlet, cap and mounting hardware.

PART	DESCRIPTION	PRICE
36-3588	ACCESSORY POWER OUTLET-12V	\$9.95

High Performance Spark Plug Wire Set

36-2871-BL

Upgrade current spark plug wires to these low resistance, high performance 8mm silicone wire sets with eight pre-terminated spark plug boots. Due to varying exhaust manifold and header styles, ignition wires must be cut to length and terminals must be crimped with an ignition wire crimp tool; sold separately. Choose the application based on the spark plug boot configuration (straight, 45° or 90°) that will work best for your truck. Distributor end terminals, boots and detailed instructions are included. Call or go online and order yours today!

Electronic Musical Horn Plays 46 Sounds

Electronic Musical Horn plugs into a cigarette lighter or power point to play sound three times and stop automatically or can be used as a loudspeaker with included microphone. Auxiliary input allows you to play music from your MP3 player or iPod. Command module is 7" wide by 3" high and mounts using included adhesive backed hook and loop patches. No drilling is required.

Adjustable rotary on/off volume control allows for easy sound level control, five bright LED lights on control module instantly indicate system mode and a 4" diameter weatherproof horn mounts under the hood. For 12 volt negative ground systems.

3 Modes ... Animal, Alarm or Music ... 46 Different Sounds

Ground Straps

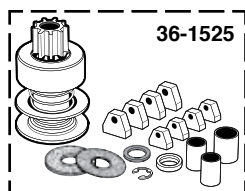

Many electrical problems can be traced to poor engine and body ground. Protect yourself from these problems by installing a ground strap between the engine and frame of your

truck, this will ensure you have a proper ground for your coil, spark plugs and computer control module. For complete protection, add a ground strap from the frame to the body. Straps are made of tin coated stranded copper braid for durability and are simple to install.

Heated Windshield Washer Kit

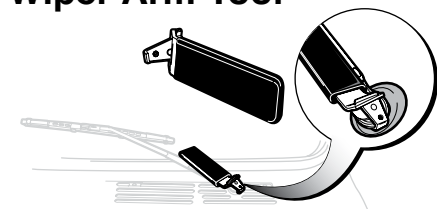

Heat your washer fluid to a temperature of 125-135°F for quick, effortless removal of frost, snow and ice this winter. Provides improved visibility for all driving conditions, while extending the service life of your

windshield wipers by minimizing unnecessary wear. Ensures clog-free wiper spray nozzles for consistent spray pattern. Can also be used year-round to remove bird droppings, bugs, grime, road film and streaks.

Installs inline between windshield washer reservoir and spray nozzles. Connects directly to your battery with the included ground cable and fused power cable. Order yours today and see what a difference the Heated Windshield Washer Kit can make! Kit includes mounting bracket, hardware and instructions.

36-2600

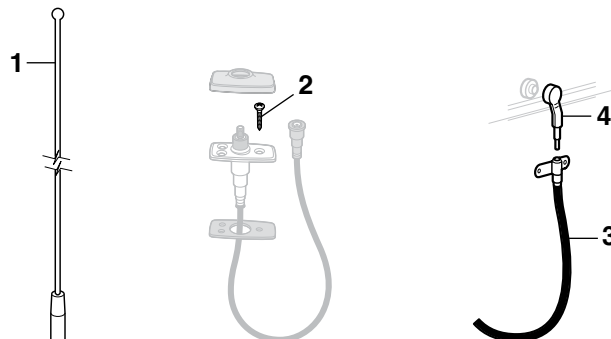

Unique black flexible braided construction features a 25% edge overlap that will allow for the sharpest of bends without distorting or splitting open. Lateral split design of the flex loom allows for easy installation of multiple wires. Self-wrapping feature ensures the flex loom will return to

its original size and shape without the need to use fasteners or tape. Protect your vehicle's wiring, cables, hoses and tubing from unnecessary wear while adding a clean look. Available in three sizes: 1/4", 1/2" or 3/4" diameter.

PART	DESCRIPTION	PRICE
36-2600	FLEX LOOM 20' L X 1/4" DIA	\$19.95
36-2601	FLEX LOOM 10' L X 1/2" DIA	\$19.95
36-2604	FLEX LOOM 8' L X 3/4" DIA	\$19.95

38-1152

38-1154

Universal Stainless Steel Mast Antennas: #38-1152 is a top mount, four-section antenna that extends 32" and is fully collapsible for convenience and security. Protective plastic tube requires 9" of clearance below mounting surface. Includes a key for raising the mast when retracted.

#38-1154 is a three-section antenna that extends 47" and collapses to 18". Can be used on top or side mount locations with the 180° adjustable base.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-1152	STAINLESS MAST ANTENNA	4 SECTION	(1)	\$12.95
38-1154	STAINLESS MAST ANTENNA	3 SECTION	(1)	\$9.95

36-2597

Wire Loom Installation Tool makes feeding wires into split wire looms a snap. Insert the wiring into the channel of the tool, rotate the handle to lock wiring in place and insert the loom separator into the split loom. Gently pull the tool through the loom while holding onto the wires. Available in three convenient sizes.

PART	DESCRIPTION	PRICE
36-2597	LOOM TOOL 1/4"	\$8.95
36-2598	LOOM TOOL 1/2"	\$8.95
36-2599	LOOM TOOL 3/4"	\$8.95

Universal Wiring Harness ... Finish the Job Right the First Time

Universal Wiring Harness is a comprehensive approach to rewiring your truck's electrical system. Factory assembled harness features a prewired fuse block with modern blade-type fuses and built-in additional circuits. Wiring Harnesses are available in 13 circuit and 20 circuit assemblies.

Highest quality terminals and color coded and labeled GXL/XLPE wire (cross-linked polyethylene, -60°F to 275°F abrasion resistant) are used. Includes conventional, GM SI internal regulated and 1-wire alternator leads; HEI distributor wiring; GM column mounted ignition switch connectors; headlight and floor mounted dimmer switches. Terminals are provided to make adapting to any aftermarket steering column easier. Standard features include starter wiring, tachometer lead, single headlight plugs, third brake light, horn relay, turn signal and 4-way hazard flashers, fuses, terminal ends and wire ties. Easy-to-follow instructions and schematics are included.

36-3662

Wiring Harness is designed for single headlight systems only. Can be adapted for use on dual headlight models with additional wire and original sockets.

Harness will not work with an ammeter gauge. Does not include resistance wire for points ignition systems. For use on carbureted models only.

13 Circuit Wiring Harness includes two accessory, air conditioning/heat, brake/courtesy lights, CB radio, cooling fan, gauges/instruments, hazard, headlights, parklights, radio, turn signal and wiper.

14 Circuit Fuse Center Connects to Your Existing Wiring

14 circuit pre-wired fuse block can be connected to existing vehicle wiring or used as a starting point for custom wiring. Factory assembled and completely terminated fuse block includes wiring provisions for starting, air conditioning/heat, brake lights, coil (anti-theft feature), dome light, electric fan, emergency flasher, gauges/dash instruments, headlights, horn, radio (ignition hot), turn signals, wipers and alternator.

Features include blade-type fuses, flasher, horn relay, large selection of terminal ends and anti-theft feature to deter theft. Measures just 4-1/2" x 5". Includes easy-to-follow instructions. Call or go online and order yours today.

PART	DESCRIPTION	PRICE
36-3609	14 CIRCUIT FUSE CENTER	\$199.95

Wiring/Tubing Grommet Assortment

This 10-piece assortment of high-quality black rubber grommets protects wires and tubing from chafing when passed through sheet metal holes. Assortment contains: one each of 1/8", 3/8", 1/2", 5/8" I.D. and two each of 3/16", 1/4" and 5/16" I.D. grommets.

Underhood Lamp Kit

36-4502

Underhood Lamp Kit adapts to any 12 volt truck and helps illuminate the engine bay. Necessary installation hardware is included. No need for wiring to a switch, bulb socket base is gravity activated; lamp comes on when hood is raised and goes out when lowered. Mount underneath hood and connect lamp wire to any constant hot vehicle wire. Moisture proof in-line fuse is integrated into wire for protection.

Installation Tip: Since all hoods and mounting locations are different, a slight adjustment to mounting bracket may be needed to assure light goes out when hood is closed. After mounting bracket and wires have been installed, apply pressure to the mounting bracket to change the angle as needed.

Custom Light Bulbs

Halogen Blue-Coated Headlight Bulbs

Halogen Bulb Tech Tip: Always handle halogen bulbs by the plastic base to prevent contaminants on the glass from shortening the life of the bulb.

Replace the white halogen bulbs with a halogen blue-coated bulb. Blue-coated bulb creates an intense white light, giving the cool look of HID (high intensity discharge) lighting without the high price; call or go online and order yours today!

LED Bulbs

36-0362

36-0371

36-0209

36-0368

36-0367

36-0205

LED bulbs have no filament, making them less sensitive to vibrations, and illuminate 140 times faster while lasting up to 20,000 hours, much longer than conventional incandescent bulbs. They emit less heat and use only 15% of the energy required by incandescent bulbs, reducing the load placed on a vehicle's electrical system.

Superwhite Bulb Set Produces 30% More Light

Superwhite headlight bulbs produce 30% more light while retaining the street legal wattage. Superwhite bulbs use a proprietary mixture of premium gases that includes Xenon, which cools the light filament, improving the efficiency and light output of the bulb, unlike standard halogen bulbs which use less efficient argon gas.

Superwhite bulbs operate in the Kelvin color temperature range of 4000-4200K, producing a brighter, white light. Traditional halogen bulbs operate at 2600-3000K, emitting a more yellowish appearance. Sold in sets of two. Call or go online and order yours today!

Electronic Flasher ... For LED Lights

An Electronic Flasher is recommended when upgrading to LED bulbs or light assemblies. Due to the lower current draw of LED lighting, the factory flasher may cause inconsistent flash rates, no flash or indicate that a bulb is out.

PART	DESCRIPTION	PRICE
36-0356	ELECTRONIC FLASHER	\$11.95

1973-91 Custom Headlights ... Brighter Light for Greater Distance

These OE-quality headlights feature an aluminum die-cast housing with a protective finish coating, making the housing corrosion free. Maximum light output is produced by brighter light focused on the road for a greater distance.

The strong, semi-hardened, crystal clear glass lens does not diffuse the light like traditional headlight lenses. A high-efficiency white halogen 12V 60/55 watt replaceable bulb is included. DOT and SAE approved.

Driving Light Set

38-1274

Driving lights provide a longer, more focused beam pattern for improved long-range vision. Features include reinforced steel housing with black finish and adjustable chrome mounting bracket with 10mm mounting stud; and state-of-the-art reflector which gives maximum light output from a 4-1/2" diameter light. Lights are complete with illuminated push button switch, 12-volt relay, all necessary wiring, mounting hardware, protective lens covers and high efficiency halogen 12V 55W replaceable bulbs.

For added style, replace the white halogen bulb with a halogen blue-coated bulb. The blue-coated bulb creates an intense white light which gives the cool look of HID (high intensity discharge) lighting without the high price.

LED Tail Light Conversion Kit

Enjoy the benefits and intensity of LED tail lights while retaining the original look of your Classic Truck. This LED high-tech conversion kit bolts right into the stock tail light housing and adds safety and brightness while using only 15% of the energy required by incandescent bulbs. Benefits include: 100 degree viewing angle, no filament to burn out and LEDs which illuminate 140 times faster than conventional incandescent bulbs. Converts the tail, stop and turn signals into very bright and visible LEDs.

Kit includes: 4 LED arrays (two per side) with 28 high-intensity LEDs per side, solderless connectors, LED-to-truck electrical harness, stainless steel brackets and installation instructions.

For maximum lighting intensity, replace your aged, weathered lenses with new lenses.

Collector's Guide

GMC Light-Duty Trucks: By James K. Wagner. Book takes an in-depth look at the distinctions between GMC models and significant technical features over the last 100 years. It details the expansion of models prior to World War II, GMC's contributions to the military effort, and the major postwar styling and functional redesigns between 1947-55. Highlights breakthrough engineering efforts with the V-6 engine program that set GMC apart from other brands and summarizes the past 30 years of the GMC brand describing the diversity of models including compact pickups, vans and sport utility vehicles. Softbound, 128 pages, 130 b&w illustrations.

What You Need to Know Before Ordering:

We are excited that you've decided to make us a part of your journey! Whether you are rebuilding from the ground up or just adding some distinctive touches to your vehicle, we are proud to give you a hand.

In addition, we'd love to see what you've been up to with your projects, so please log on to lmtrucklife.com and share your stories and pictures.

Understand that we are not trained automotive technicians. We want you to consult with mechanics regarding technical advice. Technical information is also included in the workshop manuals shown in this catalog. Please take the time to consult these resources if you feel you need to.

On those occasions that we've run out of a part on your order, chances are that it's already on its way to us. These items are listed as backordered on your invoice and will be sent your way as soon as possible. If you're not interested in waiting for your backordered product, just call our customer service line at (800) 222-5664, and we will cancel it and refund any money that has been paid.

You can also write "No Backorders" on your order form before you send it to us, and we'll make sure only to ship the products we currently have in stock.

Some parts have extra charges. Please consult below to make sure you understand these charges and so you aren't surprised later.

Part Number Definitions

- T -** After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of 48 states will be quoted. Due to packing and/or transportation requirements, please allow additional time for delivery.
- *** - After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.
- Z -** After a part number means Remanufactured Part. Core charge will be applied then refunded after receipt of a rebuildable core.
- R -** After a part number means Remanufactured Part. No core charge.

And one more thing, the part our lawyers make us say: We reserve the right to refuse service or shipment to anyone. We reserve the right to collect a service charge of \$20 for a returned check and to hold any shipments until the fee is collected.

Thank you for your support. Best of luck with all your projects!

What You Need to Know Before Returning:

If only we lived in a perfect world! Unfortunately, we don't, and things can go wrong. When that happens, we do our best to try to make things right again. But we need your help as well.

All returns must be in like new condition and in the original packaging. Please include a copy of your invoice, as that will make the process quick and easy.

We refund your payment the same way you paid. Refunds of less than \$1 will not be made except by customer request.

We can't be responsible for damages, so please package your returned items carefully.

If you can ship the item back to us ground or USPS within the 48 contiguous United States, you don't need to call for authorization. Just send it to us at:

15450 W. 108th St. Lenexa, KS 66219

If we shipped you the wrong item, send it back, and we'll send the right item and reimburse you the ground rate for your return.

We can't accept anything that has been installed (unsuccessful attempts do count), disassembled, drilled, welded, cut, painted, or modified in any way, so please make sure to check and doublecheck the fit before starting any work.

If you are returning a kit, it needs to contain all the parts you received. No partial kits may be returned.

Electronic media (CDs, DVDs) cannot be refunded once they are opened. However, if it is not working properly, it can be exchanged for the same part number.

Please call our customer service line for a return authorization if your part was delivered outside of the 48 contiguous United States.

If you want to return something you bought over a year ago, please call our customer service line for return authorization.

You must call Customer Service when returning a Truck Freight item.

Customer Service Line: (800) 222-5664

¿Habla Español? (855) 456-2288

A 20% non-refundable restocking fee will be added to anything that's over a year old (unless the extended manufacturer warranty is still in effect, of course) as well as to any unauthorized Truck Freight returns.

And the legal part again: We have the right to refuse any return we deem unfit for resale. We also have the right to refuse any shipments where the shipping charges, duties, customs, etc., are not prepaid.

**California Prop 65 Warning**

WARNING: This product can expose you to chemicals including lead, which is known to the State of California to cause cancer. For more information, go to www.p65warnings.ca.gov.

- Orders must be pre-paid. Orders received before 3:00 p.m. Central Time will ship same day.
- Gift Cards can now be redeemed through the mail or by phone.

What You Need to Know About Shipping within the 48 Contiguous States

We do our best to keep our shipping charges as low as we can. However, some items we carry need some extra space or special handling, so these may require extra charges to ensure they get to you in the most reliable, safest way. Please check your shipment as soon as you can to make certain that everything is accounted for and nothing is damaged. We do everything in our power to ensure your product arrives undamaged.

Shipping charges are based on the "Parts Total" on your order. This chart shows the basic charges for Ground, 2nd Day Air (for delivery the second business day after the order is placed), and Next Day Air (for delivery the next business day) for shipments to the contiguous 48 states. Exceptions are listed below. Limitations may apply.

New Shipping Prices

350.01 to 500.00	37.25	83.25	125.75
500 to 999.99	40.75	Quote	Quote
1000.00 and Up	Free Ground ▼ Free Truck Freight ▼	Quote	Quote

If you are ordering Oversized Parts (indicated with a * throughout this catalog), or if you are placing an extra large order, please allow for extra packing and delivery time.

In order to qualify for the free Ground shipping or free Truck Freight, your entire \$1000+ order must be placed at one time. We may have to split your shipment, but we will pick up the shipping charges.

If you want delivery by 2nd Day or Next Day Air, your order must be in by 3 p.m. Central Time, Monday through Friday. This service is available only within the 48 contiguous states and not allowed to P.O. boxes or APO/FPO addresses. There are some limitations on what we can ship by air, based either on size of the products or the items themselves (ORM, Other Regulated Material, such as adhesives are not allowed on air shipments, for example). Oversize Parts (*) are not available for air delivery. Delivery can't be guaranteed on holidays. Backorders will be shipped ground when those products arrive at our warehouse unless other arrangements are made.

Truck Freight and Oversized Parts are not available for Saturday delivery.

Customer Service Line: (800) 222-5664
¿Habla Español? (855) 456-2288

If you are shipping within Kansas, you will be charged state and local taxes. This also applies if you pick up your order in person at the City Counter, unless you have a Kansas State Resale Exemption form on file with us.

What You Need to Know About Shipping to APO and FPO Addresses

We are thrilled to be able to ship to those who are serving our country; however, there are some limitations on these shipments. We are unable to ship Truck Freight items to you at this time. All orders will be shipped complete, via Insured Priority Mail through the USPS. Size limitations will apply. Please make sure before you place your order that what you are ordering will be accepted and is deliverable to you in your location.

What You Need to Know About Shipping USPS Priority Mail to Alaska, Hawaii and the U.S. Territories

This chart shows shipping charges on orders up to \$500 that qualify to ship USPS Priority Mail. Parts must be 108 inches or less and weigh 70 pounds or less to qualify for USPS Priority Mail. If any part does not meet these qualifications, your order will be delivered by ground for additional charges.

Order Parts Total	USPS Priority Mail Alaska, Hawaii & U.S. Territories
Up to \$20.00	\$ 19.95
\$20.01 to 50.00	25.95
50.01 to 75.00	36.95
75.01 to 100.00	41.95
100.01 to 150.00	45.95
150.01 to 250.00	54.95
250.01 to 350.00	65.95
350.01 to 500.00	71.95
500.01 and Up	Quote ♦

All orders will ship complete. Any additional delivery charges will be added to your total as needed, including Oversize Part charges or overweight charges. ♦ You will be contacted with charges.

We will need a daytime phone number with your order. If there is a problem with your order, we will attempt to contact you three times. If we are unsuccessful, your order will be cancelled 5 days after that third failed attempt.

What You Need to Know About Shipping to Canada

Your orders will be shipped ground "Door to Door," which includes brokerage, duty and tax. Charges will be based on the value of your shipment. Document and preparation fees are included. Please call our customer service line for assistance.

What You Need to Know About Shipping Internationally

All international orders ship complete. Shipping charges must be prepaid in U.S. funds. Brokerage, duties, taxes, and fees associated with the order are paid by the customer. We do not accept personal checks on international orders.

What You Need to Know When Shipping Problems Occur

Please open your package(s) as soon as possible and make certain that everything is accounted for and nothing was damaged in shipment. Damaged shipments are the responsibility of the carrier and must be reported to the carrier within 15 days of receipt.

If the package looks damaged when it arrives, open it with the delivery person present, so that they can make an immediate report of damages and discrepancies. If the damage is not obvious at the time of delivery, or if the package was left for you by the shipping company, contact their customer service as soon as possible to make your claim.

On Truck Freight shipments, it is your responsibility to check your order and have the driver note any damage on the freight bill before you sign for your item(s).

Please keep all packing, packaging and contents until your claim has been settled with the shipping company.

What You Need to Know About Shipping a Rebuildable Core Part

Without the constant inflow of rebuildable cores, items can become discontinued and unavailable.

Some items carry a Core Charge which can be reimbursed by your sending in a core that can be rebuilt into a usable part for someone else. These items are marked throughout the catalog with a -Z in the part number. In order to get your Core Charge refund, the part you send in must be clean, complete and rebuildable according to the standards set on that item's catalog page.

Please send us the core part back with a copy of your invoice. If your core is acceptable, we will refund your money in the same way that you paid the Core Charge plus any shipping charges. To be reimbursed for your core return shipping charges, please include a copy of your shipping receipt.

New Rules for Out-Of-State Sales Taxes

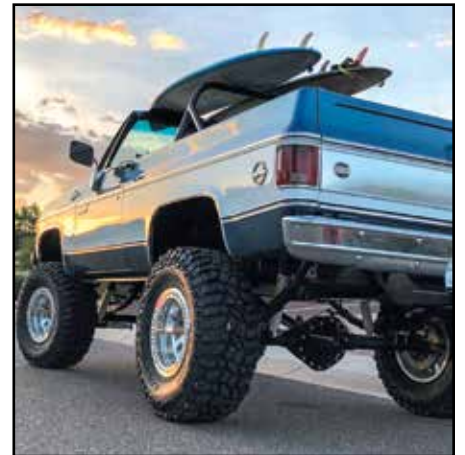

On June 21, 2018, the United States Supreme Court fundamentally changed the rules for collection of sales tax on out-of-state transactions. In its decision the Court effectively stated that individual states can require online sellers to collect state sales tax on their transactions. Many states already have, and more will continue to, impose sales tax collection on companies.

Based on this ruling we will be collecting taxes if you reside in a state that requires us to do so.

If you are planning on sending an order by mail, please be sure to check your State and Local Sales Tax rates.

Teaching Kids The Right Way

Garrett Mathein and His 1974 Chevy Blazer

I have been a huge squarebody fan since I was a kid working on my dad's many Blazers. As an adult, the lessons I learned working on cars and trucks have benefited me in so many ways. I wanted to pass along that same love of "wrenching" to my son, as I feel that this gives kids an advantage in life, developing at a young age the know-how to work on things. My son quickly developed a love for "garage time," the many evenings spent working on our daily drivers, as well as other friends' and family member's cars. We decided to start a new project shortly after I sold my '78 GMC Jimmy to scrape up the funds to buy a house.

While selling my Jimmy was sad, I looked at it as the opportunity to start a new father-son project. We found a 1974 K5 that had been sitting in a field for over 20 years. While it was in bad shape, it was the first that was 100% complete and had a clean title from the original owner. We began the teardown and sadly found a lot of hidden rust, and a few rats, lol yes, rats! We found a '78 donor truck for parts and the build was back on track. With much welding and hammering, grinding and sanding, we had a perfect body. We then pillaged a 1980 3/4 ton Suburban for 3/4 ton axles and an '80s model military truck for trans and transfer case.

My son Landon and I really wanted to say we "did it all." So we found old fenders and began practicing painting with base coat clear coat paints. Not too shabby for an 8-year-old and a first-time painter dad. Looking back on the build, over the 2 years it took buying and selling parts to work out the cash to keep buying more parts, it's a sense of pride to drive up to a show or parking lot and hear people say, "Nice truck," and watching my now 9-year-old smile and say, "My dad and I built that." I hope it's a lasting impression on him the way it was for me with my father. Thanks for the years of parts, LMC.
